Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.

A person with standing may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates shall be final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

~~[11-]~~ **12.** The board of trustees shall make a finding based on information supplied by the qualified company that revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

285.1045. 1. There is hereby created in the state treasury the "Missouri Workplace Retirement Savings Administrative Fund", which shall consist of moneys collected under this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. Subject to appropriation, moneys in the fund shall be distributed by the state treasurer solely for the administration of sections 285.1000 to 285.1055.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

6. To enable or facilitate the start-up and continuing operation, maintenance, administration, and management of the program until the plan accumulates sufficient balances and can generate sufficient funding through fees assessed on program accounts for the plan to become financially self-sustaining:

(1) The board may borrow from the state of Missouri; any unit of federal, state, or local government; or any other person, firm, partnership, corporation, or other entity working capital funds and other funds as may be necessary for this purpose, provided that such funds are borrowed in the name of the plan and board only and that any such borrowings shall be payable solely from the revenues of the plan; and

(2) The board may enter into long-term procurement contracts with one or more financial providers that provide a fee structure that would assist the plan in avoiding or minimizing the need to borrow or to rely upon general assets of the state.

7. Subject to appropriation, the state of Missouri may pay administrative costs associated with the creation, maintenance, operation, and management of the plan and trust until sufficient assets are available in the administrative fund for that purpose. Thereafter, all administrative costs of the administrative fund, including any repayment of start-up funds provided by the state of Missouri, shall be repaid only out of moneys on deposit therein. However, private funds or federal funding received in order to implement the program until the administrative fund is self-sustaining shall not be repaid unless those funds were offered contingent upon the promise of such repayment.

361.106. 1. As used in this section, the following terms mean:

(1) "Bulletin", an informal written communication to inform or educate individuals or entities licensed, chartered, or regulated by the division of finance and the general public about a regulatory topic or issue. A "bulletin" is informational in nature and is not an evaluation of specific facts and circumstances;

(2) "Industry letter", a written communication from the director of finance in response to a specific individual or entity chartered, licensed, or regulated by the division of finance that provides the position of the division of finance on a particular regulatory topic or issue with respect to a specific set of facts and circumstances.

2. Notwithstanding any law to the contrary, the director of finance may at his or her discretion issue bulletins addressing the business of the individuals and entities licensed, chartered, or regulated by the division in this state. Bulletins shall not have the force or effect of law and shall not be considered statements of general applicability that would require promulgation by rule.

3. Notwithstanding any law to the contrary, the director of finance may at his or her discretion issue industry letters in response to a written request from an individual or entity licensed, chartered, or regulated by the division that seeks the position of the division of finance on the application of law. 5. An industry letter request and response shall be confidential, but the director may publish an industry letter with nonidentifying facts and information from the request.

6. After redacting all identifying information, the director may publish industry letters for informational purposes. Because the division may have a different position in response to similar but nonidentical facts and circumstances, published industry letters shall not have the force or effect of law, shall not be binding on the division, and shall not be considered statements of general applicability that would require promulgation by rule.

7. Industry letters issued under this section are distinct from letters issued by the director under subsection 5 of section 362.106, and this section shall not apply to section 362.106.

347.186. 1. An operating agreement may establish or provide for the establishment of a designated series of members, managers, or limited liability company interests having separate rights, powers, or duties with respect to specified property or obligations of the limited liability company or profits and losses associated with specified property or obligations. To the extent provided in the operating agreement, any such series may have a separate business purpose or investment objective.

2. (1) Notwithstanding any other provisions of law to the contrary, the debts, liabilities, and obligations incurred, contracted for, or otherwise existing with respect to a particular series shall be enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof. Such particular series shall be deemed to have possession, custody, and control only of the books, records, information, and documentation related to such series and not of the books, records, information, and documentation related to the limited liability company as a whole or any other series thereof if all of the following apply:

(a) The operating agreement creates one or more series;
 (b) Separate and distinct records are maintained for or on behalf of any such series;
 (c) The assets associated with any such series, whether held directly or indirectly, including through a nominee or otherwise, are accounted for separately from the other assets of the limited liability company or of any other series;

(d) The operating agreement provides for the limitations on liabilities of a series described in this subdivision;

(e) Notice of the limitation on liabilities of a series described in this subdivision is included in the limited liability company's articles of organization; and

(f) The limited liability company has filed articles of organization that separately identify each series which is to have limited liability under this section.

(2) With respect to a particular series, unless otherwise provided in the operating agreement, none of the debts, liabilities, obligations, and expenses incurred, contracted for or otherwise existing with respect to a limited liability company generally, or any other series thereof, shall be enforceable against the assets of such series, subject to the provisions of subdivision (1) of this subsection.

(3) Compliance with paragraphs (e) and (f) of subdivision (1) of this subsection shall constitute notice of such limitation of liability of a series.

(4) A series with limited liability shall be treated as a separate entity to the extent set forth in the articles of organization. Each series with limited liability may, in its own name, contract, hold title to assets, grant security interests, sue and be sued, and otherwise conduct business and exercise the powers of a limited liability company under this chapter. The limited liability company and any of its series may elect to consolidate its operations as a single taxpayer to the extent permitted under applicable law, elect to work cooperatively, elect to contract jointly, or elect to be treated as a single business for the purposes of qualification or authorization to do business in this or any other state. Such elections shall not affect the limitation of liability set forth in this section except to the extent that the series have specifically accepted joint liability by contract.

3. Except in the case of a foreign limited liability company that has adopted a name that is not the name under which it is registered in its jurisdiction of organization, as permitted under sections 347.153 and 347.157, the name of the series with limited liability is required to contain the entire name of the limited liability company and be distinguishable from the names of the other series set forth in the articles of organization. In the case of a foreign limited liability company that has adopted a name that is not the name under which it is registered in its jurisdiction of organization, as permitted under sections 347.153 and 347.157, the name of the series with limited liability must contain the entire name under which the foreign limited liability company has been admitted to transact business in this state.

4. (1) (a) Upon filing of articles of organization setting forth the name of each series with limited liability, in compliance with section 347.037 or amendments under section 347.041, the series' existence shall begin.

(b) Each copy of the articles of organization stamped "Filed" and marked with the filing date shall be conclusive evidence that all required conditions have been met and that the series has been or shall be legally organized and formed under this section and is notice for all purposes of all other facts required to be set forth therein.

(c) The name of a series with limited liability under this section may be changed by filing articles of amendment with the secretary of state pursuant to section 347.041, identifying the series whose name is being changed and the new name of such series. If not the same as the limited liability company, the names of the members of a member-managed series or of the managers of a manager-managed series may be changed by an amendment to the articles of organization with the secretary of state.

(d) A series with limited liability under this section may be dissolved by filing with the secretary of state articles of amendment pursuant to section 347.041 identifying the series being dissolved or by the dissolution of the limited liability company as provided in section 347.045. Except to the extent otherwise provided in the operating agreement, a series may be dissolved and its affairs wound up without causing the dissolution of the limited liability company. The dissolution of a series established in accordance with subsection 2 of this section shall not affect the limitation on liabilities of such series provided by subsection 2 of this section. A series is terminated and its affairs shall be wound up upon the dissolution of the limited liability company under section 347.045.

(e) Articles of organization, amendment, or termination described under this subdivision may be executed by the limited liability company or any manager, person, or entity designated in the operating agreement for the limited liability company.

(f) Notwithstanding paragraph (d) of this subdivision, the maximum number of designated series that may be effected by any one filing shall be limited to fifty.

(2) If different from the limited liability company, the articles of organization shall list the names of the members for each series if the series is member-managed or the names of the managers if the series is manager-managed.

(3) A series of a limited liability company shall be deemed to be in good standing as long as the limited liability company is in good standing.

(4) The registered agent and registered office for the limited liability company appointed under section 347.033 shall serve as the agent and office for service of process for each series in this state.

5. (1) An operating agreement may provide for classes or groups of members or managers associated with a series having such relative rights, powers, and duties as an operating agreement may provide and may make provision for the future creation of additional classes or groups of members or managers associated with the series having such relative rights, powers, and duties as may from time to time be established, including rights, powers, and duties senior and subordinate to or different from existing classes and groups of members or managers associated with the series.

(2) A series may be managed either by the member or members associated with the series or by the manager or managers chosen by the members of such series, as provided in the operating agreement. Unless otherwise provided in an operating agreement, the management of a series shall be vested in the members associated with such series.

(3) An operating agreement may grant to all or certain identified members or managers, or to a specified class or group of the members or managers associated with a series, the right to vote separately or with all or any class or group of the members or managers associated with the series, on any matter. An operating agreement may provide that any member or class or group of members associated with a series shall have no voting rights or ability to otherwise participate in the management or governance of such series, but any such member or class or group of members are owners of the series.

(4) Except as modified in this section, the provisions of this chapter which are generally applicable to limited liability companies and their managers, members, and transferees shall be applicable to each particular series with respect to the operation of such series.

(5) Except as otherwise provided in an operating agreement, any event specified in this chapter or in an operating agreement that causes a manager to cease to be a manager with respect to a series shall not, in itself, cause such manager to cease to be a manager of the limited liability company or with respect to any other series thereof.

(6) Except as otherwise provided in an operating agreement, any event specified in this chapter or in an operating agreement that causes a member to cease to be associated with a series shall not, in itself, cause such member to cease to be associated with any other series, terminate the continued membership of a member in the limited liability company, or cause the termination of the series, regardless of whether such member was the last remaining member associated with such series.

(7) An operating agreement may impose restrictions, duties, and obligations on members of the limited liability company or any series thereof as a matter of internal governance, including, without limitation, those with regard to:

- (a) Choice of law, forum selection, or consent to personal jurisdiction;
- (b) Capital contributions;
- (c) Restrictions on, or terms and conditions of, the transfer of membership interests;

(d) Restrictive covenants, including noncompetition, nonsolicitation, and confidentiality provisions;
 (e) Fiduciary duties; and
 (f) Restrictions, duties, or obligations to or for the benefit of the limited liability company, other series thereof, or their affiliates.

6. (1) If a limited liability company with the ability to establish series does not register to do business in a foreign jurisdiction for itself and its series, a series of a limited liability company may itself register to do business as a limited liability company in the foreign jurisdiction in accordance with the laws of the foreign jurisdiction.

(2) If a foreign limited liability company, as permitted in the jurisdiction of its organization, has established a series having separate rights, powers, or duties and has limited the liabilities of such series so that the debts, liabilities, and obligations incurred, contracted for, or otherwise existing with respect to a particular series are enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof, or so that the debts, liabilities, obligations, and expenses incurred, contracted for, or otherwise existing with respect to the limited liability company generally or any other series thereof are not enforceable against the assets of such series, then the limited liability company, on behalf of itself or any of its series, or any of its series on its own behalf may register to do business in this state in accordance with this chapter. The limitation of liability shall also be stated on the application for registration. As required under section 347.153, the registration application filed shall identify each series being registered to do business in the state by the limited liability company. Unless otherwise provided in the operating agreement, the debts, liabilities, and obligations incurred, contracted for, or otherwise existing with respect to a particular series of such a foreign limited liability company shall be enforceable against the assets of such series only and not against the assets of the foreign limited liability company generally or any other series thereof, and none of the debts, liabilities, obligations, and expenses incurred, contracted for, or otherwise existing with respect to such a foreign limited liability company generally or any other series thereof shall be enforceable against the assets of such series.

7. Nothing in sections 347.039, 347.153, or 347.186 shall be construed to alter existing Missouri statute or common law providing any cause of action for fraudulent conveyance, including but not limited to chapter 428, or any relief available under existing law that permits a challenge to limited liability.

358.460. 1. The exclusive right to the use of a name of a registered limited liability partnership or foreign registered limited liability partnership may be reserved by:

(1) Any person intending to become a registered limited liability partnership or foreign registered limited liability partnership under this chapter and to adopt that name; and

If the secretary of state finds that the name is available for use by a registered limited liability partnership or foreign registered limited liability partnership, the secretary of state shall reserve the name for the exclusive use of the applicant for a period of sixty days. A name reservation shall not exceed a period of one hundred eighty days from the date of the first name reservation application. JOURNAL OF THE HOUSE

Second Regular Session, 101st GENERAL ASSEMBLY

SEVENTY-FIRST DAY, FRIDAY, MAY 13, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Watch ye, stand fast in the faith, quit ye like men, be strong. (I Corinthians 16:13)

O Loving God, whose light brightens all our ways, amid the stress of this trying final day we bow a moment at the altar of faith and freedom to listen to Your still, small voice which speaks forever to our hearts.

Give to us a real consciousness of Your powerful presence as we go through this decisive day, and grant a double measure of Your strengthening spirit. As we formulate our decisions and as we cast our votes, may we keep our minds clear and our hearts clean. By the power of Your spirit may we meet great needs with greater deeds and match lofty professions with lively practices. Thus may we advance forward to a better state because we are the true People's House.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Jordan Marie Hilker Bosley.

The Journal of the seventieth day was approved as printed.

On motion of Representative Brown (16), the title of **SS SB 678** was agreed to.

Representative Person offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Substitute for Senate Bill No. 678, Page 2, Section 84.730, Line 31, by inserting after all of the said section and line the following:

"86.595. 1. For the purposes of this section, "line-of-duty death" means the death of a member police officer prior to retirement whose death was the natural and proximate result of an accident occurring at some definite time and place while the member police officer was in the actual performance of his or her duty and not caused by negligence on the part of the member police officer. The term includes "accidental death" as used in chapter 86.

2. Beginning July 1, 2023, in addition to any other benefits payable and notwithstanding the provisions of section 105.684 or any other provision of law to the contrary, for the purposes of sections 70.661, 86.093, 86.287, 86.547, 86.1240, and 86.1250, when a member police officer suffers a line-of-duty death prior to retirement, any surviving spouse or surviving beneficiaries currently receiving pension benefits prior to July 1, 2023, or any surviving spouse or surviving beneficiaries eligible to receive such benefits on or after such date, shall receive one hundred percent of the total amount of payable benefits in the same amount that the deceased member police officer was entitled.

3. Benefits paid under this section shall be payable in the same manner as provided under the sections of law applicable to the member police officer's pension plan. Proof of the manner of death, marriage, and beneficiary status shall be provided as required under the sections of law applicable to the member police officer's pension plan.

4. The surviving spouse shall retain the right to such benefits until his or her death, and such benefits shall not lapse upon any subsequent remarriage.

5. Each person receiving benefits as a surviving spouse or surviving beneficiary of a member police officer shall be considered a member of the applicable retirement system for voting purposes and entitled to one vote on matters presented to members."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 3015** entitled:

AN ACT

To appropriate money for supplemental purposes for the expenses, grants, refunds, and distributions of the several departments and offices of state government and the several divisions and programs thereof, and to transfer money among certain funds, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri for the fiscal period ending June 30, 2022.

Respectfully submitted,

/s/ Michael L. Parson
Governor

Having been returned from the Governor with his approval, **CCS SCS HCS HB 3015** was delivered to the Secretary of State by the Chief Clerk of the House.

The Benediction was given by Reverend Monsignor Robert A. Kurwicki, Chaplain.

O Lord, be gracious unto us; we have waited for Thee; be Thou our arm every morning, our salvation also in the time of trouble. (Isaiah 33:2)

Eternal God, who has created us with minds to seek truth, with hearts to feel love, and with will to choose the right, we bow our heads on this House floor praying for Your divine blessings and good will on our state and in our homes at the end of session.

Breathe into our hearts and into the hearts of our people the spirit of generosity and genuineness for peaceful living. Save us from unhealthy relationships, break down the walls that separate us, and let pettiness pass away, as the power of Your love comes to life within us as we return home to family and friends.

We commend our state to You. Make us worthy of the sacrifices made these past months. Save us from regrets. Bless those whose terms here are completed. They hate to leave but know the cycle of political life must continue. Keep their friendships strong!

Finally, grant that as we close this long day with You that Your powerful blessings rest upon us forever.

And the House says, "Amen!"

ADJOURNMENT

On motion of Representative Plocher, the House adjourned until 10:00 a.m., Wednesday, May 18, 2022.

""163.161. 1. Any school district which makes provision for transporting pupils as provided in section 162.621 and sections 167.231 and 167.241 shall receive state aid for the ensuing year for such transportation on the basis of the cost of pupil transportation services provided the current year. A district shall receive, pursuant to section 163.031, an amount not greater than seventy-five percent of the allowable costs of providing pupil transportation services to and from school and to and from public accredited vocational courses, and shall not receive an amount per pupil greater than one hundred twenty-five percent of the state average approved cost per pupil transported the second preceding school year, except when the state board of education determines that sufficient circumstances exist to authorize amounts in excess of the one hundred twenty-five percent of the state average approved cost per pupil transported the second previous year.

2. The state board of education shall determine public school district route approval procedures to be used by each public school district board of education to approve all bus routes or portions of routes and determine the total miles each public school district needs for safe and cost-efficient transportation of the pupils and the state board

of education shall determine allowable costs. No state aid shall be paid for the costs of transporting pupils living less than one mile from the school. However, if the state board of education determines that circumstances exist where no appreciable additional expenses are incurred in transporting pupils living less than one mile from school, such pupils may be transported without increasing or diminishing the district's entitlement to state aid for transportation.

3. State aid for transporting handicapped and severely handicapped students attending classes within the school district or in a nearby district under a contractual arrangement shall be paid in accordance with the provisions of section 163.031 and an amount equal to seventy-five percent of the additional cost of transporting handicapped and severely handicapped students above the average per pupil cost of transporting all students of the district shall be apportioned pursuant to section 163.031 where such special transportation is approved in advance by the department of elementary and secondary education. State aid for transportation of handicapped and severely handicapped children in a special school district shall be seventy-five percent of allowable costs as determined by the state board of education which may for sufficient reason authorize amounts in excess of one hundred twenty-five percent of the state average approved cost per pupil transported the second previous year. In no event shall state transportation aid exceed seventy-five percent of the total allowable cost of transporting all pupils eligible to be transported; provided that no district shall receive reduced reimbursement for costs of transportation of handicapped and severely handicapped children based upon inefficiency.

4. No state transportation aid received pursuant to section 163.031 shall be used to purchase any school bus manufactured prior to April 1, 1977, that does not meet the federal motor vehicle safety standards.

5. Any school district that operates magnet schools as part of a master desegregation settlement agreement shall not be considered inefficient for purposes of state aid for transportation of pupils attending such magnet schools and shall not receive a financial penalty for the magnet school transportation portion of the overall transportation budget as a result thereof.

(2) Has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

(3) Is living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

Except as otherwise provided in section 167.151, the term "residency" shall mean that a person both physically resides within a school district and is domiciled within that district or, in the case of a private school student suspected of having a disability under the Individuals With Disabilities Education Act, 20 U.S.C. Section ~~[4412]~~ **1411** et seq., **as amended**, that the student attends private school within that district. The domicile of a minor child shall be the domicile of a parent, military guardian pursuant to a military-issued guardianship or court-appointed legal guardian. For instances in which the family of a student living in Missouri co-locates to live with other family members or live in a military family support community because one or both of the child's parents are stationed or deployed out of state or deployed within Missouri under active duty orders under Title 10 or Title 32 of the United States Code, the student may attend the school district in which the family member's residence or family support community is located. If the active duty orders expire during the school year, the student may finish the school year in that district;

~~[(3)]~~ **(c)** Proof that one or both of the child's parents are being relocated to the state of Missouri under military orders.

(2) In instances where there is reason to suspect that admission of the pupil will create an immediate danger to the safety of other pupils and employees of the district, the superintendent or the superintendent's designee may convene a hearing within five working days of the request to register and determine whether or not the pupil may register.

3. Any person subject to the requirements of subsection 2 of this section may request a waiver from the district board of any of those requirements on the basis of hardship or good cause. Under no circumstances shall athletic ability be a valid basis of hardship or good cause for the issuance of a waiver of the requirements of subsection 2 of this section. The district board or committee of the board appointed by the president and which shall have full authority to act in lieu of the board shall convene a hearing as soon as possible, but no later than forty-five days after receipt of the waiver request made under this subsection or the waiver request shall be granted. The district board or committee of the board may grant the request for a waiver of any requirement of subsection 2 of this section. The district board or committee of the board may also reject the request for a waiver in which case the pupil shall not be allowed to register. Any person aggrieved by a decision of a district board or committee of the board on a request for a waiver under this subsection may appeal such decision to the circuit court in the county where the school district is located.

4. Any person who knowingly submits false information to satisfy any requirement of subsection 2 of this section is guilty of a class A misdemeanor.

5. In addition to any other penalties authorized by law, a district board may file a civil action to recover, from the parent, military guardian or legal guardian of the pupil, the costs of school attendance for any pupil who was enrolled at a school in the district and whose parent, military guardian or legal guardian filed false information to satisfy any requirement of subsection 2 of this section.

6. Subsection 2 of this section shall not apply to a pupil who is a homeless child or youth, or a pupil attending a school not in the pupil's district of residence as a participant in an interdistrict transfer program established under a court-ordered desegregation program, a pupil who is a ward of the state and has been placed in a residential care facility by state officials, a pupil who has been placed in a residential care facility due to a mental illness or developmental disability, a pupil attending a school pursuant to sections 167.121 and 167.151 **or sections 167.1200 to 167.1230**, a pupil placed in a residential facility by a juvenile court, a pupil with a disability identified under state eligibility criteria if the student is in the district for reasons other than accessing the district's educational program, or a pupil attending a regional or cooperative alternative education program or an alternative education program on a contractual basis.

7. Within two business days of enrolling a pupil, the school official enrolling a pupil, including any special education pupil, shall request those records required by district policy for student transfer and those discipline records required by subsection 9 of section 160.261 from all schools previously attended by the pupil within the last twelve months. Any school district that receives a request for such records from another school district enrolling a pupil that had previously attended a school in such district shall respond to such request within five business days of receiving the request. School districts may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in 20 U.S.C. Section 1232g(b)(1)(E), **as amended**.

8. If one or both of a child's parents are being relocated to the state of Missouri under military orders, a school district shall allow remote registration of the student and shall not require the **student or the** parent or legal guardian of the student ~~[or the student himself or herself]~~ to physically appear at a location within the district to register the student. Proof of residency, as described in this section, shall not be required at the time of the remote registration but shall be required within ten days of the student's attendance in the school district.

- (10) "Transferring student", a child beginning kindergarten in the child's resident district or a public school student in kindergarten to grade twelve who immediately prior to transferring has been enrolled in and completed a full semester in a public school in the student's resident district and who transfers to a nonresident district through a public school open enrollment program under sections 167.1200 to 167.1230;
- (11) "Transfer year", the school year in which a transferring student attends school in a nonresident district.

167.1205. 1. A public school open enrollment program is established to enable a child beginning kindergarten or a student in kindergarten to grade twelve to attend a school in a nonresident district subject to the limitations under section 167.1225. Such program is designed to improve quality instructional and educational programs by providing opportunities including, but not limited to, the following:

- (1) Increasing parental involvement for students whose parents work in other school districts;
- (2) Providing access to instructional programs and classes that are not available in the resident district; and
- (3) Offering parents the opportunity to select curriculum options that align with the parents' personal beliefs.

2. (1) School districts shall not be required to participate in the public school open enrollment program.

(2) (a) Each school district shall, before October first of each year, indicate whether the district will participate in the public school open enrollment program created in sections 167.1200 to 167.1230 in the school year beginning on July first of the following year.

(b) If a school district participates in the public school open enrollment program, the district shall receive transferring students for the full school year in which the district participates.

(3) This subsection shall not be construed to prevent any student in a nonparticipating school district from transferring out of the nonparticipating district to a participating district as a transferring student.

(4) (a) For all school years beginning on or after July 1, 2023, but ending before July 1, 2027, a district may restrict the number of students who may transfer to a nonresident district under sections 167.1200 to 167.1230 to a maximum of three percent of the previous school year's enrollment for the district.

(b) For the school years 2023-24 and 2024-25, a provisionally accredited district with a school population of enrolled students between four thousand five hundred and five thousand five hundred and that is located in a county with more than seven hundred thousand but fewer than eight hundred thousand inhabitants may restrict the number of students who may transfer to a nonresident district under sections 167.1200 to 167.1230.

3. (1) Sections 167.1200 to 167.1230 shall not be construed to require a school district to add teachers, staff, or classrooms or to in any way exceed the requirements and standards established by existing law or the nonresident district.

(2) Sections 167.1200 to 167.1230 shall not be construed to require a school district to provide special educational services for children with disabilities who are three years of age or older and who do not reside in the school district under section 162.700 if the nonresident district determines, as provided in the nonresident district's model policy adopted under subsection 4 of this section, that the school district is unable to provide

appropriate special educational services as required under section 162.700 for a child with disabilities seeking a transfer under sections 167.1200 to 167.1230. The determination shall be made by the nonresident district after consultation with the child's resident district and any local public, private, and not-for-profit agencies that provide services for children with disabilities. The nonresident district shall make the determination before approving an application for a transfer under sections 167.1200 to 167.1230. If a determination is required under this subdivision, the child seeking the transfer shall remain enrolled in the child's resident district until such determination becomes final.

4. (1) The department or another entity skilled in policy development shall develop a model policy for determining the number of transfers available under section 167.1215 and establishing specific standards for acceptance and rejection of transfer applications under section 167.1230. Regardless of whether a school district participates in the public school open enrollment program, the board of education of each school district shall, by resolution, adopt the model policy with any changes necessary for a particular district's needs.

(2) The model policy's determination of the number of transfers available shall require each school district to define the term "insufficient classroom space" for that district.

(3) The specific standards for acceptance and rejection of transfer applications may include, but shall not be limited to:

- (a) The capacity of a school building, grade level, class, or program;
- (b) The availability of classroom space in each school building;
- (c) Any class-size limitation;
- (d) The ratio of students to classroom teachers;
- (e) The district's projected enrollment; and
- (f) Any characteristics of specific programs affected by additional or fewer students attending because of transfers under the public school open enrollment program.

(4) The specific standards for acceptance and rejection of transfer applications shall include a statement that priority shall be given to an applicant who has a sibling who:

- (a) Is already enrolled in the nonresident district; or
- (b) Has made an application for enrollment in the same nonresident district.

(5) The specific standards for acceptance and rejection of transfer applications shall not include an applicant's:

- (a) Academic achievement;
- (b) Athletic or other extracurricular ability;
- (c) Disabilities;
- (d) English proficiency level; or
- (e) Previous disciplinary proceedings; except that, any suspension or expulsion from another district shall be included.

(6) A school district receiving transferring students shall not discriminate on the basis of gender, national origin, race, ethnicity, ancestry, religion, disability, or whether the student is homeless or a migrant.

5. A nonresident district shall:

(1) Accept credits toward graduation that were awarded by another district to a transferring student; and

(2) Award a diploma to a transferring student if the student meets the nonresident district's graduation requirements.

6. The superintendent for each school district shall cause the information about the public school open enrollment program to be posted on the district website and in the student handbook to inform parents of students of the:

- (1) Availability of the program established under sections 167.1200 to 167.1230;
- (2) Application deadline; and
- (3) Requirements and procedures for resident and nonresident students to participate in the program.

7. If a student wishes to attend a school within a nonresident district that is a magnet school, an academically selective school, or a school with a competitive entrance process that has admissions requirements, the student shall furnish proof that the student meets the admissions requirements in the application described under section 167.1220.

8. A nonresident district may deny a transfer to a student who, in the most recent school year, has been suspended from school two or more times or who has been suspended for an act of school violence or expelled under subsection 2 of section 160.261. A student whose transfer is initially precluded under this subsection may be permitted to transfer on a provisional basis as a probationary transfer student, subject to no further disruptive behavior, upon approval of the nonresident district's superintendent.

9. A student who is denied a transfer under this subsection has the right to an in-person meeting with the nonresident district's superintendent. The nonresident district shall develop common standards for determining disruptive behavior that shall include, but not be limited to, criteria under section 160.261.

10. Students shall not enroll in a nonresident district under sections 167.1200 to 167.1230 in any school year before school year 2023-24.

11. (1) As used in this subsection, "school days of enrollment" does not include enrollment in summer school, and "varsity" means the highest level of competition offered by one school or school district against the highest level of competition offered by an opposing school or school district.

(2) (a) Except as provided in this paragraph, a student who participates in open enrollment for purposes of attending a grade in grades nine to twelve in a school district other than the district of residence is ineligible to participate in interscholastic athletics for three hundred sixty-five days unless the student's case meets the standards under the following exceptions:

a. If the transfer does not involve undue influence and is not for athletic reasons, a student may be eligible immediately at the school of the student's choice upon first entering when:

(i) The student is promoted from grade six to grade seven;

(ii) The student is promoted from grade eight to grade nine and the student is eligible in all other respects; or

(iii) The student completes the highest grade in an elementary school that is not a part of a system supporting a high school and the student is eligible in all other respects; or

b. If a student transfers schools under circumstances that do not meet the requirements under sections 167.1200 to 167.1230, such student may be granted eligibility to participate in interscholastic athletics as hereinafter restricted if the student qualifies under the following terms and conditions:

(i) A student whose name has been included on a school eligibility roster at any level for a given sport during the twelve calendar months preceding the date of such transfer shall be eligible only for subvarsity competition in such sport for three hundred sixty-five days after the date of transfer. A student may have unrestricted eligibility in all other sports in which such student's name has not appeared on a school eligibility roster;

(ii) A student who has attended a school system that does not sponsor interscholastic athletics but who has participated in organized nonschool competition during the twelve calendar months preceding the date of such transfer shall be eligible only for subvarsity competition in such sport for three hundred sixty-five days after the date of transfer. A student may have unrestricted eligibility in all other sports in which such student did not participate; or

(iii) Eligibility may be granted as described in item (i) of this subparagraph if the athletic eligibility is approved by the principals of both the resident and nonresident districts and if there is no athletic purpose involved in the transfer. The student shall be ineligible for all sports for three hundred sixty-five days after the date of transfer if either or both principals decline to approve athletic eligibility.

(b) Nothing in this section or section 167.1210 shall prevent a statewide athletic association that provides oversight for athletic or activity eligibility for students from imposing a stricter penalty upon any transferring student who is determined to have been unduly influenced to participate in or not to participate in the public school open enrollment program outlined in sections 167.1200 to 167.1230.

167.1210. 1. A student who applies to enroll in multiple nonresident districts and accepts a public school open enrollment program transfer to a nonresident district shall accept only one such transfer per school year.

2. (1) A student who accepts a public school open enrollment program transfer to a nonresident district shall commit to attend and take all courses through the nonresident district for at least one school year. At least one course per semester shall be delivered by the nonresident district in-seat.

(2) If a transferring student returns to the student's resident district, the student's transfer shall be void and the student shall reapply if the student seeks a future public school open enrollment program transfer. No transferring student who returns to the student's resident district shall reapply for a future transfer under this subdivision until after the student has been enrolled in and completed a full school semester in a public school in the student's resident district.

3. (1) Except as otherwise provided in this subsection, a transferring student attending school in a nonresident district may complete all remaining school years in the nonresident district without reapplying each school year.

(2) A sibling of a transferring student who continues enrollment in a nonresident district may enroll in or continue enrollment in that nonresident district if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms or exceeding the regulations and standards established by law or the policy of the nonresident district and the sibling has no discipline issues as described in section 167.1205.

4. Except for a transferring student with a socioeconomic status that qualifies the student for transportation costs reimbursement under subsection 6 of this section, the transferring student or the student's parent is responsible for the transportation of the student to and from the school in the nonresident district where the student is enrolled, except that the nonresident district may enter into an agreement with the student's parent that the parent may transport the student to an existing bus stop location convenient to the school district if the school district has capacity available on a bus serving that location. If transportation is a related service on a student's individualized education program (IEP) and the student is a participant in the public school open enrollment transfer program, the nonresident district shall not be required to provide such transportation as a related service under the IEP if the nonresident district and the student's parent have entered into an agreement under this subsection. Such agreement shall contain a statement that the parent is waiving the transportation as a related service under the student's IEP.

5. Notwithstanding the provisions of chapter 163 or federal calculations of military impact aid to the contrary, for the purposes of determining state and federal aid, a transferring student shall be counted as a resident pupil of the nonresident district in which the student is enrolled.

6. (1) Any transferring student who qualifies for free and reduced price meals under federal guidelines and transfers to any nonresident district sharing a border with the student's resident district shall be offered transportation services provided by the nonresident district or may choose to be reimbursed by the parent public school choice fund established in section 167.1212 for the costs of transportation of the student as provided in this subsection.

(2) The amount of transportation costs eligible for reimbursement shall be, rounded to the nearest dollar, the product obtained by multiplying:

- (a) The number of days the student attended school in the nonresident district;
 - (b) The number of miles in a single round trip between the student's residence and the nonresident district's nearest existing bus stop location; and
 - (c) The mileage reimbursement rate of thirty-seven cents per mile.
- (3) The transferring student or the student's parent shall keep a record of each instance of transporting the transferring student to and from the nonresident district's nearest existing bus stop location. Such record may be verified by the nonresident district's attendance records or in a similar manner as established by board policy.

(4) All reimbursements made under this subsection to a transferring student or the student's parent shall be made quarterly.

(5) Any such transferring student who transfers to any nonresident district that does not share a border with the student's resident district shall not receive the transportation reimbursement provided under this subsection.

(6) The provisions of this subsection shall not require a nonresident district to offer transportation services if the transportation would constitute a transportation hardship under section 167.121.

(7) Nonresident districts providing transportation services under this subsection may partner or contract with the resident district or a third-party transportation provider, or both, in providing transportation and shall also be reimbursed by the parent public school choice fund for the costs of transportation of the student as provided under this subsection.

7. Nothing in sections 167.1200 to 167.1230 shall be construed to relieve any resident district of its responsibility to pay any costs required under section 162.705 or 162.740.

167.1211. If a nonresident student receives special educational services and participates in the public school open enrollment program, the nonresident district shall receive reimbursement from the parent public school choice fund created in section 167.1212 for the costs of the special educational services for the student with an individualized education program above the state and federal funds received for educating the

student. Such reimbursement shall not exceed three times the current expenditure per average daily attendance as calculated on the district annual secretary of the board report for the year in which expenditures are claimed.

167.1212. 1. There is hereby created in the state treasury the "Parent Public School Choice Fund", which shall consist of an appropriation by the general assembly of sixty million dollars and any additional appropriations made by the general assembly. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely as provided in sections 167.1200 to 167.1230.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. Moneys appropriated to and deposited in the fund shall be used to supplement, not supplant, state aid distributed to school districts under chapter 163 and shall be used solely to compensate school districts that participate in the public school open enrollment program established in sections 167.1200 to 167.1230.

5. The department shall annually evaluate the availability and use of moneys from the fund. If the department determines that additional moneys are needed to fulfill the purposes of this section, the department shall, as part of the legislative budget process, annually request such moneys by a specific line item appropriation.

167.1215. 1. Before October first annually, each school district shall set the number of transfer students the district is willing to receive for the following school year under sections 167.1200 to 167.1230. The district may create criteria for the acceptance of students including, but not limited to, the number of students by building, grade, classroom, or program.

2. (1) Each school district shall publish the number set under this section, notify the department of such number, and shall not be required to accept any transfer students under this section who would cause the district to exceed the published number.

(2) The school district may report the total number of students the district is willing to receive and further delineate the number by building, grade, classroom, or program.

3. (1) Each school district shall develop a method for the formation and operation of a waiting list for applications that cannot be accepted because the number of transfers applied for exceeds the number of transfers available.

(2) Applications on the waiting list may be given priority for acceptance in the following order and may include other options for priority acceptance:

(a) Siblings of students already enrolled in the district;

(b) Children of an active duty member of the Armed Forces of the United States;

(c) Children of school district employees;

(d) Students who had previously attended school in the district but whose parents have moved out of the district; and

(e) Students whose parents present an employment circumstance for which an open enrollment transfer would be in the student's best interest.

(3) A parent of a student on the waiting list shall be informed by the district of the details of the operation of the list and whether the parent will be required to refile a timely application for open enrollment in order to remain on the waiting list.

167.1220. 1. If a student seeks to attend a school in a nonresident district under sections 167.1200 to 167.1230, the student's parent shall submit an application:

(1) To the nonresident district, with a copy to the resident district;

(2) On a form approved by the department that contains the student's necessary information for enrollment in another district; and

(3) Postmarked before December first in the calendar year preceding the school year in which the student seeks to begin the fall semester at the nonresident district.

2. A nonresident district that receives an application under subsection 1 of this section shall, upon receipt of the application, place a date and time stamp on the application that reflects the date and time the nonresident district received the application.

3. As soon as possible after receiving an application, the superintendent of the nonresident district shall review and make a determination on each application in the order in which the application was received

by the nonresident district. Before accepting or rejecting an application, the superintendent shall determine whether one of the limitations under section 167.1225 applies to the application.

4. The superintendent of the nonresident district may accept an application. If the superintendent rejects an application, the superintendent shall present the rejected application with the superintendent's reasons for the rejection to the school board.

5. (1) As used in this subsection, "good cause" means:

- (a) A change in a student's residence due to a change in family residence;
- (b) A change in the state in which the family residence is located;
- (c) A change in a student's parent's marital status;
- (d) A guardianship or custody proceeding;
- (e) Placement in foster care;
- (f) Adoption;
- (g) Participation in a foreign exchange program;
- (h) Participation in a substance abuse or mental health treatment program;
- (i) A change in the status of a student's resident district such as removal of accreditation by the department, surrender of accreditation, or permanent closure of a nonpublic school; or
- (j) Revocation of a charter school contract as provided in state law.

(2) Before December first of the calendar year preceding the school year in which the student seeks to begin the fall semester at the nonresident district but before July first of such school year, or before the first Monday in July if July first falls on a Saturday or Sunday, the parent shall send notification to the district of residence and the receiving district, on forms prescribed by the state board of education, that good cause exists for failure to meet the December first deadline. The school board of a receiving district may adopt a policy granting the superintendent the authority to approve open enrollment applications submitted after the December first deadline. The school board of the receiving district shall take action to approve the request if good cause exists. If the request is granted, the school board shall transmit a copy of the form to the parent and the district of residence within five days after school board action. A denial of a request by the board of a receiving district is not subject to appeal.

(3) If the good cause relates to a change in status of a student's school district of residence, a parent shall file such notification within forty-five days after the last school board action or within thirty days after the certification of the election, whichever is applicable to the circumstances.

(4) If a resident district believes that a receiving district is violating this subsection, the resident district may, within fifteen days after school board action by the receiving district, submit an appeal to the commissioner of education.

(5) The commissioner of education or the commissioner's designee shall attempt to mediate the dispute to reach approval by both school boards. If approval is not reached under mediation, the commissioner shall conduct a hearing and shall hear testimony from both school boards. Within ten days following the hearing, the commissioner shall render a decision upholding or reversing the decision by the school board of the receiving district. Within five days after the commissioner's decision, the school board may appeal the decision of the commissioner to the state board of education as provided in state law.

6. (1) Before February first of the school year before the school year in which the student seeks to enroll in a nonresident district under sections 167.1200 to 167.1230, the nonresident district's superintendent shall notify the parent and the resident district, in writing, as to whether the student's application has been accepted or rejected. The notification shall be sent by first-class mail to the address on the application.

(2) If the application is rejected, the nonresident district's superintendent shall state in the notification letter the reason for the rejection.

(3) If the application is accepted, the nonresident district's superintendent shall state in the notification letter:

- (a) A reasonable deadline before which the student shall enroll in the nonresident district and after which the acceptance notification is void; and
- (b) Instructions for the procedures established by the nonresident district for renewing enrollment in the nonresident district each year.

(4) If the application is accepted, the nonresident district's superintendent shall notify the resident district and the department of the student's participation and shall also notify the student and the student's

parent of the opportunity to participate in an anonymous survey provided by the department regarding all reasons for the student's and parent's interest in participating in the public school open enrollment program.

(5) The department shall publish an annual report based on the anonymous survey conducted under subdivision (4) of this subsection, at the statewide and district levels, that provides data at the statewide and district levels of sufficient detail to allow analysis of trends regarding the reasons for participation in the public school open enrollment program at the statewide, regional, and local district levels. In such annual report, the department shall also include data at the statewide and district levels of sufficient detail to allow detection and analysis of the impact of the public school open enrollment program on racial, ethnic, and socio-economic balance among schools and districts at the statewide, regional, and local district levels. No such survey results published under this subsection shall be published in a manner that reveals information regarding a group of five or fewer students.

167.1225. 1. If sections 167.1200 to 167.1230 conflict with a provision of an enforceable desegregation court order or a district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment, the provisions of the order or plan shall govern.

2. (1) A school district may annually declare an exemption from sections 167.1200 to 167.1230 if the school district is subject to a desegregation order or mandate of a federal court or agency remedying the effects of past racial segregation or subject to a settlement agreement remedying the effects of past racial segregation.

(2) An exemption declared by a board of education of a school district under subdivision (1) of this subsection is irrevocable for one year from the date the school district notifies the department of the declaration of exemption.

(3) After each year of exemption, the board of education of a school district may elect to participate in the public school open enrollment program under sections 167.1200 to 167.1230 if the school district's participation does not conflict with the school district's federal court-ordered desegregation program or settlement agreement remedying the effects of past racial segregation.

(4) A school district shall notify the department before April first if in the next school year the school district intends to:

- (a) Declare an exemption under subdivision (1) of this subsection; or
- (b) Resume participation after a period of exemption.

(5) Annually before June first, the department shall report to each school district the maximum number of public school open enrollment program transfers for the school year to begin July first.

(6) If a student is unable to transfer because of the limits under this subsection, the resident district shall give the student priority for a transfer in the following school year in the order that the resident district receives notices of application under section 167.1220, as evidenced by a notation made by the district on the applications indicating the date and time of receipt.

3. Any resident or nonresident school district with an approved diversity plan or voluntary diversity plan may deny a transfer under sections 167.1200 to 167.1230 if the school district determines that the transfer conflicts with the provisions of such diversity plan. The denial of a transfer under this subsection shall be deemed a denial for good cause.

4. (1) Any student who transfers to a nonresident district under section 167.131, sections 162.1040 to 162.1061, or any section other than sections 167.1200 to 167.1230 shall not be subject to any requirements under sections 167.1200 to 167.1230.

(2) Districts receiving transfer students or sending transfer students to nonresident districts under section 167.131, sections 162.1040 to 162.1061, or any section other than sections 167.1200 to 167.1230 shall not be subject to any requirements under sections 167.1200 to 167.1230 for those transfer students.

5. (1) A student transferring to a nonresident district under sections 167.1200 to 167.1230 shall not be considered a transfer student under any law relating to another transfer program or procedure that allows students to transfer out of their resident districts.

(2) This subdivision shall apply only to students enrolled in a resident district that does not offer education in a grade higher than grade eight as follows:

(a) Such student shall enroll in such nonresident district under sections 167.1200 to 167.1230 before the end of such student's fifth grade year; and

(b) Such student who does not enroll in such nonresident district before the end of such student's fifth grade year may transfer to such nonresident district under sections 167.1200 to 167.1230, but such student's resident district shall pay tuition to such nonresident district and follow all other procedures as if such student transferred under section 167.131 when the student enters the ninth grade.

(3) If a student transfers under sections 167.1200 to 167.1230 to a nonresident district that does not offer education in a grade higher than grade eight, such nonresident district shall not be considered such student's resident district for any purpose after such student completes grade eight or upon such student's transfer out of such nonresident district before such student completes grade eight.

167.1230. 1. A student whose application for a transfer under section 167.1220 is rejected by the nonresident district may appeal to the department to reconsider the transfer.

2. An appeal to the department shall be in writing and shall be postmarked no later than ten calendar days, excluding weekends and legal holidays, after the student or the student's parent receives a notice of rejection of the application under section 167.1220.

3. Contemporaneously with the filing of the written appeal under subsection 2 of this section, the student or the student's parent shall also mail a copy of the written appeal to the nonresident district's superintendent.

4. In the written appeal, the student or student's parent shall state the basis for appealing the decision of the nonresident district.

5. The student or the student's parent shall submit, along with the written appeal, a copy of the notice of rejection from the nonresident district.

6. As part of the review process, the student or student's parent may submit supporting documentation that the transfer would be in the best educational, health, social, or psychological interest of the student.

7. The nonresident district may submit in writing any additional information, evidence, or arguments supporting the district's rejection of the student's application by mailing such response to the department. Such response shall be postmarked no later than ten days after the nonresident district receives the student's or parent's appeal.

8. Contemporaneously with the filing of its response under subsection 7 of this section, the nonresident district shall also mail a copy of the response to the student or student's parent.

9. If the department overturns the determination of the nonresident district on appeal, the department shall notify the parent, the nonresident district, and the resident district of the basis for the department's decision.

10. (1) The department shall collect data from school districts on the number of applications for student transfers under sections 167.1200 to 167.1230 and study the effects of public school open enrollment program transfers under sections 167.1200 to 167.1230. The department shall consider, as part of its study, the maximum number of transfers and exemptions for both resident and nonresident districts for up to two years to determine if a significant racially segregative impact has occurred to any school district.

(2) Annually before October first, the department shall report the department's findings from the study of the data under subdivision (1) of this subsection to:

- (a) The joint committee on education or any successor committee;
- (b) The house committee on elementary and secondary education or any other education committee designated by the speaker of the house of representatives; and
- (c) The senate committee on education or any other education committee designated by the president pro tempore of the senate.

11. The department shall annually make a random selection of ten percent of the school districts participating in the public school open enrollment program under sections 167.1200 to 167.1230. The department shall audit each selected school district's transfers approved or denied under policies adopted by the school board under sections 167.1200 to 167.1230. If the department determines that a selected school district is improperly implementing and administering the transfer process established under sections 167.1200 to 167.1230, the department may withhold any state aid provided to the school district under chapter 163 until the school district corrects the transfer process improprieties identified by the department's audit."; and

House Amendment No. 5

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 681 & 662, Page 10, Section 160.261, Line 241, by inserting after all of said section and line the following:

"160.560. 1. The department of elementary and secondary education shall establish the "Show-Me Success Diploma Program".

2. Under the show-me success diploma program, the department of elementary and secondary education shall develop the "Show-Me Success Diploma" as an alternative pathway to graduation for high school students that may be earned at any point between the end of a student's tenth grade year and the conclusion of the student's twelfth grade year.

3. Before July 1, 2023, the department of elementary and secondary education shall develop detailed requirements for students to become eligible for the show-me success diploma that include at least the following:

(1) Demonstrated skills and knowledge in English, science, and mathematical literacy to be successful in college-level courses offered by the community colleges in this state that count toward a degree or certificate without taking remedial or developmental coursework; and

(2) Satisfactory grades on approved examinations in subjects determined to be necessary to prepare a student to enter postsecondary education without taking remedial or developmental coursework.

4. School districts and charter schools may offer a course of study designed to meet the requirements to obtain a show-me success diploma to students entering the ninth grade. Students who elect to pursue a show-me success diploma shall participate in a course of study designed by the school district to meet the requirements established under subsection 3 of this section. The show-me success diploma shall be available to any such student until the end of that student's twelfth grade year.

5. Students who earn a show-me success diploma may remain in high school and participate in programs of study available through the school district or charter school until that student would otherwise have graduated at the end of grade twelve. For purposes of calculation and distribution of state aid, the school district or charter school of a pupil having earned a show-me success diploma who remains enrolled in the school district or charter school shall continue to include the pupil in the pupil enrollment of each such school district or charter school and shall continue to receive funding for a pupil who earns a show-me success diploma until that pupil would otherwise have graduated at the end of grade twelve. Students who elect to remain in high school under this subsection shall be eligible to participate in extracurricular activities, including interscholastic sports, through the end of grade twelve.

6. Students who pursue but do not meet the eligibility requirements for a show-me success diploma at the end of grade ten or eleven shall receive a customized program of assistance during the next school year that addresses areas in which the student demonstrated deficiencies in the course requirements. Students may choose to return to a traditional academic program without completing the show-me success diploma.

7. The department of elementary and secondary education shall provide training, guidance, and assistance to teachers and administrators of the schools offering the show-me success diploma and shall closely monitor the progress of the schools in the development of the program.

8. Pupils who earn a show-me success diploma and do not remain enrolled in the district or charter school and instead enroll, or show proof that they will enroll, in a postsecondary educational institution eligible to participate in a student aid program administered by the U.S. Department of Education shall be included in the district's or charter school's state aid calculation under section 163.031, until such time that the pupil would have completed the pupil's twelfth grade year had the pupil not earned a show-me success diploma. The funding assigned to a pupil under this subsection shall be calculated as if the pupil's attendance percentage equaled the district's or charter school's prior year average attendance percentage. For a pupil who, as provided in this subsection, is included in the district's or charter school's state aid calculation but who is not enrolled in the district or charter school, an amount equal to ninety percent of the pupil's proportionate share of the state, local, and federal aid that the district or charter school receives for the pupil under this subsection shall be deposited into an account established under sections 166.400 to 166.455 that lists the pupil as the beneficiary. The state treasurer shall provide guidance and assist school districts, charter schools, pupils, and parents or guardians of pupils with the creation, maintenance, and use of an account that has been established under sections 166.400 to 166.455.

9. The department of elementary and secondary education shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

Further amend said bill, Page 20, Section 161.241, Line 44, by inserting after said section and line the following:

"161.380. 1. Subject to appropriations, the department of elementary and secondary education shall establish the "Competency-Based Education Grant Program".

2. (1) There is hereby created in the state treasury the "Competency-Based Education Grant Program Fund". The fund shall consist of any appropriations to such fund and any gifts, contributions, grants, or bequests received from private or other sources for the purpose of providing competency-based education programs. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements of public moneys in accordance with distribution requirements and procedures developed by the department of elementary and secondary education. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely for the administration of this section.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

3. The department of elementary and secondary education shall award grants from the competency-based education grant program fund to eligible school districts for the purpose of providing competency-based education programs. A school district wishing to receive such a grant shall submit an application to the department of elementary and secondary education addressing:

- (1) Affords students flexibility to progress and earn course credit upon demonstration of mastery, including through early high school graduation;
- (2) Provides individual learning and assessment options, including through experiential and project-based learning, online or blended learning, additional remedial education time, and accelerated-pace curricula;
- (3) Assesses student proficiency based on graduate profiles describing meaningful and critical knowledge and skills that students should have upon graduation; or
- (4) Assesses student proficiency through tasks developed both locally and at the state level, performance of which demonstrates mastery.

6. The department of elementary and secondary education shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void.

161.385. 1. There is hereby established the "Competency-Based Education Task Force" to study and develop competency-based education programs in public schools. Task force members shall be chosen to represent the geographic diversity of the state. Task force members shall be appointed for a term of two years and may be reappointed. 3. The department of elementary and secondary education shall provide such legal, research, clerical, and technical services as the task force may require in the performance of official duties.

4. The task force shall:

(1) Work toward implementing competency-based education courses statewide and devising a plan for Missouri to lead the way in competency-based education courses;

(a) Is consistent with the most effective competency-based education programs identified by the task force under subdivision (3) of this subsection;

(b) Assesses students based on both locally developed and common statewide performance tasks tied to grade and course competencies aligned with state content standards; and

(c) Complies with all applicable federal law, including 20 U.S.C. Section 6311(b)(1)(B), as amended. To the extent that implementing a competency-based performance assessment would require the department of elementary and secondary education to obtain innovative assessment and accountability demonstration authority under 20 U.S.C. Section 6364, as amended, the task force shall develop findings and recommendations for obtaining such authority.

5. Beginning in 2023, the task force shall present its findings and recommendations to the speaker of the house of representatives, the president pro tempore of the senate, the joint committee on education, and the state board of education by December first annually."; and

Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. An additional fee shall be added to each credit card, debit card, or other electronic transaction equal to the charge paid by the state or the applicant for the use of the credit card, debit card, or other electronic payment method by the applicant.

12. For processing a renewal for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and

his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section ~~169.580 or~~ 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in

accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death.

Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;
- (3) At least twenty years but less than twenty-five years, eight hundred dollars;
- (4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received."; and

JOURNAL OF THE HOUSE

Second Regular Session, 101st GENERAL ASSEMBLY

SIXTY-THIRD DAY, TUESDAY, MAY 3, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The heavens declare the glory of God; and the firmament showeth His handiwork. (Psalm 19:1)

Almighty God, our shepherd, who displays Your glory in the heavens and who reveals Your word, deliver us, as we draw near to You, from coldness of heart and wandering of mind that with steadfast thoughts and kindled affections we may worship You in spirit and in truth during these busy final days.

Bless these servants of our people as they give themselves in service to our fellow Missourians. Grant them clear vision to see what is needed in our society, creative wisdom to work at meeting the needs of our state, and courageous spirit to do something about it, building self-respect and cultivating joy among the citizens of our state.

May Your Holy Spirit move in our hearts. Give us wisdom to know Your will and the strength to do it. So rule our hearts and so reign in our minds that law and order, justice and peace may prevail everywhere, to the glory of Your name and the good of our beloved state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-second day was approved as printed by the following vote:

Regardless of whether or not the trustees are elected or appointed, in the event the district extends into any county bordering the county in which the greater portion of the district lies, the presiding commissioner or other chief executive officer of the adjoining county shall be an additional member of the board of trustees, or the governing body of such bordering county may appoint a citizen from such county to serve as an additional member of the board of trustees. Said additional trustee shall meet the qualifications set forth in this section for a trustee.

2. ~~[The trustees shall receive no compensation for their services but may be compensated for reasonable expenses normally incurred in the performance of their duties.]~~ **Each trustee of the board may receive an attendance fee not to exceed one hundred dollars for attending each regularly called board meeting, or special meeting, but shall not be paid for attending more than two meetings in any calendar month. However, no trustee shall be paid more than one attendance fee if such trustee attends more than one board meeting in a calendar week. Each trustee of the board shall be reimbursed for his or her actual expenditures in the performance of his or her duties on behalf of the district. Subject to the provisions of section 105.454, the trustees may be paid reasonable compensation by the district for their services outside their duties as trustees.** The board of trustees may employ and fix the compensation of such staff as may be necessary to discharge the business and purposes of the district, including clerks, attorneys, administrative assistants, and any other necessary personnel. The board of trustees may employ and fix the duties and compensation of an administrator for the district. 3. Except as provided in subsection 1 of this section, the term of office of a trustee shall be five years. The remaining trustees shall appoint a person qualified under this section to fill any vacancy on the board. The initial trustees appointed by the circuit court shall serve until the first Tuesday after the first Monday in June or until the first Tuesday after the first Monday in April, depending upon the resolution of the trustees. In the event that the trustees are elected, said elections shall be conducted by the appropriate election authority under chapter 115. Otherwise, trustees shall be appointed by the county commission in accordance with the qualifications set forth in subsection 1 of this section.

4. Notwithstanding any other provision of law, if there is only one candidate for the post of trustee, then no election shall be held, and the candidate shall assume the responsibilities of office at the same time and in the same manner as if elected. Representative Hicks offered **House Amendment No. 3 to House Amendment No. 2**.

*House Amendment No. 3
to
House Amendment No. 2*

AMEND House Amendment No. 2 to House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 775, 751 & 640, Page 1, Line 2, after the number "640," by inserting in lieu thereof the following:

"Page 1, Section 476.418, Line 11, by inserting after all of said section and line the following:

"490.800. 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such offense as a result of any evidentiary method except DNA profiling analysis may be paid restitution. The individual may receive an amount of one hundred dollars per day for each day of postconviction incarceration for the offense

for which the individual is determined to be actually innocent. The petition for the payment of such restitution shall be filed with the sentencing court. For the purposes of this section, the term "actually innocent" shall mean:

- (1) The individual was convicted of a felony for which a final order of release was entered by the court;
- (2) All appeals of the order of release have been exhausted;
- (3) The individual was not serving any term of a sentence for any other offense concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the parole board in connection with the offense for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person's probation or parole at the time of conviction for the offense for which the person is later determined to be actually innocent, when the court's or the parole board's sole stated reason for the revocation in its order is the conviction for the offense for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that the person's probation or parole was revoked in connection with the offense for which the person has been exonerated; and
- (4) The evidentiary method demonstrates the person's innocence of the offense for which the person is in custody.

Any individual who receives restitution under this section shall not also receive restitution under section 650.058 and shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. No individual awarded restitution under this subsection shall receive more than thirty-six thousand five hundred dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831.

2. A petition for payment of restitution under this section may be filed only by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

3. An individual who is determined to be actually innocent of an offense under this section shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordings of his or her arrest, plea, trial, or conviction. Upon the court's granting the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and available only to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea, or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction, or expungement in response to any inquiry made of him or her for any purpose whatsoever, and no such inquiry shall be made for information relating to an expungement under this section."; and

No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831.

2. If the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

- (1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and
- (2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may ~~only~~ be filed **only** by the individual determined to be actually innocent or the individual's legal guardian. "66.010. 1. Any county framing and adopting a charter for its own government under the provisions of Section 18, Article VI of the Constitution of this state, may prosecute and punish violations of its county ordinances in the circuit court of such counties in the manner and to the extent herein provided or in a county municipal court. In addition, the county may prosecute and punish municipal ordinance violations in the county municipal court pursuant to a contract with any municipality within the county. Any county municipal court established pursuant to the provisions of this section shall have jurisdiction over violations of that county's ordinances and the ordinances of municipalities with which the county has a contract to prosecute and punish violations of municipal ordinances of the city. Costs and procedures in any such county municipal court shall be governed by the provisions of law relating to municipal ordinance violations in municipal divisions of circuit courts.

2. In any county which has elected to establish a county municipal court pursuant to this section, the judges for such court shall be appointed by the county executive of such county, subject to confirmation by the legislative body of such county in the same manner as confirmation for other county appointed officers. The number of judges appointed, and qualifications for their appointment, shall be established by ordinance of the county.

3. The number of divisions of such county municipal court and its term shall be established by ordinance of the county.

House Amendment No. 5

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 775, 751 & 640, Page 1, Section A, Line 4, by inserting after said section and line the following:

"455.073. 1. By July 1, 1996, the supreme court of the state of Missouri shall:
 (1) Develop and adopt uniform forms for petitions and orders of protection; and
 (2) Provide the forms to each circuit clerk.

2. The following statements shall be printed in bold faced type or in capital letters on the order of protection:
(1) "Violation of this order may be punished by confinement in jail for as long as five years and by a fine of as much as five thousand dollars"; and

(2) "If so ordered by the court, the respondent is forbidden to enter or stay at the petitioner's residence".

3. The form prescribed by the supreme court for the notice of hearing required by subsection 2 of section 455.040 shall list all potential relief that can be granted by the court in any proceeding pursuant to sections 455.010 to 455.085 as described in section 455.050, and shall advise the respondent that such relief may be granted if the court finds for the petitioner, or if the respondent defaults to the petition.

4. If a full order of protection is granted, all temporary orders shall continue in the full order of protection and shall remain in full force and effect unless otherwise ordered by the court.

5. All orders of protection shall be issued on the form adopted pursuant to subsection 1 of this section.

455.075. The court may order a party to pay a reasonable amount to the other party for attorney's fees incurred prior to the commencement of the proceeding ~~[or]~~, **throughout the proceeding**, and after entry of judgment. The court shall consider all relevant factors, including the financial resources of both parties, and may order that the amount be paid directly to the attorney, who may enforce the order in his name.

455.085. 1. When a law enforcement officer has probable cause to believe a party has committed a violation of law amounting to domestic violence, as defined in section 455.010, against a family or household member, the officer may arrest the offending party whether or not the violation occurred in the presence of the arresting officer. When the officer declines to make arrest pursuant to this subsection, the officer shall make a written report of the incident completely describing the offending party, giving the victim's name, time, address, reason why no arrest was made and any other pertinent information. Any law enforcement officer subsequently called to the same address within a twelve-hour period, who shall find probable cause to believe the same offender has again committed a violation as stated in this subsection against the same or any other family or household member, shall arrest the offending party for this subsequent offense. The primary report of nonarrest in the preceding twelve-hour period may be considered as evidence of the defendant's intent in the violation for which arrest occurred. The refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

2. When a law enforcement officer has probable cause to believe that a party, against whom a protective order has been entered and who has notice of such order entered, has committed an act of abuse in violation of such order, the officer shall arrest the offending party-respondent whether or not the violation occurred in the presence of the arresting officer. Refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

3. When an officer makes an arrest, the officer is not required to arrest two parties involved in an assault when both parties claim to have been assaulted. The arresting officer shall attempt to identify and shall arrest the party the officer believes is the primary physical aggressor. The term "primary physical aggressor" is defined as the most significant, rather than the first, aggressor. The law enforcement officer shall consider any or all of the following in determining the primary physical aggressor:

- (1) The intent of the law to protect victims from continuing domestic violence;
- (2) The comparative extent of injuries inflicted or serious threats creating fear of physical injury;
- (3) The history of domestic violence between the persons involved.

No law enforcement officer investigating an incident of domestic violence shall threaten the arrest of all parties for the purpose of discouraging requests or law enforcement intervention by any party. Where complaints are received from two or more opposing parties, the officer shall evaluate each complaint separately to determine whether the officer should seek a warrant for an arrest.

4. In an arrest in which a law enforcement officer acted in good faith reliance on this section, the arresting and assisting law enforcement officers and their employing entities and superiors shall be immune from liability in any civil action alleging false arrest, false imprisonment or malicious prosecution.

5. When a person against whom an order of protection has been entered fails to surrender custody of minor children to the person to whom custody was awarded in an order of protection, the law enforcement officer shall arrest the respondent, and shall turn the minor children over to the care and custody of the party to whom such care and custody was awarded.

6. The same procedures, including those designed to protect constitutional rights, shall be applied to the respondent as those applied to any individual detained in police custody.

7. A violation of the terms and conditions, with regard to domestic violence, stalking, sexual assault, child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of an ex parte order of protection of which the respondent has notice, shall be a class A misdemeanor unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior pleas of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

8. A violation of the terms and conditions, with regard to domestic violence, stalking, sexual assault, child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of a full order of protection shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior plea of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of the sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict. For the purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an order of protection if:

(1) The law enforcement officer responding to a call of a reported incident of domestic violence, stalking, sexual assault, or violation of an order of protection presented a copy of the order of protection to the respondent; **or**

(2) **Notice is given by actual communication to the respondent in a manner reasonably likely to advise the respondent.**

9. Good faith attempts to effect a reconciliation of a marriage shall not be deemed tampering with a witness or victim tampering under section 575.270.

10. Nothing in this section shall be interpreted as creating a private cause of action for damages to enforce the provisions set forth herein."; and

Further amend said bill, Page 2, Section 491.015, Line 31, by inserting after said section and line the following:

"546.262. A court shall not compel a victim or member of the victim's family testifying in a criminal proceeding for a violation of sections 565.072 to 565.076 to disclose a residential address or place of employment on the record in open court unless the court finds that disclosure of the address or place of employment is necessary.

546.263. 1. A person may testify by video conference at a civil trial involving an offense under sections 565.072 to 565.076 if the person testifying is the victim of the offense. The circuit and associate circuit court judges for each circuit shall develop local rules and instructions for appearances by video conference permitted under this subsection, which shall be posted on the circuit court's internet website.

2. The circuit and associate circuit court judges for each circuit shall provide, and post on the circuit court's internet website, a telephone number for the public to call for assistance regarding appearances by video conference.

556.046. 1. A person may be convicted of an offense included in an offense charged in the indictment or information. An offense is so included when:

(1) It is established by proof of the same or less than all the facts required to establish the commission of the offense charged; or

(2) It is specifically denominated by statute as a lesser degree of the offense charged; or

(3) It consists of an attempt to commit the offense charged or to commit an offense otherwise included therein.

2. The court shall not be obligated to charge the jury with respect to an included offense unless there is a **rational** basis for a verdict acquitting the person of the offense charged and convicting him **or her** of the included offense. An offense is charged for purposes of this section if:

- (1) It is in an indictment or information; or
- (2) It is an offense submitted to the jury because there is a **rational** basis for a verdict acquitting the person of the offense charged and convicting the person of the included offense.

3. The court shall be obligated to instruct the jury with respect to a particular included offense only if **the instruction is requested and** there is a **rational** basis in the evidence for acquitting the person of the immediately higher included offense and ~~[there is a basis in the evidence for]~~ convicting the person of that particular included offense.

House Amendment No. 6

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 775, 751 & 640, Page 1, Section A, Line 4, by inserting after all of said section and line the following:

"217.703. 1. The division of probation and parole shall award earned compliance credits to any offender who is:

(1) Not subject to lifetime supervision under sections 217.735 and 559.106 or otherwise found to be ineligible to earn credits by a court pursuant to subsection 2 of this section;

(2) On probation, parole, or conditional release for an offense listed in chapter 579, or an offense previously listed in chapter 195, or for a class D or E felony, excluding sections 565.225, 565.252, 566.031, 566.061, 566.083, 566.093, 568.020, 568.060, offenses defined as sexual assault under section 589.015, deviate sexual assault, assault in the second degree under subdivision (2) of subsection 1 of section 565.052, endangering the welfare of a child in the first degree under subdivision (2) of subsection 1 of section 568.045, and any offense of aggravated stalking or assault in the second degree under subdivision (2) of subsection 1 of section 565.060 as such offenses existed prior to January 1, 2017;

(3) Supervised by the division of probation and parole; and

(4) In compliance with the conditions of supervision imposed by the sentencing court or board.

2. If an offender was placed on probation, parole, or conditional release for an offense of:

(1) Involuntary manslaughter in the second degree;

(2) Assault in the second degree except under subdivision (2) of subsection 1 of section 565.052 or section 565.060 as it existed prior to January 1, 2017;

(3) Domestic assault in the second degree;

(4) Assault in the third degree when the victim is a special victim or assault of a law enforcement officer in the second degree as it existed prior to January 1, 2017;

(5) Statutory rape in the second degree;

(6) Statutory sodomy in the second degree;

(7) Endangering the welfare of a child in the first degree under subdivision (1) of subsection 1 of section 568.045; or

(8) Any case in which the defendant is found guilty of a felony offense under chapter 571;

the sentencing court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that the offender is ineligible to earn compliance credits because the nature and circumstances of the offense or the history and character of the offender indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender. The motion may be made any time prior to the first month in which the person may earn compliance credits under this section or at a hearing under subsection 5 of this section. The offender's ability to earn credits shall be suspended until the court or board makes its finding. If the court or board finds that the offender is eligible for earned compliance credits, the credits shall begin to accrue on the first day of the next calendar month following the issuance of the decision.

3. Earned compliance credits shall reduce the term of probation, parole, or conditional release by thirty days for each full calendar month of compliance with the terms of supervision. Credits shall begin to accrue for eligible offenders after the first full calendar month of supervision or on October 1, 2012, if the offender began a term of probation, parole, or conditional release before September 1, 2012.

4. For the purposes of this section, the term "compliance" shall mean the absence of an initial violation report or notice of citation submitted by a probation or parole officer during a calendar month, or a motion to revoke or motion to suspend filed by a prosecuting or circuit attorney, against the offender.

5. Credits shall not accrue during any calendar month in which a violation report, which may include a report of absconder status, has been submitted, the offender is in custody, or a motion to revoke or motion to suspend has been filed, and shall be suspended pending the outcome of a hearing, if a hearing is held. If no hearing is held, or if a hearing is held and the offender is continued under supervision, or the court or board finds that the violation did not occur, then the offender shall be deemed to be in compliance and shall begin earning credits on the first day of the next calendar month following the month in which the report was submitted or the motion was filed. If a hearing is held, all earned credits shall be rescinded if:

(1) The court or board revokes the probation or parole or the court places the offender in a department program under subsection 4 of section 559.036 ~~or under section 217.785~~; or

(2) The offender is found by the court or board to be ineligible to earn compliance credits because the nature and circumstances of the violation indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender.

Earned credits, if not rescinded, shall continue to be suspended for a period of time during which the court or board has suspended the term of probation, parole, or release, and shall begin to accrue on the first day of the next calendar month following the lifting of the suspension.

6. Offenders who are deemed by the division to be absconders shall not earn credits. For purposes of this subsection, "absconder" shall mean an offender under supervision whose whereabouts are unknown and who has left such offender's place of residency without the permission of the offender's supervising officer and without notifying of their whereabouts for the purpose of avoiding supervision. An offender shall no longer be deemed an absconder when such offender is available for active supervision.

7. Notwithstanding subsection 2 of section 217.730 to the contrary, once the combination of time served in custody, if applicable, time served on probation, parole, or conditional release, and earned compliance credits satisfy the total term of probation, parole, or conditional release, the board or sentencing court shall order final discharge of the offender, so long as the offender has completed restitution and at least two years of his or her probation, parole, or conditional release, which shall include any time served in custody under section 217.718 and sections 559.036 and 559.115.

8. The award or rescission of any credits earned under this section shall not be subject to appeal or any motion for postconviction relief.

9. At least twice a year, the division shall calculate the number of months the offender has remaining on his or her term of probation, parole, or conditional release, taking into consideration any earned compliance credits, and notify the offender of the length of the remaining term.

10. No less than sixty days before the date of final discharge, the division shall notify the sentencing court, the board, and, for probation cases, the circuit or prosecuting attorney of the impending discharge. If the sentencing court, the board, or the circuit or prosecuting attorney upon receiving such notice does not take any action under subsection 5 of this section, the offender shall be discharged under subsection 7 of this section.

11. Any offender who was sentenced prior to January 1, 2017, to an offense that was eligible for earned compliance credits under subsection 1 or 2 of this section at the time of sentencing shall continue to remain eligible for earned compliance credits so long as the offender meets all the other requirements provided under this section.

12. The application of earned compliance credits shall be suspended upon entry into a treatment court, as described in sections 478.001 to 478.009, and shall remain suspended until the offender is discharged from such treatment court. Upon successful completion of treatment court, all earned compliance credits accumulated during the suspension period shall be retroactively applied, so long as the other terms and conditions of probation have been successfully completed."; and

Further amend said bill, Page 2, Section 491.015, Line 31, by inserting after all of said section and line the following:

"559.036. 1. A term of probation commences on the day it is imposed. Multiple terms of Missouri probation, whether imposed at the same time or at different times, shall run concurrently. Terms of probation shall also run concurrently with any federal or other state jail, prison, probation or parole term for another offense to which the defendant is or becomes subject during the period~~]; unless otherwise specified by the Missouri court~~].

2. The court may terminate a period of probation and discharge the defendant at any time before completion of the specific term fixed under section 559.016 if warranted by the conduct of the defendant and the ends of justice. The court may extend the term of the probation, but no more than one extension of any probation may be ordered except that the court may extend the term of probation by one additional year by order of the court if the defendant admits he or she has violated the conditions of probation or is found by the court to have violated the conditions of his or her probation. Total time on any probation term, including any extension shall not exceed the maximum term established in section 559.016. **Total time on any probation term shall not include time when the probation term is suspended under this section.** Procedures for termination, discharge and extension may be established by rule of court.

3. If the defendant violates a condition of probation at any time prior to the expiration or termination of the probation term, the court may continue him or her on the existing conditions, with or without modifying or enlarging the conditions or extending the term.

4. (1) Unless the defendant consents to the revocation of probation, if a continuation, modification, enlargement or extension is not appropriate under this section, the court shall order placement of the offender in ~~one of the~~ a department of corrections' one hundred twenty-day ~~programs~~ **program** so long as:

(a) The underlying offense for the probation is a class D or E felony or an offense listed in chapter 579 or an offense previously listed in chapter 195; except that, the court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that an offender is not eligible if the underlying offense is involuntary manslaughter in the second degree, stalking in the first degree, assault in the second degree, sexual assault, rape in the second degree, domestic assault in the second degree, assault in the third degree when the victim is a special

victim, statutory rape in the second degree, statutory sodomy in the second degree, deviate sexual assault, sodomy in the second degree, sexual misconduct involving a child, incest, endangering the welfare of a child in the first degree under subdivision (1) or (2) of subsection 1 of section 568.045, abuse of a child, invasion of privacy, any case in which the defendant is found guilty of a felony offense under chapter 571, or an offense of aggravated stalking or assault of a law enforcement officer in the second degree as such offenses existed prior to January 1, 2017;

(b) The probation violation is not the result of the defendant being an absconder or being found guilty of, pleading guilty to, or being arrested on suspicion of any felony, misdemeanor, or infraction. For purposes of this subsection, "absconder" shall mean an offender under supervision who has left such offender's place of residency without the permission of the offender's supervising officer for the purpose of avoiding supervision;

(c) The defendant has not violated any conditions of probation involving the possession or use of weapons, or a stay-away condition prohibiting the defendant from contacting a certain individual; and

(d) The defendant has not already been placed in one of the programs by the court for the same underlying offense or during the same probation term.

(2) Upon receiving the order, the department of corrections shall conduct an assessment of the offender and place such offender in ~~either the [appropriate] one hundred twenty-day~~ **structured cognitive behavioral intervention program [under subsection 3 of section 559.115] or the one hundred twenty-day institutional treatment program.** The placement of the offender in the structured cognitive behavioral intervention program or institutional treatment program shall be at the sole discretion of the department based on the assessment of the offender. The program shall begin upon receipt of the offender by the department. The time between the court's order and receipt of the offender by the department shall not apply toward the program.

(3) ~~[Notwithstanding any of the provisions of subsection 3 of section 559.115 to the contrary, once the defendant has successfully completed the program under this subsection, the court shall release the defendant to continue to serve the term of probation, which shall not be modified, enlarged, or extended based on the same incident of violation.]~~ **Upon successful completion of a program under this subsection, as determined by the department, the division of probation and parole shall advise the sentencing court of the defendant's probationary release date thirty days prior to release. Once the defendant has successfully completed a program under this subsection, the court shall release the defendant to continue to serve the term of probation, which shall not be modified, enlarged, or extended based on the same incident of violation.**

(4) If the department determines the defendant has not successfully completed a one hundred twenty-day program under this section, the division of probation and parole shall advise the prosecuting attorney and the sentencing court of the defendant's unsuccessful program exit and the defendant shall be removed from the program. The defendant shall be released from the department within fifteen working days after the court is notified of the unsuccessful program exit, unless the court has issued a warrant in response to the unsuccessful program exit to facilitate the return of the defendant to the county of jurisdiction for further court proceedings. If a defendant is discharged as unsuccessful from a one hundred twenty-day program, the sentencing court may modify, enlarge, or revoke the defendant's probation based on the same incident of the violation.

(5) Time served in the program shall be credited as time served on any sentence imposed for the underlying offense.

5. If the defendant consents to the revocation of probation or if the defendant is not eligible under subsection 4 of this section for placement in a program and a continuation, modification, enlargement, or extension of the term under this section is not appropriate, the court may revoke probation and order that any sentence previously imposed be executed. If imposition of sentence was suspended, the court may revoke probation and impose any sentence available under section 557.011. The court may mitigate any sentence of imprisonment by reducing the prison or jail term by all or part of the time the defendant was on probation. The court may, upon revocation of probation, place an offender on a second term of probation. Such probation shall be for a term of probation as provided by section 559.016, notwithstanding any amount of time served by the offender on the first term of probation.

6. Probation shall not be revoked without giving the probationer notice and an opportunity to be heard on the issues of whether such probationer violated a condition of probation and, if a condition was violated, whether revocation is warranted under all the circumstances. Not less than five business days prior to the date set for a hearing on the violation, except for a good cause shown, the judge shall inform the probationer that he or she may have the right to request the appointment of counsel if the probationer is unable to retain counsel. If the probationer requests counsel, the judge shall determine whether counsel is necessary to protect the probationer's due process rights. If the judge determines that counsel is not necessary, the judge shall state the grounds for the decision in the record.

7. The prosecuting or circuit attorney may file a motion to revoke probation or at any time during the term of probation, the court may issue a notice to the probationer to appear to answer a charge of a violation, and the court may issue a warrant of arrest for the violation. Such notice shall be personally served upon the probationer. The warrant shall authorize the return of the probationer to the custody of the court or to any suitable detention facility designated by the court. Upon the filing of the prosecutor's or circuit attorney's motion or on the court's own motion, the court may immediately enter an order suspending the period of probation and may order a warrant for the defendant's arrest. The probation shall remain suspended until the court rules on the prosecutor's or circuit attorney's motion, or until the court otherwise orders the probation reinstated. **Notwithstanding any other provision of the law, the probation term shall be tolled during the time period when the probation is suspended under this section. The court may grant the probationer credit on the probation term for any of the tolled period when reinstating the probation term.**

8. The power of the court to revoke probation shall extend for the duration of the term of probation designated by the court and for any further period which is reasonably necessary for the adjudication of matters arising before its expiration, provided that some affirmative manifestation of an intent to conduct a revocation hearing occurs prior to the expiration of the period and that every reasonable effort is made to notify the probationer and to conduct the hearing prior to the expiration of the period. **If the delay of the hearing is attributable to the probationer's actions or the probationer otherwise consents or acquiesces to the delay, the court shall have been found to have made every reasonable effort to conduct the hearing within the probation term.**

9. A defendant who was sentenced prior to January 1, 2017 to an offense that was eligible at the time of sentencing under paragraph (a) of subdivision (1) of subsection 4 of this section for the court ordered detention sanction shall continue to remain eligible for the sanction so long as the defendant meets all the other requirements provided under subsection 4 of this section.

559.115. 1. Neither probation nor parole shall be granted by the circuit court between the time the transcript on appeal from the offender's conviction has been filed in appellate court and the disposition of the appeal by such court.

2. Unless otherwise prohibited by subsection 8 of this section, a circuit court only upon its own motion and not that of the state or the offender shall have the power to grant probation to an offender anytime up to one hundred twenty days after such offender has been delivered to the department of corrections but not thereafter. The court may request information and a recommendation from the department concerning the offender and such offender's behavior during the period of incarceration. Except as provided in this section, the court may place the offender on probation in a program created pursuant to section 217.777, or may place the offender on probation with any other conditions authorized by law.

3. The court may recommend placement of an offender in a department of corrections one hundred twenty-day program under this subsection ~~[or order such placement under subsection 4 of section 559.036]. [Upon the recommendation or order of the court,]~~ The department of corrections shall assess each offender to determine the appropriate one hundred twenty-day program in which to place the offender, which may include placement in the ~~[shock incarceration]~~ **structured cognitive behavioral intervention** program or institutional treatment program. **The placement of an offender in the structured cognitive behavioral intervention program or institutional treatment program shall be at the sole discretion of the department based on the assessment of the offender and available bed space.** When the court recommends and receives placement of an offender in a department of corrections one hundred twenty-day program, the offender shall be released on probation if the department of corrections determines that the offender has successfully completed the program except as follows. Upon successful completion of a program under this subsection, the division of probation and parole shall advise the sentencing court of an offender's probationary release date thirty days prior to release. The court shall follow the recommendation of the department unless the court determines that probation is not appropriate. If the court determines that probation is not appropriate, the court may order the execution of the offender's sentence only after conducting a hearing on the matter within ninety to one hundred twenty days from the date the offender was delivered to the department of corrections. If the department determines the offender has not successfully completed a one hundred twenty-day program under this subsection, the ~~[offender shall be removed from the program and the court shall be advised of the removal.]~~ **division of probation and parole shall advise the prosecuting attorney and the sentencing court of the defendant's unsuccessful program exit and the defendant shall be removed from the program.** The department shall report on the offender's participation in the program and may provide recommendations for terms and conditions of an offender's probation. The court shall then have the power to grant probation or order the execution of the offender's sentence.

4. If the court is advised that an offender is not eligible for placement in a one hundred twenty-day program under subsection 3 of this section, the court shall consider other authorized dispositions. If the department of corrections one hundred twenty-day program under subsection 3 of this section is full, the court may place the offender in a private program approved by the department of corrections or the court, the expenses of such program to be paid by the offender, or in an available program offered by another organization. If the offender is convicted of a class C, class D, or class E nonviolent felony, the court may order probation while awaiting appointment to treatment.

5. Except when the offender has been found to be a predatory sexual offender pursuant to section 566.125, the court shall request the department of corrections to conduct a sexual offender assessment if the defendant has been found guilty of sexual abuse when classified as a class B felony. Upon completion of the assessment, the department shall provide to the court a report on the offender and may provide recommendations for terms and conditions of an offender's probation. The assessment shall not be considered a one hundred twenty-day program as provided under subsection 3 of this section. The process for granting probation to an offender who has completed the assessment shall be as provided under subsections 2 and 6 of this section.

6. Unless the offender is being granted probation pursuant to successful completion of a one hundred twenty-day program the circuit court shall notify the state in writing when the court intends to grant probation to the offender pursuant to the provisions of this section. The state may, in writing, request a hearing within ten days of receipt of the court's notification that the court intends to grant probation. Upon the state's request for a hearing, the court shall grant a hearing as soon as reasonably possible. If the state does not respond to the court's notice in writing within ten days, the court may proceed upon its own motion to grant probation.

7. An offender's first incarceration under this section prior to release on probation shall not be considered a previous prison commitment for the purpose of determining a minimum prison term under the provisions of section 558.019.

8. Notwithstanding any other provision of law, probation may not be granted pursuant to this section to offenders who have been convicted of murder in the second degree pursuant to section 565.021; forcible rape pursuant to section 566.030 as it existed prior to August 28, 2013; rape in the first degree under section 566.030; forcible sodomy pursuant to section 566.060 as it existed prior to August 28, 2013; sodomy in the first degree under section 566.060; statutory rape in the first degree pursuant to section 566.032; statutory sodomy in the first degree pursuant to section 566.062; child molestation in the first degree pursuant to section 566.067 when classified as a class A felony; abuse of a child pursuant to section 568.060 when classified as a class A felony; or an offender who has been found to be a predatory sexual offender pursuant to section 566.125; **any offense under section 557.045**; or any offense in which there exists a statutory prohibition against either probation or parole."; and

An application for detention for evaluation and treatment may be executed by any adult person, who need not be an attorney or represented by an attorney, including the mental health coordinator, on a form provided by the court for such purpose, and must allege under oath, **without a notarization requirement**, that the applicant has reason to believe that the respondent is suffering from a mental disorder and presents a likelihood of serious harm to himself **or herself** or to others. The application must specify the factual information on which such belief is based and should contain the names and addresses of all persons known to the applicant who have knowledge of such facts through personal observation.

2. "435.300. As used in sections 435.300 to 435.312, the following terms mean:

(1) "Alternative dispute resolution communication", a statement, whether communicated orally, in writing, or by nonverbal conduct, that is either:

(a) Related to the subject matter of the dispute and made during an alternative dispute resolution process; or

(b) Made as part of considering, conducting, participating in, initiating, continuing, or reconvening an alternative dispute resolution process.

The term "alternative dispute resolution communication" shall not include the notifications or reports made under subsection 2 of section 435.303 or subsection 8 of section 435.306 or a written agreement as described under section 435.312;

(2) "Alternative dispute resolution process", mediation, arbitration, or early neutral evaluation used in conjunction with a pending civil action, and any other alternative to trial that has been included in a local court rule applicable to a civil dispute;

(3) "Arbitration", a procedure in which a neutral or panel of neutrals hears and decides a dispute between two or more parties;

(4) "Conflict of interest", any direct or indirect financial or personal interest in the outcome of a dispute or any existing or prior financial, business, professional, family, or social relationship with any participant in an alternative dispute resolution process that is likely to affect the impartiality of the neutral or that may reasonably create an appearance of partiality or bias;

(5) "Early neutral evaluation", a process in which a neutral provides parties to a dispute with a nonbinding assessment of their dispute;

(6) "In camera", a proceeding held in a judge's chambers or in a courtroom from which the public is excluded;

(7) "Mandated reporter", an individual who is required to report abuse or neglect under the provisions of section 192.2405, 192.2475, 198.070, 208.912, 210.115, 352.400, 630.162, or 630.165;

(8) "Mediation", a process in which a neutral facilitates communications among the parties and assists the parties in their efforts to reach a voluntary agreement regarding the dispute;

(9) "Mediator", a neutral who conducts mediation;

(10) "Neutral", an individual who, acting independently and not as a representative, agent, or advocate of any of the parties, assists the parties in their efforts to reach a resolution of their dispute through an alternative dispute resolution process;

(11) "Participant", any person or entity, including any neutral or party, who participates in an alternative dispute resolution process;

(12) "Party", an individual or entity named as a party in a pending civil action, or in an agreement to use an alternative dispute resolution process as described under sections 435.309 and 435.312;

(13) "Person", an individual; a public or private corporation, business trust, estate, trust, partnership, limited liability company, or insurance company; an association; a joint venture; a governmental unit, subdivision, agency, or instrumentality of the state; or any other legal or commercial entity;

(14) "Proceeding", a judicial, administrative, arbitral, or other adjudicative process, including related prehearing and posthearing motions, conferences, hearings, and discovery;

(15) "Writing" or "written", a tangible or electronic record of a communication or representation, including handwriting, typewriting, printing, photostating, photography, audio or video recording, and electronic communication;

(16) "Written agreement", a writing that:

(a) Contains the essential terms of an agreement; and

(b) Is signed, executed, or adopted by the parties by any process described under subdivision (15) of this section, including electronic signatures as permitted by section 432.230, with the intent to sign and be bound by the writing and attached to or logically associated with the writing.

435.303. 1. A court may refer any individual civil case or category of civil cases to mediation or another nonbinding alternative dispute resolution process either by rule or court order.

2. Within thirty days of referral by a court to a nonbinding alternative dispute resolution process under subsection 1 of this section, or such longer time as may be set by the court, or with leave of the court, the parties may:

(1) Notify the court that all of the parties have chosen to pursue an alternative dispute resolution process different from the nonbinding alternative dispute resolution process ordered by the court if such choice is evidenced in a written agreement between the parties;

(2) Notify the court that all of the parties have agreed to delay such process until a date certain, which date may be subsequently modified by the court, to allow for the exchange of specified information, the identification of representatives with authority, or another identified action or event related to the ability of the parties to participate effectively in that process; or

(3) File a motion for relief from the referral setting forth the reasons for not participating if any party, after conferring with all other parties, concludes that referral to a nonbinding alternative dispute resolution process has no reasonable chance of helping the parties to better understand or resolve one or more of the procedural or substantive issues in the matter or there is a compelling circumstance for not participating in the alternative dispute resolution process. Once a motion for relief has been filed, the alternative dispute resolution process ordered by the court shall not occur until the court has ruled on the motion. If the court grants the motion, the matter shall not thereafter be referred by the court to an alternative dispute resolution process without compelling circumstances, which shall be set out by the court in any order referring the matter to an alternative dispute resolution process.

3. In an action referred to a nonbinding alternative dispute resolution process, discovery may proceed as in any other action before, during, and after the nonbinding alternative dispute resolution process is held. The court may stay discovery in whole or in part during the pendency of an alternative dispute resolution process in order to promote savings in time and expense without sacrificing the quality of justice.

4. A neutral who is appointed by the court or requested by the parties to serve in a nonbinding alternative dispute resolution process under sections 435.300 to 435.312 shall avoid any conflict of interest. If the neutral believes that no disqualifying conflict exists, the neutral shall:

(1) Make a reasonable inquiry to determine whether there are any facts that would cause a reasonable person to believe that the neutral has an actual or potential conflict of interest before agreeing to serve in a matter;

(2) Disclose to the parties, as soon as practicable, facts and information relevant to any actual or potential conflicts of interest that are reasonably known to the neutral; and

(3) If, after accepting a designation by the parties or the court, the neutral learns of any previously undisclosed information that could reasonably suggest a conflict of interest, promptly disclose the information to the parties.

5. After the neutral's disclosure of a conflict, the alternative dispute resolution process may proceed if either:

(1) All parties agree in writing to service by the neutral; or

(2) An organization independently administering the alternative dispute resolution process under rules of procedure that were adopted by a written agreement of the parties determines under such rules that the neutral may continue to serve.

6. Any party who believes a court-appointed neutral has a conflict of interest may request that the neutral recuse himself or herself if a conflict is disclosed or otherwise discovered. If the neutral declines, the party may timely file a motion with the court for disqualification of the neutral. Failure to file a motion waives that objection. On its own motion, the court may also review the choice of a neutral in any alternative

dispute resolution process involving a party that is not represented by counsel and require a change of neutral if necessary to protect the rights of the unrepresented party.

435.306. 1. Alternative dispute resolution communications shall not be admissible as evidence in any proceeding or subject to discovery, except as otherwise provided under subsections 2, 3, and 7 of this section. Exceptions shall be narrowly construed and only the portion of the communication necessary for the application of the exception to the general rule of nonadmissibility shall be admitted.

2. Evidence or information that is otherwise admissible or subject to discovery, including information that would be available to the public under sections 610.010 to 610.035, shall not become inadmissible or protected from discovery solely by reason of its disclosure or use in an alternative dispute resolution process.

3. A court may determine to admit an alternative dispute resolution communication upon motion of a party, which motion shall not reveal the substance of the communication, and following a hearing only if the court finds that one or more of the exceptions under this subsection apply and the communication is otherwise relevant and admissible. The party seeking admission shall ensure that timely notice is given to the neutral and parties that participated in the alternative dispute resolution process in which the alternative dispute resolution communication was made. Such hearing shall be conducted in camera if requested by a party or if the court determines on its own motion that an in camera proceeding is necessary to ensure the confidentiality of the communications that are the subject to the hearing. The only exceptions to the general rule of nonadmissibility of alternative dispute resolution communications stated under subsection 1 of this section are as follows:

- (1)** The alternative dispute resolution communication was made in the presence of a mandated reporter and pertains to abuse or neglect that such person is required by state law or regulation to report;
- (2)** The alternative dispute resolution communication is a substantial threat or statement of a plan to inflict bodily injury capable of causing death or substantial bodily harm that is reasonably certain to occur;
- (3)** The alternative dispute resolution communication is intentionally used to plan a crime, attempt to commit an offense, or to conceal an ongoing crime or ongoing criminal activity; or
- (4)** The alternative dispute resolution communication is necessary to establish or defend against a claim of professional misconduct or malpractice that is filed against or on behalf of a participant based on conduct occurring during the alternative dispute resolution process.

4. The admission of evidence in a proceeding under any of the exceptions stated under subsection 3 of this section shall not in itself render the evidence or any other alternative dispute resolution communication discoverable or admissible for any other purpose or proceeding.

5. Any participant in an alternative dispute resolution process has standing to intervene in any proceeding to object to the admissibility of an alternative dispute resolution communication made by that person during or relating to that alternative dispute resolution process. A neutral who participated in an alternative dispute resolution process also has standing to intervene in any proceeding to object to the admissibility of an alternative dispute resolution communication made by the neutral or an agent or employee of a neutral or of an organization through which the neutral provided the alternative dispute resolution services for such process, but the neutral is under no requirement to do so.

6. Except as provided under subsection 7 of this section, no neutral, agent or employee of that neutral, or agent or employee of an organization through which the neutral provided alternative dispute resolution services shall be subpoenaed or otherwise compelled to disclose any alternative dispute resolution communication, including any alternative dispute resolution communication that would otherwise fall within the exceptions identified under subsection 3 of this section. No neutral who is a licensed attorney, nor an agent or employee of such neutral or of an organization through which the neutral provided alternative dispute resolution services under sections 435.300 to 435.312, shall be required to disclose any alternative dispute resolution communication to which a reporting obligation might otherwise apply under the rules regulating the professional conduct of attorneys.

7. A neutral, an agent or employee of that neutral, or an agent or employee of an organization through which the neutral provided the alternative dispute resolution services may be subpoenaed in an action to enforce a written agreement as described under subsection 2 of section 435.309, but only for the limited purpose of testifying that the written agreement was signed by the parties in the presence of the neutral.

8. The court may request that the neutral or the parties provide the court with progress reports on alternative dispute resolution processes related to pending civil actions; provided that, such reports shall be limited to a statement that the matter has been resolved in its entirety, partially resolved, or not resolved and

whether future dates for an alternative dispute resolution process are scheduled. A neutral may also report to the court that a payment has not been received from one or more parties. A court shall not require the disclosure of alternative dispute resolution communication in any such report.

9. The court may order the party or parties seeking admission of an alternative dispute resolution communication to pay the costs and fees of the neutral or other person participating in an alternative dispute resolution process who intervenes to contest the disclosure and admission of alternative dispute resolution communication or who responds to a subpoena prohibited under subsection 6 of this section or a subpoena under subsection 7 of this section.

435.309. 1. Unless the parties have entered into a written agreement providing for entry into a binding alternative dispute resolution process, all alternative dispute resolution processes under sections 435.300 to 435.312 shall be nonbinding.

2. In order to be binding on the parties, a settlement agreement that is reached in an alternative dispute resolution process shall be in a written agreement.

3. Alternative dispute resolution processes included in consumer contracts for goods or services shall be independently administered.

435.312. 1. Except as provided under subsection 6 of this section, sections 435.300 to 435.312 shall apply only when the court has referred an individual civil case or category of cases to a nonbinding alternative dispute resolution process, either by rule or court order, or when the parties enter into a written agreement to resolve their dispute through a nonbinding alternative dispute resolution process expressly providing that sections 435.300 to 435.312 shall apply to such alternative dispute resolution process.

2. The parties to a dispute may enter into a written agreement to attempt to resolve their differences through an alternative dispute resolution process and may agree that sections 435.300 to 435.312 will apply to such alternative dispute resolution process prior to the filing of an action or after the entry of a judgment, as well as during the pendency of an action. If the matter resolves and the parties file a case to present the settlement for approval by the court, such case shall be exempted from any local rule that refers a class of cases to any alternative dispute resolution process.

3. Nothing in sections 435.300 to 435.312 shall preclude any court from referring any individual matter to a nonbinding alternative dispute resolution process so as to effectuate the timely, fair, and efficient administration of justice, subject only to subsection 2 of section 435.303.

4. Nothing in sections 435.300 to 435.312 is intended to undermine the right of litigants to a jury trial in the event that a resolution satisfactory to the parties is not achieved through a nonbinding alternative dispute resolution process.

5. Nothing in sections 435.300 to 435.312 shall be deemed to require:

(1) Any party or party representative who appears at an alternative dispute resolution process in compliance with a court order to settle all or part of any claim; or

(2) Any party to attend a mediation with counsel if such party is self-represented.

6. If the court has not referred a case to a nonbinding dispute resolution process pursuant to section 435.303 and if the parties do not elect to use sections 435.300 to 435.312, the process shall be regarded as settlement negotiations and subject to the rules of confidentiality that generally apply to such negotiations. If the parties to the dispute have agreed in writing to submit their dispute to that alternative dispute resolution process but have not invoked the protections of sections 435.300 to 435.312, no person who serves as a neutral in such process, nor any agent or employee of that person or of an organization through which the neutral provided the alternative dispute resolution process, shall be subpoenaed or otherwise compelled to disclose any matter revealed in the process of setting up or conducting such alternative dispute resolution process. All settlement agreements are required to be in writing as described under sections 435.300 to 435.312."; and

Further amend said bill, Page 2, Section 491.015, Line 31, by inserting after all of said section and line the following:

"494.455. 1. Each county or city not within a county may elect to compensate its jurors pursuant to subsection 2 of this section except as otherwise provided in subsection 3 of this section.

2. Each grand and petit juror shall receive six dollars per day, for every day he or she may actually serve as such, and seven cents for every mile he or she may necessarily travel going from his or her place of residence to the courthouse and returning, to be paid from funds of the county or a city not within a county. The governing body of

each county or a city not within a county may authorize additional daily compensation and mileage allowance for jurors, which additional compensation shall be paid from the funds of the county or a city not within a county. The governing body of each county or a city not within a county may authorize additional daily compensation and mileage allowance for jurors attending a coroner's inquest. Jurors may receive the additional compensation and mileage allowance authorized by this subsection only if the governing body of the county or the city not within a county authorizes the additional compensation. The provisions of this subsection authorizing additional compensation shall terminate upon the issuance of a mandate by the Missouri supreme court which results in the state of Missouri being obligated or required to pay any such additional compensation even if such additional compensation is formally approved or authorized by the governing body of a county or a city not within a county. Provided that a county or a city not within a county authorizes daily compensation payable from county or city funds for jurors who serve in that county pursuant to this subsection in the amount of at least six dollars per day in addition to the amount required by this subsection, a person shall receive an additional six dollars per day to be reimbursed by the state of Missouri so that the total compensation payable shall be at least eighteen dollars, plus mileage for each day that the person actually serves as a petit juror in a particular case; or for each day that a person actually serves as a grand juror during a term of a grand jury. The state shall reimburse the county for six dollars of the additional juror compensation provided by this subsection.

3. (1) In any county of the first classification without a charter form of government and with a population of at least two hundred thousand inhabitants, no grand or petit juror shall receive compensation for the first two days of service, but shall receive fifty dollars per day for the third day and each subsequent day he or she may actually serve as such, and seven cents for every mile he or she may necessarily travel going from his or her place of residence to the courthouse and returning, to be paid from funds of the county.

(2) Except as provided in subdivision (1) of this subsection, in any county, upon adoption by the county commission, no grand or petit juror shall receive compensation for the first two days of service, but shall receive fifty dollars per day for the third day and each subsequent day he or she may actually serve as such, and seven cents for every mile he or she may necessarily travel going from his or her place of residence to the courthouse and returning, to be paid from funds of the county; except that, a county commission may authorize compensation to a grand or petit juror for the first two days of service not to exceed ten dollars per day.

4. When each panel of jurors summoned and attending court has completed its service, the board of jury commissioners shall cause to be submitted to the governing body of the county or a city not within a county a statement of fees earned by each juror. Within thirty days of the submission of the statement of fees, the governing body shall cause payment to be made to those jurors summoned the fees earned during their service as jurors.

 - (c) Permit inspection of premises under the control of the person.

510.506. 1. To request issuance of a subpoena under this section, a party shall submit a foreign subpoena to a clerk of court in the county in which discovery is sought to be conducted in this state. A request for the issuance of a subpoena under sections 510.500 to 510.521 shall not constitute an appearance in the courts of this state.

2. If a party submits a foreign subpoena to a clerk of court in this state, the clerk, in accordance with such court's procedure, shall promptly issue a subpoena for service upon the person to which the foreign subpoena is directed.

3. A subpoena under subsection 2 of this section shall:

550.125. 1. There is hereby created in the state treasury the "Change of Venue for Capital Cases Fund", which shall consist of moneys appropriated to the fund by the general assembly. The office of state courts administrator shall administer and disburse moneys in the fund in accordance with subsection 2 of this section. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

2. 5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

Further amend said bill, Page 5, Section 573.550, Line 26, by inserting after all of said section and line the following:

SIXTY-FOURTH DAY, WEDNESDAY, MAY 4, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

And this commandment we have from Him, that he who loveth God love his brother also. (I John 4:21)

O God, the Lord and sustainer of all and the Creator of all people, we pray that You will make Your will known to us as we bow in this circle of prayer. May we be so governed by Your power and so guided by Your gracious purpose that we may be led into the way of truth, along the path of peace, on the road of righteousness, and down the highway of goodwill.

Remove the walls which separate our people and break down the barriers which partition one life from another, one group from another, one party from another. Purge our cities and towns of the causes of hate and violence. By Your grace, help us to live in a new unity of spirit, with a new bond of peace, by a new righteousness of life, and for a new spirit of humility.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-third day was approved as printed.

"214.160. 1. Under sections 214.140 to 214.180, and as otherwise not prohibited under Article VI, Section 23 of the Constitution of Missouri, the county commission may invest or loan said trust fund or funds in United States government, state, county or municipal bonds, certificates of deposit, first real estate mortgages, or deeds of trust and may utilize investment managers to invest, reinvest, and manage assets, subject to the terms, conditions, and limitations provided in this section and Article IV, Section 15 of the Constitution of Missouri. ~~[They]~~ **When sufficient, the commission** shall use the net income from said trust fund or funds or such investments or so much thereof as is necessary to support and maintain and beautify any public or private cemetery or any particular part

thereof which may be designated by the person, persons or firm or association making said gift or bequest. **If the net income from said trust fund or funds is not sufficient to support and maintain and beautify a cemetery, the commission may only use as much of the principal thereof as the commission deems necessary for the purpose of the basic maintenance to control the growth of grass and weeds.** In maintaining or supporting the cemetery or any particular part or portion thereof the commission shall as nearly as possible follow the expressed wishes of the creator of said trust fund.

2. An investment manager shall discharge his or her duties in the interest of the public or private cemetery and the interest of the person, persons, or firm making the gift or bequest and shall:

(1) Act with the same care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a similar capacity and familiar with those matters would use in the conduct of a similar enterprise with similar aims;

(2) Act with due regard for the management, reputation, and stability of the issuer and the character of the particular investments being considered;

(3) Make investments for the purpose of supporting, maintaining, and beautifying any public or private cemetery or any particular part thereof, which may be designated by the person, persons, or firm or association making said gift or bequest, and of defraying reasonable expenses of investing the assets;

(4) Give appropriate consideration to those facts and circumstances that the investment fiduciary knows or should know are relevant to the particular investment or investment course of action involved, including the role the investment or investment course of action plays in that portion of the investments for which the investment fiduciary has responsibility. For purposes of this subdivision, "appropriate consideration" shall include, but is not limited to, a determination by the investment fiduciary that a particular investment or investment course of action is reasonably designed to further the purposes of supporting, maintaining, and beautifying any public or private cemetery or any particular part thereof, which may be designated by the person, persons, or firm or association making said gift or bequest, while considering the risk of loss and the opportunity for gain or other return associated with the investment or investment course of action and considering the following factors as they relate to the investment or investment course of action:

(a) The diversification of the investments;

(b) The liquidity and current return of the investments relative to the anticipated cash flow requirements; and

(c) The projected return of the investments relative to the funding objectives; and

(5) Give appropriate consideration to investments that would enhance the general welfare of this state and its citizens if those investments offer the safety and rate of return comparable to other investments available to the investment fiduciary at the time the investment decision is made.

3. As used in this section, "invest" or "investment" means utilization of moneys in the expectation of future returns in the form of income or capital gain."; and

(6) Pay any applicable fees, including any state fee, for the compact privilege;

(7) Report to the Commission adverse action taken by any non-member state within 30 days from the date the adverse action is taken.

2. For the purposes of the compact privilege, an audiologist or speech-language pathologist shall only hold one home state license at a time.

3. Except as provided in section 345.200, if an audiologist or speech-language pathologist changes primary state of residence by moving between two-member states, the audiologist or speech-language pathologist must apply for licensure in the new home state, and the license issued by the prior home state shall be deactivated in accordance with applicable rules adopted by the Commission.

4. The audiologist or speech-language pathologist may apply for licensure in advance of a change in primary state of residence.

5. A license shall not be issued by the new home state until the audiologist or speech-language pathologist provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a license from the new home state.

6. If an audiologist or speech-language pathologist changes primary state of residence by moving from a member state to a non-member state, the license issued by the prior home state shall convert to a single-state license, valid only in the former home state.

7. The compact privilege is valid until the expiration date of the home state license. The licensee must comply with the requirements of subsection 1 of this section to maintain the compact privilege in the remote state.

8. A licensee providing audiology or speech-language pathology services in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

9. A licensee providing audiology or speech-language pathology services in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, remove a licensee's compact privilege in the remote state for a specific period of time, impose fines, and/or take any other necessary actions to protect the health and safety of its citizens.

10. If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until the following occur:

- (1) The home state license is no longer encumbered; and
- (2) Two years have elapsed from the date of the adverse action.

11. Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of subsection 1 of this section to obtain a compact privilege in any remote state.

12. Once the requirements of subsection 10 of this section have been met, the licensee must meet the requirements in subsection 1 of this section to obtain a compact privilege in a remote state.

345.195. Member states shall recognize the right of an audiologist or speech-language pathologist, licensed by a home state in accordance with section 345.185 and under rules promulgated by the Commission, to practice audiology or speech-language pathology in any member state via telehealth under a privilege to practice as provided in the Compact and rules promulgated by the Commission.

345.200. Active duty military personnel, or their spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state.

345.205. 1. In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to:

- (1) Take adverse action against an audiologist's or speech-language pathologist's privilege to practice within that member state.
- (2) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(3) Only the home state shall have the power to take adverse action against an audiologist's or speech-language pathologist's license issued by the home state.

2. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

3. The home state shall complete any pending investigations of an audiologist or speech-language pathologist who changes primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action or actions and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any adverse actions.

4. If otherwise permitted by state law, the member state may recover from the affected audiologist or speech-language pathologist the costs of investigations and disposition of cases resulting from any adverse action taken against that audiologist or speech-language pathologist.

5. The member state may take adverse action based on the factual findings of the remote state, provided that the member state follows the member state's own procedures for taking the adverse action.

6. (1) In addition to the authority granted to a member state by its respective audiology or speech-language pathology practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

(2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

7. If adverse action is taken by the home state against an audiologist's or speech language pathologist's license, the audiologist's or speech-language pathologist's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. All

home state disciplinary orders that impose adverse action against an audiologist's or speech language pathologist's license shall include a statement that the audiologist's or speech-language pathologist's privilege to practice is deactivated in all member states during the pendency of the order.

8. If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

9. Nothing in this Compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

(2) The Commission shall defend any member, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

4. The Commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state shall be available to any other member state.

5. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

6. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

345.220. 1. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within 4 years of the date of adoption of the rule, the rule shall have no further force and effect in any member state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

4. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least thirty (30) days in advance of the meeting at which the rule shall be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

- (1) On the website of the Commission or other publicly accessible platform; and

7. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

- (1) At least twenty-five (25) persons;
- (2) A state or federal governmental subdivision or agency; or
- (3) An association having at least twenty-five (25) members.

8. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

10. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

11. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

12. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of Commission or member state funds; or

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

13. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

345.225. 1. (1) Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

(2) By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

345.230. 1. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the 10th member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

2. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

3. Any member state may withdraw from this Compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's audiology or speech-language pathology licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this Compact shall be construed to invalidate or prevent any audiology or speech-language pathology licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

5. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

345.235. This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

345.240. 1. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

2. All laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

3. All lawful actions of the Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

4. All agreements between the Commission and the member states are binding in accordance with their terms.

5. In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state."; and

Further amend said bill, Page 5, Section 135.690, Line 108, by inserting after all of said section and line the following:

"167.029. 1. A public school district may require students to wear a school uniform or restrict student dress to a particular style in accordance with the law. The school district may determine the style and color of the school uniform.

2. No public or charter school shall implement or enforce any student dress requirements that include a mask or other face covering or respirator.

167.181. 1. The department of health and senior services, after consultation with the department of elementary and secondary education, shall promulgate rules and regulations governing the immunization against poliomyelitis, rubella, rubeola, mumps, tetanus, pertussis, diphtheria, and hepatitis B, to be required of children attending public, private, parochial or parish schools. Such rules and regulations may modify the immunizations that are required of children in this subsection. The immunizations required and the manner and frequency of their administration shall conform to recognized standards of medical practice. The department of health and senior services shall supervise and secure the enforcement of the required immunization program.

2. It is unlawful for any student to attend school unless he has been immunized as required under the rules and regulations of the department of health and senior services, and can provide satisfactory evidence of such immunization; except that if he produces satisfactory evidence of having begun the process of immunization, he may continue to attend school as long as the immunization process is being accomplished in the prescribed manner. It is unlawful for any parent or guardian to refuse or neglect to have his child immunized as required by this section, unless the child is properly exempted.

3. This section shall not apply to any child if one parent or guardian objects in writing to his school administrator against the immunization of the child, because of religious beliefs or medical contraindications. In cases where any such objection is for reasons of medical contraindications, a statement from a duly licensed physician must also be provided to the school administrator.

4. Each school superintendent, whether of a public, private, parochial or parish school, shall cause to be prepared a record showing the immunization status of every child enrolled in or attending a school under his jurisdiction. The name of any parent or guardian who neglects or refuses to permit a nonexempted child to be immunized against diseases as required by the rules and regulations promulgated pursuant to the provisions of this section shall be reported by the school superintendent to the department of health and senior services.

5. The immunization required may be done by any duly licensed physician or by someone under his direction. If the parent or guardian is unable to pay, the child shall be immunized at public expense by a physician or nurse at or from the county, district, city public health center or a school nurse or by a nurse or physician in the private office or clinic of the child's personal physician with the costs of immunization paid through the state Medicaid program, private insurance or in a manner to be determined by the department of health and senior services subject to state and federal appropriations, and after consultation with the school superintendent and the advisory committee established in section 192.630. When a child receives his or her immunization, the treating physician may also administer the appropriate fluoride treatment to the child's teeth.

6. Funds for the administration of this section and for the purchase of vaccines for children of families unable to afford them shall be appropriated to the department of health and senior services from general revenue or from federal funds if available.

7. No student shall be required, as a condition of school attendance or participation in school-sponsored extracurricular activities, to be immunized against COVID 19. No school shall require students to wear face masks or other face coverings or respirators as an alternative to receiving a COVID-19 vaccination. No school shall require students to undergo COVID-19 diagnostic testing or otherwise implement a "test to stay" policy requiring testing as an alternative to receiving a COVID-19 vaccination; provided, that nothing in this subsection shall be interpreted to preclude a school from requiring a student to be tested as described in section 167.191 as a condition for school attendance or participation in school-sponsored extracurricular activities. For purposes of the section, "COVID 19" shall include any variant thereof.

8. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

167.191. 1. It is unlawful for any child to attend any of the public schools of this state while afflicted with any contagious or infectious disease, or while liable to transmit such disease after having been exposed to it. For the purpose of determining the diseased condition, or the liability of transmitting the disease, the teacher or board of

directors may require any child to be examined by a physician, **physician assistant, or advanced practice registered nurse** and exclude the child from school so long as there is any liability of such disease being transmitted by the pupil. **For purposes of this section, the term "liability" shall mean that symptoms of such a contagious or infectious disease are present and that disease transmission is more likely than not to occur.** If the parent or guardian refuses to have an examination made by a physician, **physician assistant, or advanced practice registered nurse pursuant to [at] the written request of [the teacher] a school administration or school board of directors, the [teacher or board of directors] child may be [exclude the child] excluded** from school. Any parent or guardian who persists in sending a child to school, after having been examined as provided by this section, and found to be afflicted with any contagious or infectious disease, or liable to transmit the disease, or refuses to have the child examined as herein provided, is guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than five nor more than one hundred dollars.

2. Upon notification of such child's birth, the family support division shall assign a MO HealthNet eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;
- (18) Pregnant women and children eligible for MO HealthNet benefits pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO HealthNet benefits be required to apply for aid to families with dependent children. The family support division shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for MO HealthNet benefits. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for MO HealthNet benefits under subdivision (12), (13) or (14) of this subsection shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the family support division for assessing eligibility under this chapter shall be as simple as practicable;

The division may seek to employ such eligibility specialists who are otherwise qualified for such positions and who are current or former welfare participants. The division may consider training such current or former welfare participants as eligibility specialists for this program;

(20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy. Pregnant women receiving mental health treatment for postpartum depression or related mental health conditions within sixty days of giving birth shall, subject to appropriations and any necessary federal approval, be eligible for MO HealthNet benefits for mental health services for the treatment of postpartum depression and related mental health conditions for up to twelve additional months. Pregnant women receiving substance abuse treatment within sixty days of giving birth shall, subject to appropriations and any necessary federal approval, be eligible for MO HealthNet benefits for substance abuse treatment and mental health services for the treatment of substance abuse for no more than twelve additional months, as long as the woman remains adherent with treatment. The department of mental health and the department of social services shall seek any necessary waivers or state plan amendments from the Centers for Medicare and Medicaid Services and shall develop rules relating to treatment plan adherence. No later than fifteen months after receiving any necessary waiver, the department of mental health and the department of social services shall report to the house of representatives budget committee and the senate appropriations committee on the compliance with federal cost neutrality requirements;

(21) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192 or chapter 205 or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. Section 1396a(a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. Section 1396r-1;

(26) Persons who are in foster care under the responsibility of the state of Missouri on the date such persons attained the age of eighteen years, or at any time during the thirty-day period preceding their eighteenth birthday, or persons who received foster care for at least six months in another state, are residing in Missouri, and are at least eighteen years of age, without regard to income or assets, if such persons:

(b) Are not eligible for coverage under another mandatory coverage group; and

(c) Were covered by Medicaid while they were in foster care;

(27) Any homeless child or homeless youth, as those terms are defined in section 167.020, subject to approval of a state plan amendment by the Centers for Medicare and Medicaid Services;

Section 1396a(e)(16). The department shall submit a state plan amendment to the Centers for Medicare and Medicaid Services within sixty days of the effective date of this act;

(b) The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1396a(e)(16), as amended, or any successor statutes or implementing regulations, is in effect.

2. Rules and regulations to implement this section shall be promulgated in accordance with chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. Section 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. Section 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. Section 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. Section 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

7. (1) Notwithstanding any provision of law to the contrary, a military service member, or an immediate family member residing with such military service member, who is a legal resident of this state and is eligible for MO HealthNet developmental disability services, shall have his or her eligibility for MO HealthNet developmental disability services temporarily suspended for any period of time during which such person temporarily resides outside of this state for reasons relating to military service, but shall have his or her eligibility immediately restored upon returning to this state to reside.

(2) Notwithstanding any provision of law to the contrary, if a military service member, or an immediate family member residing with such military service member, is not a legal resident of this state, but would otherwise be eligible for MO HealthNet developmental disability services, such individual shall be deemed eligible for MO HealthNet developmental disability services for the duration of any time in which such individual is temporarily present in this state for reasons relating to military service."; and

Further amend said bill and page, Section 208.184, Line 16, by inserting after all of the said section and line the following:

"208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. (1) Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

(2) Beginning April 1, 2022, or the effective date of this act, whichever is later, mothers eligible to receive coverage under this section shall receive medical assistance benefits during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1397gg(e)(1)(J). The department shall seek any necessary state plan amendments or waivers to implement the provisions of this subdivision within sixty days of the effective date of this act. The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1397gg(e)(1)(J), as amended, or any successor statutes or implementing regulations, is in effect.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after August 28, 2014, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, preterm births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state."; and

(1) Compile ~~and~~, assess, **and make publicly available** peer-reviewed and evidence-based clinical research and guidelines that provide or support recommended treatment standards **and that have been recommended by the time-critical diagnosis advisory committee**;

(2) Assess the capacity of the emergency medical services system and hospitals to deliver recommended treatments in a timely fashion;

(3) Use the research, guidelines, and assessment to promulgate rules establishing protocols for transporting **trauma patients to a trauma center**, STEMI patients to a STEMI center, or stroke patients to a stroke center. Such transport protocols shall direct patients to **trauma centers**, STEMI centers, and stroke centers under section 190.243 based on the centers' capacities to deliver recommended acute care treatments within time limits suggested by clinical research;

(4) Define regions within the state for purposes of coordinating the delivery of **trauma care**, STEMI care, and stroke care, respectively;

(5) Promote the development of regional or community-based plans for transporting **trauma**, STEMI, or stroke patients via ground or air ambulance to **trauma centers**, STEMI centers, or stroke centers, respectively, in accordance with section 190.243; and

(6) Establish procedures for the submission of community-based or regional plans for department approval.

3. A community-based or regional plan **for the transport of trauma, STEMI, and stroke patients** shall be submitted to the department for approval. Such plan shall be based on the clinical research and guidelines and assessment of capacity described in subsection ~~[4]~~ **2** of this section and shall include a mechanism for evaluating its effect on medical outcomes. Upon approval of a plan, the department shall waive the requirements of rules promulgated under sections 190.100 to 190.245 that are inconsistent with the community-based or regional plan. A community-based or regional plan shall be developed by ~~or in consultation with~~ the representatives of hospitals, physicians, and emergency medical services providers in the community or region.

190.241. 1. **Except as provided for in subsection 4 of this section**, the department shall designate a hospital as an adult, pediatric or adult and pediatric trauma center when a hospital, upon proper application submitted by the hospital and site review, has been found by the department to meet the applicable level of trauma center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. **Site review may occur on-site or by any reasonable means of communication, or by any combination thereof.** Such rules shall include designation as a trauma center without site review if such hospital is verified by a national verifying or designating body at the level which corresponds to a level approved in rule. **In developing trauma center designation criteria, the department shall use, as it deems practicable, peer-reviewed and evidence-based clinical research and guidelines including, but not limited to, the most recent guidelines of the American College of Surgeons.**

2. Except as provided for in subsection ~~[5]~~ **4** of this section, the department shall designate a hospital as a STEMI or stroke center when such hospital, upon proper application and site review, has been found by the department to meet the applicable level of STEMI or stroke center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. **Site review may occur on-site or by any reasonable**

means of communication, or by any combination thereof. In developing STEMI center and stroke center designation criteria, the department shall use, as it deems practicable, ~~[appropriate]~~ peer-reviewed ~~[or]~~ **and** evidence-based **clinical** research ~~[on such topics]~~ **and guidelines** including, but not limited to, the most recent guidelines of the American College of Cardiology ~~[and]~~, the American Heart Association ~~[for STEMI centers, or the Joint Commission's Primary Stroke Center Certification program criteria for stroke centers, or Primary and Comprehensive Stroke Center Recommendations as published by]~~, **or** the American Stroke Association. Such rules shall include designation as a STEMI center **or stroke center** without site review if such hospital is certified by a national body.

3. The department of health and senior services shall, not less than once every ~~[five]~~ **three** years, conduct ~~[an on-site]~~ **a site** review of every trauma, STEMI, and stroke center through appropriate department personnel or a qualified contractor, with the exception of **trauma centers, STEMI centers, and** stroke centers designated pursuant to subsection ~~[5]~~ **4** of this section; however, this provision is not intended to limit the department's ability to conduct a complaint investigation pursuant to subdivision (3) of subsection 2 of section 197.080 of any trauma, STEMI, or stroke center. ~~[On-site]~~ **Site** reviews shall be coordinated for the different types of centers to the extent practicable with hospital licensure inspections conducted under chapter 197. No person shall be a qualified contractor for purposes of this subsection who has a substantial conflict of interest in the operation of any trauma, STEMI, or stroke center under review. The department may deny, place on probation, suspend or revoke such designation in any case in which it has ~~[reasonable cause to believe that]~~ **determined** there has been a substantial failure to comply with the provisions of this chapter or any rules or regulations promulgated pursuant to this chapter. **Centers that are placed on probationary status shall be required to demonstrate compliance with the provisions of this chapter and any rules or regulations promulgated under this chapter within twelve months of the date of the receipt of the notice of probationary status, unless otherwise provided by a settlement agreement with a duration of a maximum of eighteen months between the department and the designated center.** If the department of health and senior services has ~~[reasonable cause to believe]~~ **determined** that a hospital is not in compliance with such provisions or regulations, it may conduct additional announced or unannounced site reviews of the hospital to verify compliance. If a trauma, STEMI, or stroke center fails two consecutive ~~[on-site]~~ **site** reviews because of substantial noncompliance with standards prescribed by sections 190.001 to 190.245 or rules adopted by the department pursuant to sections 190.001 to 190.245, its center designation shall be revoked.

4. **(1)** Instead of applying for **trauma, STEMI, or stroke** center designation under subsection **1 or 2** of this section, a hospital may apply for **trauma, STEMI, or stroke** center designation under this subsection. Upon receipt of an application ~~[from a hospital]~~ on a form prescribed by the department, the department shall designate such hospital[-

~~(1) A level I STEMI center if such hospital has been certified as a Joint Commission comprehensive cardiac center or another department approved nationally recognized organization that provides comparable STEMI center accreditation; or~~

~~(2) A level II STEMI center if such hospital has been accredited as a Mission: Lifeline STEMI receiving center by the American Heart Association accreditation process or another department approved nationally recognized organization that provides STEMI receiving center accreditation.~~

5. Instead of applying for stroke center designation pursuant to the provisions of subsection 2 of this section, a hospital may apply for stroke center designation pursuant to this subsection. Upon receipt of an application from a hospital on a form prescribed by the department, the department shall designate such hospital:

~~(1) A level I stroke center if such hospital has been certified as a comprehensive stroke center by the Joint Commission or any other certifying organization designated by the department when such certification is in accordance with the American Heart Association/American Stroke Association guidelines;~~

~~(2) A level II stroke center if such hospital has been certified as a primary stroke center by the Joint Commission or any other certifying organization designated by the department when such certification is in accordance with the American Heart Association/American Stroke Association guidelines; or~~

The rules shall be based on standards of nationally recognized organizations and the recommendations of the time-critical diagnosis advisory committee.**

(2) Except as provided by subsection ~~[6]~~ **5** of this section, the department shall not require compliance with any additional standards for establishing or renewing **trauma, STEMI, or stroke** designations **under this subsection**. The designation shall continue if such hospital remains certified **or verified**. The department may

remove a hospital's designation as a **trauma center, STEMI center, or stroke center** if the hospital requests removal of the designation or the department determines that the certificate ~~[recognizing]~~ **or verification that qualified the hospital [as a stroke center] for the designation under this subsection** has been suspended or revoked. Any decision made by the department to withdraw its designation of a ~~[stroke]~~ center pursuant to this subsection that is based on the revocation or suspension of a certification **or verification** by a certifying **or verifying** organization shall not be subject to judicial review. The department shall report to the certifying **or verifying** organization any complaint it receives related to the ~~[stroke]~~ center ~~[certification of a stroke center]~~ designated pursuant to this subsection. The department shall also advise the complainant which organization certified **or verified** the ~~[stroke]~~ center and provide the necessary contact information should the complainant wish to pursue a complaint with the certifying **or verifying** organization.

Nothing in this subdivision shall be construed as requiring duplicative data entry by a hospital that is otherwise complying with the provisions of this subsection. Failure of the department to obtain access to data submitted to a national data registry or data bank shall not be construed as hospital noncompliance under this subsection.**

~~[8-]~~ **7.** When collecting and analyzing data pursuant to the provisions of this section, the department shall comply with the following requirements:

- (1) Names of any health care professionals, as defined in section 376.1350, shall not be subject to disclosure;

~~[9. The board of registration for the healing arts shall have sole authority to establish education requirements for physicians who practice in an emergency department of a facility designated as a trauma, STEMI, or stroke center by the department under this section. The department shall deem the education requirements promulgated by ABEM or AOBEM to meet the standards for designations under this section. Education requirements for non-ABEM or non-AOBEM certified physicians, nurses, and other providers who provide care at a facility designated as a trauma center, STEMI center, or stroke center by the department under this section shall mirror but not exceed those established by national designating or verifying bodies of trauma centers, STEMI centers, or stroke centers.**

When initial transport from the scene of illness or injury to a trauma, STEMI, or stroke center would be prolonged, the STEMI, stroke, or severely injured patient may be transported to the nearest appropriate facility for stabilization prior to transport to a trauma, STEMI, or stroke center.

3. Transport of the STEMI, stroke, or severely injured patient shall be governed by principles of timely and medically appropriate care; consideration of reimbursement mechanisms shall not supersede those principles.

JOURNAL OF THE HOUSE

Second Regular Session, 101st GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, MAY 5, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

On the lips of him who has understanding wisdom is found. (Proverbs 10:13)

O God of endless love, whose strength sustains us in our labor and whose spirit supports us in our leisure, grant us the consciousness of Your presence as we face this full day, that our work may not be a burden but a delight, our votes not be troubled by fear but filled with faith, and our thoughts not be disturbed by words of others but made better by positive bipartisan cooperation on this national day of prayer.

Give us the faith that never falters, the hope that never fails, the love which never falls by the way as we live through these busy final days. May our concern for our state help us to lift the fallen, strengthen the weak, and sustain the weary that we may hasten the dawn of a new day for our citizens and for all who call our Missouri home and protect us from flooding and storms.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-fourth day was approved as printed.

THIRD READING OF SENATE BILLS - INFORMAL

HCS SB 845, relating to financial information provided to county officials, was taken up by Representative McGaugh.

Representative McGaugh offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 845, Page 1, In the Title, Lines 3-4, by deleting the words "financial information provided to county officials" and inserting in lieu thereof the words "county economic activity"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative McGaugh, **House Amendment No. 1** was adopted.

Representative McGaugh offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 845, Page 8, Section 473.742, Line 84, by inserting after all of said section and line the following:

"620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company or qualified military project, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. The department shall respond to a written request, by or on behalf of a qualified manufacturing company, for a proposed benefit award under the provisions of this program within fifteen business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company or qualified military project, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company or qualified military project that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. The department shall certify or reject the qualifying company's plan outlined in their notice of intent as satisfying good faith efforts made to employ, at a minimum, commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, the following: racial minorities, contractors who are racial minorities, and contractors that, in turn, employ at a minimum racial minorities commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (24) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. A qualified company or qualified military project receiving benefits under this program shall provide an annual report of the number of jobs, along with minority jobs created or retained, and such other information as may be required by the department to document the basis for program benefits available no later than ninety days prior to the end of the qualified company's or industrial development authority's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company or qualified military project has not maintained the employee insurance as required, if the department after a review determines the qualifying company fails to satisfy other aspects of their notice of intent, including failure to make good faith efforts to employ, at a minimum, commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, the following: racial minorities, contractors who are racial minorities, and contractors

that, in turn, employ at a minimum racial minorities commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, or if the number of jobs is below the number required, the qualified company or qualified military project shall not receive tax credits or retain the withholding tax for the balance of the project period. **If a statewide state of emergency exists for more than sixteen months, a qualified company or industrial development authority shall be entitled to a one-time suspension of program deadlines equal to the number of months such statewide state of emergency existed with any partial month rounded to the next whole month. During such suspension, the qualified company or industrial development authority shall not be entitled to retain any withholding tax as calculated under subdivision (38) of section 620.2005 nor shall it earn any awarded tax credit or receive any tax credit under the program for the suspension period. The suspension period shall run consecutively and be available to a qualified company or industrial development authority that, during the statewide state of emergency, submitted a notice of intent that was approved or that was in year one or a subsequent year of benefits under a program agreement with the department. The suspension period that runs consecutively and may be available to a qualified company or industrial development authority as provided in this subsection may apply retroactively. Any qualified company or industrial development authority requesting a suspension pursuant to this subsection shall submit notice to the department on its provided form identifying the requested start and end dates of the suspension, not to exceed the maximum number of months available under this subsection. Such notice shall be submitted to the department not later than the end of the twelfth month following the termination of the statewide state of emergency. No suspension period shall start later than the date on which the statewide state of emergency was terminated. The department and the qualified company or the industrial development authority shall enter into a program agreement or shall amend an existing program agreement, as applicable, stating the deadlines following the suspension period and updating the applicable wage requirements.** Failure to timely file the annual report required under this section ~~shall~~ may result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company or qualified military project during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs; provided that, tax credits awarded under subsection 7 of section 620.2010 may be issued following the qualified company's acceptance of the department's proposal and pursuant to the requirements set forth in the written agreement between the department and the qualified company under subsection 4 of section 620.2010.

5. Any qualified company or qualified military project approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company or qualified military project approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. (1) The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 14 of this section:

(a) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;

(b) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized;

(c) For fiscal years beginning on or after July 1, 2015, but ending on or before June 30, 2020, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year; and

(d) For all fiscal years beginning on or after July 1, 2020, no more than one hundred six million dollars in tax credits may be authorized for each fiscal year. The provisions of this paragraph shall not apply to tax credits issued to qualified companies under a notice of intent filed prior to July 1, 2020.

(2) For all fiscal years beginning on or after July 1, 2020, in addition to the amount of tax credits that may be authorized under paragraph (d) of subdivision (1) of this subsection, an additional ten million dollars in tax credits may be authorized for each fiscal year for the purpose of the completion of infrastructure projects directly connected with the creation or retention of jobs under the provisions of sections 620.2000 to 620.2020 and an additional ten million dollars in tax credits may be authorized for each fiscal year for a qualified manufacturing company based on a manufacturing capital investment as set forth in section 620.2010.

8. For all fiscal years beginning on or after July 1, 2020, the maximum total amount of withholding tax that may be authorized for retention for the creation of new jobs under the provisions of sections 620.2000 to 620.2020 by qualified companies with a project facility base employment of at least fifty shall not exceed seventy-five million dollars for each fiscal year. The provisions of this subsection shall not apply to withholding tax authorized for retention for the creation of new jobs by qualified companies with a project facility base employment of less than fifty.

9. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company or qualified military project under this program; provided that, the department may reserve up to twenty-one and one-half percent of the maximum annual amount of tax credits that may be authorized under subsection 7 of this section for award under subsection 7 of section 620.2010. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department or, for qualified military projects, annual verification of average salary for the jobs directly created by the qualified military project. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall be provided under this program until the qualified company or qualified military project meets the applicable minimum new job requirements or, for benefits awarded under subsection 7 of section 620.2010, until the qualified company has satisfied the requirements set forth in the written agreement between the department and the qualified company under subsection 4 of section 620.2010. In the event the qualified company or qualified military project does not meet the applicable minimum new job requirements, the qualified company or qualified military project may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company or qualified military project at the project facility or other facilities.

10. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

11. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of commerce and insurance that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of commerce and insurance, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

12. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

13. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

14. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

15. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

16. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. (4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

17. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

18. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the program authorized under sections 620.2000 to 620.2020 shall be reauthorized as of August 28, 2018, and shall expire on August 28, 2030; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset.";

On motion of Representative O'Donnell, the title of **HCS SS#2 SCS SB 745** was agreed to.

Representative Taylor (139) assumed the Chair.

Representative O'Donnell offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 745, Page 46, Section 393.1656, Line 35, by inserting after all of said section and line the following:

"393.1715. 1. An electrical corporation may petition the commission for a determination of the ratemaking principles and treatment, as proposed by the electrical corporation, that will apply to the reflection in base rates of the electrical corporation's capital and noncapital costs associated with the proposed retirement of one or more of the electrical corporation's generating facilities. Without limiting the foregoing, such principles and treatment may also establish the retirement date and useful life parameters used to set depreciation rates for such facilities. Except as provided for in subsection 4 of this section, the ratemaking principles and treatment approved by the commission under this section for such facilities shall apply to the determination of the revenue requirement in each of the electrical corporation's post-determination general rate proceedings until such time as such facility is fully depreciated on the electrical corporation's books.

2. If the commission fails to issue a determination within two hundred fifteen days that a petition for determination of ratemaking principles and treatment is filed, the ratemaking principles and treatment proposed by the petitioning electrical corporation shall be deemed to have been approved by the commission.

3. Subject to the provisions of subsection 4 of this section, ratemaking principles and treatment approved by the commission, or deemed to have been approved under subsection 2 of this section, shall be binding for ratemaking purposes.

4. (1) An electrical corporation with ratemaking principles and treatment approved by the commission, or deemed to have been approved under subsection 2 of this section, shall monitor the major factors and circumstances relating to the facility to which such principles and treatment apply. Such factors and circumstances include, but are not limited to:

(a) Terrorist activity or an act of God;
(b) A significant change in federal or state tax laws;
(c) A significant change in federal utility laws or regulations or a significant change in generally accepted accounting principles;

(d) An unexpected, extended outage or shutdown of a major generating unit, other than any major generating unit shut down due to an extended outage at the time of the approval of the ratemaking principles and treatment;

(e) A significant change in the cost or reliability of power generation technologies;
(f) A significant change in fuel prices and wholesale electric market conditions;
(g) A significant change in the cost or effectiveness of emission control technologies;
(h) A significant change in the price of emission allowances;
(i) A significant change in the electrical corporation's load forecast;
(j) A significant change in capital market conditions;
(k) A significant change in the scope or effective dates of environmental regulations; or
(l) A significant change in federal or state environmental laws.

(2) If the electrical corporation determines that one or more major factor or circumstance has changed in a manner that warrants a change in the approved ratemaking principles and treatment, then it shall file a notice in the docket in which the approved ratemaking principles and treatment were established within forty-five days of any such determination. In its notification, the electrical corporation shall:

(a) Explain and specify the changes it contends are appropriate to the ratemaking principles and treatment and the reasons for the proposed changes;

(b) Provide a description of the alternatives that it evaluated and the process that it went through in developing its proposed changes; and

(c) Provide detailed workpapers that support the evaluation and the process whereby proposed changes were developed.

(3) If a party has concerns regarding the proposed changes, that party shall file a notice of its concerns within thirty days of the electrical corporation's filing. If the parties agree on a resolution of the concerns, the agreement shall be submitted to the commission for approval. If the parties do not reach agreement on changes to the ratemaking principles and treatment within ninety days of the date the electrical corporation filed its notice, whether the previously approved ratemaking and treatment will be changed shall be determined by the commission. If a party to the docket in which the approved ratemaking principles and treatment were approved believes that one or more major factor or circumstance has changed in a manner that warrants a change in the approved ratemaking principles and treatment and if the electrical corporation does not agree the principles and treatment should be changed, such party shall file a notice in the docket in which the approved ratemaking principles and treatment were established within forty-five days of any such determination. In its notification, such party shall:

- (a) Explain and specify the changes it contends are appropriate to the ratemaking principles and treatment and the reasons for the proposed changes;
- (b) Provide a description of the alternatives that it evaluated and the process that it went through in developing its proposed changes; and
- (c) Provide detailed workpapers that support the evaluation and the process whereby proposed changes were developed.

(4) If a party, including the electrical corporation, has concerns regarding the proposed changes, that party shall file a notice of its concerns within thirty days of the other party's filing. If the parties do not reach agreement on changes to the ratemaking principles and treatment within ninety days of the date the notice was filed, whether the previously approved ratemaking and treatment will be changed shall be determined by the commission.

5. A determination of ratemaking principles and treatment under this section does not preclude an electrical corporation from also petitioning the commission under either or both of sections 393.1700 and 393.1705, provided that any costs to which such ratemaking principles and treatment would have applied in the electrical corporation's general rate proceedings which become funded by securitized utility tariff bond proceeds from a securitized utility tariff bond issued under section 393.1700 shall not thereafter be reflected in the electrical corporation's base rates.

6. If determined by the commission to be just, reasonable, and necessary for the provision of safe and adequate service, the electrical corporation ~~may~~ **shall** be permitted to retain coal-fired generating assets in rate base and recover **prudently incurred** costs associated with operating the coal-fired assets ~~[that remain in service to provide greater certainty that generating capacity will be available to provide essential service to customers, including during extreme weather events, and the commission shall not disallow any portion of such cost recovery on the basis that such coal-fired generating assets operate],~~ **including** at a low capacity factor, or **that** are offline and providing capacity only~~[- during normal operating conditions]~~ **in order to remain in service to customers for reliability during events such as extreme weather.**

7. The commission may promulgate rules necessary to implement the provisions of sections 393.1700 to 393.1715. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void."; and

Senate Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1606, Page 1, Section Title, Lines 5-6, by striking "county officials" and inserting in lieu thereof the

following: "political subdivisions"; and

Further amend said bill, Page 11, Section 58.200, Line 17, by inserting after all of said line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Beginning January 1, 2023, in any county with more than four hundred thousand but fewer than five hundred thousand inhabitants, all personal property in such county shall be annually assessed at a percent of its true value in money as of January first of each calendar year as follows:**

(1) A political subdivision shall annually reduce the percentage of true value in money at which personal property is assessed pursuant to this subsection such that the amount by which the revenue generated by taxes levied on such personal property is substantially equal to one hundred percent of the growth in revenue generated by real property assessment growth. Annual reductions shall be made pursuant to this subdivision until December 31, 2073. Thereafter, the percentage of true value in money at which personal property is assessed shall be equal to the percentage in effect on December 31, 2073.

(2) The provisions of subdivision (1) of this subsection shall not be construed to relieve a political subdivision from adjustments to property tax levies as required by section 137.073.

(3) For the purposes of subdivision (1) of this subsection, "real property assessment growth" shall mean the growth in revenue from increases in the total assessed valuation of all real property in a political subdivision over the revenue generated from the assessed valuation of such real property from the previous calendar year. Real property assessment growth shall not include any revenue in excess of the percent increase in the consumer price index, as described in subsection 2 of section 137.073.

(4) Notwithstanding the provisions of subdivisions (1) to (4) of this subsection to the contrary, for the purposes of the tax levied pursuant to Article III, Section 38(b) of the Missouri Constitution, all personal property shall be assessed at thirty-three and one-third percent of its true value in money as of January first of each calendar year.

2. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection [§] 6 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

~~[2-]~~ 3. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

~~[3-]~~ 4. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;
- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

- (5) Poultry, twelve percent; and

- (6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

~~[4-]~~ 5. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

~~[5-]~~ 6. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (a) For real property in subclass (1), nineteen percent;
- (b) For real property in subclass (2), twelve percent; and
- (c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

~~[6-]~~ 7. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

~~[7-]~~ 8. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

~~[8-]~~ 9. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

~~[9-]~~ **10.** The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

~~[10-]~~ **11.** Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

~~[11-]~~ **12.** If a physical inspection is required, pursuant to subsection ~~[10]~~ **11** of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

~~[12-]~~ **13.** A physical inspection, as required by subsection ~~[10]~~ **11** of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection ~~[11]~~ **12** of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

~~[13-]~~ **14.** A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

~~[14-]~~ **15.** Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

~~[15-]~~ **16.** The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection ~~[14]~~ **15** of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

~~[46.]~~ 17. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend the title and enacting clause accordingly.

"105.145. 1. The following definitions shall be applied to the terms used in this section:

(1) "Governing body", the board, body, or persons in which the powers of a political subdivision as a body corporate, or otherwise, are vested;

(2) "Political subdivision", any agency or unit of this state, except counties and school districts, which now is, or hereafter shall be, authorized to levy taxes or empowered to cause taxes to be levied.

2. The governing body of each political subdivision in the state shall cause to be prepared an annual report of the financial transactions of the political subdivision in such summary form as the state auditor shall prescribe by rule, except that the annual report of political subdivisions whose cash receipts for the reporting period are ten thousand dollars or less shall only be required to contain the cash balance at the beginning of the reporting period, a summary of cash receipts, a summary of cash disbursements and the cash balance at the end of the reporting period.

3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

7. All reports or financial statements hereinabove mentioned shall be considered to be public records.

8. The provisions of this section apply to the board of directors of every transportation development district organized under sections 238.200 to 238.275.

9. Any political subdivision that fails to timely submit a copy of the annual financial statement to the state auditor shall be subject to a fine of five hundred dollars per day.

10. The state auditor shall report any violation of subsection 9 of this section to the department of revenue. Upon notification from the state auditor's office that a political subdivision failed to timely submit a copy of the annual financial statement, the department of revenue shall notify such political subdivision by certified mail that the statement has not been received. Such notice shall clearly set forth the following:

Failure of the political subdivision to submit the required annual financial statement within such thirty-day period shall cause the fine to be collected as provided under subsection 11 of this section.

The director of revenue shall retain two percent for the cost of such collection. The remaining revenues collected from such violations shall be distributed annually to the schools of the county in the same manner that proceeds for all penalties, forfeitures, and fines collected for any breach of the penal laws of the state are distributed.

13. **If a failure to timely submit the annual financial statement is the result of fraud or other illegal conduct by an employee or officer of the political subdivision, the political subdivision shall not be subject to a fine authorized under this section if the statement is filed within thirty days of the discovery of the fraud or illegal conduct. If a fine is assessed and paid prior to the filing of the statement, the department of revenue shall refund the fine upon notification from the political subdivision.**

Further amend said bill, Page 11, Section 58.200, Line 17, by inserting after all of said line the following:

"67.457. 1. To establish a neighborhood improvement district, the governing body of any city or county shall comply with either of the procedures described in subsection 2 or 3 of this section.

2. The governing body of any city or county proposing to create a neighborhood improvement district may by resolution submit the question of creating such district to all qualified voters residing within such district at a general or special election called for that purpose. Such resolution shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, and the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full. The governing body of the city or county may create a neighborhood improvement district when the question of creating such district has been approved by the vote of the percentage of electors within such district voting thereon that is equal to the percentage of voter approval required for the issuance of general obligation bonds of such city or county under Article VI, Section 26 of the constitution of this state. The notice of election containing the question of creating a neighborhood improvement district shall contain the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and a statement that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such notice, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such notice, by more than twenty-five percent. The ballot upon which the question of creating a neighborhood improvement district is submitted to the qualified voters residing within the proposed district shall contain a question in substantially the following form:

Shall _____ (name of city or county) be authorized to create a neighborhood improvement district proposed for the _____ (project name for the proposed improvement) and incur indebtedness and issue general obligation bonds to pay for all or part of the cost of public improvements within such district, the cost of all indebtedness so incurred to be assessed by the governing body of the _____ (city or county) on the real property benefitted by such improvements for a period of _____ years, and, if included in the resolution, an assessment in each year thereafter with the proceeds thereof used solely for maintenance of the improvement?

3. As an alternative to the procedure described in subsection 2 of this section, the governing body of a city or county may create a neighborhood improvement district when a proper petition has been signed by the owners of record of at least two-thirds by area of all real property located within such proposed district. Each owner of record of real property located in the proposed district is allowed one signature. Any person, corporation, or limited liability partnership owning more than one parcel of land located in such proposed district shall be allowed only one signature on such petition. The petition, in order to become effective, shall be filed with the city clerk or county clerk. A proper petition for the creation of a neighborhood improvement district shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full, a notice that the names of the signers may not be withdrawn later than seven days after the petition is filed with the city clerk or county clerk, and a notice that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such petition, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such petition, by more than twenty-five percent.

4. Upon receiving the requisite voter approval at an election or upon the filing of a proper petition with the city clerk or county clerk, the governing body may by resolution or ordinance determine the advisability of the improvement and may order that the district be established and that preliminary plans and specifications for the improvement be made. Such resolution or ordinance shall state and make findings as to the project name for the proposed improvement, the nature of the improvement, the estimated cost of such improvement, the boundaries of the neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and shall also state

that the final cost of such improvement assessed against the real property within the neighborhood improvement district and the amount of general obligation bonds issued therefor shall not, without a new election or petition, exceed the estimated cost of such improvement by more than twenty-five percent.

5. The boundaries of the proposed district shall be described by metes and bounds, streets or other sufficiently specific description. The area of the neighborhood improvement district finally determined by the governing body of the city or county to be assessed may be less than, but shall not exceed, the total area comprising such district.

6. In any neighborhood improvement district organized prior to August 28, 1994, an assessment may be levied and collected after the original period approved for assessment of property within the district has expired, with the proceeds thereof used solely for maintenance of the improvement, if the residents of the neighborhood improvement district either vote to assess real property within the district for the maintenance costs in the manner prescribed in subsection 2 of this section or if the owners of two-thirds of the area of all real property located within the district sign a petition for such purpose in the same manner as prescribed in subsection 3 of this section.

2. The plans and specifications for the improvement and the proposed assessment roll shall be filed with the city clerk or county clerk, as applicable, and shall be open for public inspection. At the same time, the clerk shall mail to the owners of record of the real property made liable to pay the assessments, at their last known post office address, a notice of the hearing and a statement of the cost proposed to be assessed against the real property so owned and assessed. The failure of any owner to receive such notice shall not invalidate the proceedings.

There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the

tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration ~~law~~ act, sections ~~281.220~~ **281.210** to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. 4. The petition when so filed shall have the same force and effect with respect to each parcel of real estate therein described as a separate suit instituted to foreclose the tax lien or liens against any one of said parcels of real estate.

5. For each petition filed, the collector shall make available to the public a list detailing each parcel included in the suit.

92.750. 1. **Except as otherwise provided in subsection 4 of this section,** any person having any right, title, or interest in, or lien upon, any parcel of real estate described in such petition may redeem such parcel of real estate by paying to the collector all of the sums mentioned therein, including principal, interest, penalties, attorney's fees and costs then due, at any time prior to the time of the foreclosure sale of such real estate by the sheriff.

Such affidavit shall be filed in the suit with the circuit clerk not later than sixty days after the date of the first publication of the notice of foreclosure. The failure of the collector to mail the notice as provided in this section shall invalidate any proceedings brought pursuant to the provisions of sections 92.700 to 92.920. 92.765. Affidavits of publication of notice of foreclosure, and of posting, mailing, or other acts required by the provisions of sections 92.700 to 92.920 shall be filed in the office of the circuit clerk prior to the trial, and when so filed shall constitute part of the evidentiary documents in the foreclosure suit. Such affidavits shall be prima facie evidence of the performance of acts therein described, and may be so used in the trial of the suit, unless challenged by verified answer duly filed in the suit. **The collector shall file with the court an affidavit of compliance with notice requirements of sections 92.700 to 92.920 prior to any sheriff's sale. The affidavit shall include the identities of all parties to whom notice was attempted and by what means. In the case of mailed notice returned undeliverable, the collector's affidavit shall certify that additional notice was attempted and by what means. The expense of complying with this section shall be taxed and collected as other costs in the suit.**

92.770. 1. The collector may employ such attorneys as he deems necessary to collect such taxes and to prosecute suits for taxes.

2. Such attorneys shall receive as total compensation a sum, not to exceed six percent of the amount of taxes actually collected and paid into the treasury, and an additional sum not to exceed two dollars for each suit filed when publication is not necessary and not to exceed five dollars where publication is necessary, as may be agreed upon in writing and approved by the collector, before such services are rendered.

3. The ~~attorney~~ **attorney's** fees shall be taxed as costs in the suit and collected as other costs.

92.775. 1. Upon the trial of the cause upon the question of foreclosure, the tax bill shall be prima facie proof that the tax described in the tax bill has been validly assessed at the time indicated by the tax bill and that the tax is unpaid. Any person alleging any jurisdictional defect or invalidity in the tax bill or in the sale thereof must particularly specify in his answer the defect or basis of invalidity, and must, upon trial, affirmatively establish such defense.

2. After the court has first determined the validity of the tax liens of all tax bills affecting parcels of real estate described in the petition, the priorities of the respective tax bills and the amounts due thereon, including principal, interest, penalties, attorney's fees, and costs, the court shall thereupon enter judgment of foreclosure of such liens and fix the time and place of the foreclosure sale. The petition shall be dismissed as to any parcel of real estate redeemed prior to the time fixed for the sheriff's foreclosure sale as provided in sections 92.700 to 92.920. If the parcel of real estate auctioned off at sheriff's foreclosure sale is sold for a sum sufficient to fully pay the

principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and for no more, and such sale is confirmed by the court, then all other proceedings as to such parcels of real estate shall be finally dismissed as to all parties and interests other than tax bill owners or holders; provided, however, that any parties seeking relief other than an interest in or lien upon the real estate may continue with said suit to a final adjudication of such other issues; provided, further, an appeal may be had as to any claim attacking the validity of the tax bill or bills or the priorities as to payment of proceeds of foreclosure sale. If the parcel of real estate auctioned off at sheriff's foreclosure sale is sold for a sum greater than the total amount necessary to pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and such sale is confirmed by the court, and no appeal is taken by any person claiming any right, title or interest in or to or lien upon said parcel of real estate or by any person or taxing authority owning or holding or claiming any right, title or interest in or to any tax bills within the time fixed by law for the filing of notice of appeal, the court shall thereupon order the sheriff to make distribution to the owners or holders of the respective tax bills included in the judgment of the amounts found to be due and in the order of priorities. Thereafter all proceedings in the suit shall be ordered by the court to be dismissed as to such persons or taxing authorities owning, holding or claiming any right, title or interest in any such tax bill or bills so paid, and the case shall proceed as to any parties claiming any right, title, or interest in or lien upon the parcel of real estate affected by such tax bill or bills as to their respective claims to such surplus funds then remaining in the hands of the sheriff. **The receipt of such surplus funds shall constitute a bar to any claim of right, title, or interest in, or lien upon, said parcel of real estate, by the fund recipient.**

3. Whenever an answer is filed to the petition, as herein provided, a severance of the action as to all parcels of real estate affected by such answer shall be granted, and the issues raised by the petition and such answer shall be tried separate and apart from the other issues in the suit, but the granting of such severance shall not delay the trial or other disposition of any other issue in the case. A separate appeal may be taken from any other issue in the case. A separate appeal may be taken from any action of the court affecting any right, title or interest in or to, or lien upon, such real estate, other than issues of law and fact affecting the amount or validity of the lien of tax bills, but the proceeding to foreclose the lien of any tax bills shall not be stayed by such appeal. The trial shall be conducted by the court without the aid of a jury and the suit shall be in equity. This action shall take precedence over and shall be triable before any other action in equity affecting the title to such real estate, upon motion of any interested party.

92.810. 1. After the judgment of foreclosure has been entered, or, after a motion for a new trial has been overruled, or, if an appeal be taken from such judgment and the judgment has been affirmed, after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the circuit clerk, there shall be a waiting period of six months before any advertisement of sheriff's sale shall be published.

2. 3. **No later than one hundred twenty days prior to the sheriff's sale, the collector shall obtain a title abstract or report on any unredeemed parcels. The notice shall also state that ~~[the property owner]~~ **an interested party** may avoid the sale by redeeming such parcel of real estate prior to the sale as specified in section 92.750 or, **if applicable**, by entering into an agreement with the collector to pay the taxes included in the foreclosure suit under section 92.740. The cost of ~~[the title search,~~ mailing and notice as required by this subsection shall be included as costs ~~[at the sale of the real estate]~~ **in the case.**

6. **No later than twenty days prior to the sheriff's sale, the sheriff shall enter upon the parcel subject to foreclosure of these tax liens and post a written informational notice in a conspicuous location, attached to a structure, and intended to be visible by the nearest public right-of-way. Any such property transferred pursuant to this subsection shall be renovated and sold by the residential renovation loan commission in the manner prescribed in sections 67.970 to 67.983. The residential renovation loan commission shall reimburse the land reutilization authority for all expenses directly incurred in relation to such property under sections 92.700 to 92.920 prior to the transfer.

92.815. 1. During such waiting period and at any time prior to the time of foreclosure sale by the sheriff, any interested party may redeem any parcel of real estate as provided by sections 92.700 to 92.920; except that during such time and at any time prior to the time of foreclosure sale by the sheriff, the collector shall enter into a written redemption contract with the owner of any real estate occupied as a homestead and who has not previously defaulted upon any such written redemption contract, provided that in no instance shall such installments exceed twelve in number or extend more than twenty-four months next after any agreement for such installment payments shall have been entered into; provided further, that upon good cause being shown by the owner of any parcel of real estate occupied as a homestead, or in the case of improved real estate with a total assessed valuation of not more than five thousand dollars, owned by an individual, the income from such property being a major factor in the total income of such individual, or by anyone on his behalf, the court may, in its discretion, fix the time and terms of payment in such contract to permit all of such installments to be paid within not longer than forty-eight months after any order or agreement as to installment payments shall have been made. **The collector shall not enter into a redemption contract with respect to any improved parcel not occupied as a homestead.**

2. So long as such installments be paid according to the terms of the contract, the six months' waiting period shall be extended, but if any installment be not paid when due, the extension of the waiting period shall be ended and the real estate shall immediately be advertised for sale or included in the next notice of sheriff's foreclosure sale. Notice shall also be sent to the redemption contract ~~[payer]~~ **payer** as specified in subsection ~~[3]~~ **4** of section 92.810.

3. On an annual basis, the collector shall make publicly available the number of parcels under redemption contract under this section.

92.817. 1. The court shall stay the sale of any parcel to be sold under execution of a tax foreclosure judgment obtained under this chapter, which is the subject of an action filed under sections 447.620 to 447.640, provided that the party that has brought such an action has, upon an order of the court, paid into the circuit court the principal amount of all land taxes then due and owing under the tax foreclosure judgment, exclusive of penalties and interest, prior to the date of any proposed sale under execution.

2. Upon the granting by the court of temporary possession of any property under section 447.632, upon order, the circuit court shall direct payment to the collector of all principal land taxes theretofore paid to the circuit court. In addition, in any order granting a final judgment or deed under section 447.625 or 447.640, the court shall also order the permanent extinguishment of penalties and interest arising from actions to collect delinquent land taxes due on the parcel against the grantee of said deed, and all successors in interest; excepting however, any defendant in such action.

3. If an owner of the parcel moves the court for restoration of possession under section 447.638, the owner shall pay into the circuit court all land tax amounts currently due and owing on the property, including all statutory penalties, interest, attorney's fees, and court costs retroactive to the date of accrual. Upon an order granting the restoration of possession to an owner under section 447.638, the court shall order that the funds paid to the court under subsection 2 of this section be returned to the payer, and that the funds paid to the court under this subsection be paid out to the collector.

4. If the party that brought the action under sections 447.620 to 447.640 dismisses its action prior to gaining temporary possession of the property, it shall recover any amounts paid into the circuit court prior to that date for principal land taxes.

92.825. 1. The sale shall be conducted, the sheriff's return thereof made, and the sheriff's deed pursuant to the sale executed, all as provided in the case of sales of real estate taken under execution except as otherwise provided in sections 92.700 to 92.920, and provided that such sale need not occur during the term of court or while the court is in session.

2. Such sale shall convey the whole interest of every person having or claiming any right, title or interest in or lien upon such real estate, whether such person has answered or not, subject to rights-of-way thereon of public utilities upon which tax has been otherwise paid, and subject only to the tax lien thereon, if any, of the United States of America.

3. The collector shall advance from current tax collections the sums necessary to pay for the publication of all advertisements required by the provisions of sections 92.700 to 92.920 and shall be allowed credit therefor in his accounts with the taxing authorities on a pro rata basis. He shall give credit in such accounts for all such advances recovered by him. Such expenses of publication shall be apportioned pro rata among and taxed as costs against the respective parcels of real estate described in the judgment; provided, however, that none of the costs herein enumerated, including the costs of publication, shall constitute any lien upon the real estate after such sale.

4. No person shall be eligible to bid at the time of the sheriff's sale unless such person has, no later than ten days before the sale date, demonstrated to the satisfaction of the collector or sheriff that the person is not the owner of any parcel of real estate in the city that is subject to delinquent property taxes, unpaid special tax bills, or vacant building fees. A prospective bidder shall be prohibited from participating in the delinquent land tax sale if he or she has previously bid at a sheriff's sale and failed to pay bid amounts, confirm the sale, or sign a sheriff's deed. The collector or sheriff may require prospective bidders to submit an affidavit attesting to the requirements of this section and is expressly authorized to permanently preclude any prospective bidder from participating in the sale for failure to comply with this section. Notwithstanding the provisions of this section, any taxing authority or land reutilization authority shall be eligible to bid at any sale conducted under this section without making such a demonstration. The purchaser at a sale conducted by the sheriff shall pay cash immediately at the end of bidding of each parcel on the day of the sale in an amount including all taxes then due and owing, which may be in an amount in excess of or less than the judgment amount, and other costs, exclusive of any amounts for debts owed to any statutorily created sewer district ~~[as otherwise provided by law]~~.

92.835. 1. The title to any real estate which shall vest in the land reutilization authority under the provisions of sections 92.700 to 92.920 shall be held by the land reutilization authority of the city in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure.

2. The title to any real estate which shall vest in any purchaser, upon confirmation of such sale by the court, shall be an absolute estate in fee simple, subject to rights-of-way thereon of public utilities on which tax has been otherwise paid, and subject to any tax lien thereon of the United States of America, if any, and all persons, including the state of Missouri, **any taxing authority or tax district as defined herein, judgment creditors, lienholders**, minors, incapacitated and disabled persons, and nonresidents who may have had any right, title, interest, claim, or equity of redemption in or to, or lien upon, such lands shall be barred and forever foreclosed of all such right, title, interest, claim, lien or equity of redemption, and the court shall order immediate possession of such real estate be given to such purchaser~~]; provided, however, that such title shall also be subject to the liens of any tax bills which may have attached to such parcel of real estate prior to the time of the filing of the petition affecting such parcel of real estate not then delinquent, or which may have attached after the filing of the petition and prior to sheriff's sale and not included in any answer to such petition, but].~~ If such parcel of real estate is sold to the land reutilization authority the title thereto shall be free of any ~~[such]~~ liens to the extent of the interest of any taxing authority in such real estate; provided further, that such title shall not be subject to the lien of special tax bills ~~[which has attached to the parcel of real estate prior to January 1, 1972, but the lien of such special tax bills shall attach to the proceeds of the sheriff's sale or to the proceeds of the ultimate sale of such parcel by the land reutilization authority].~~

92.840. 1. **Within six months** after the sheriff sells any parcel of real estate, the court shall, upon its own motion or upon motion of any interested party, set the cause down for hearing to confirm **or set aside** the foreclosure sale of the real estate, even though such parcels are not all of the parcels of real estate described in the notice of sheriff's foreclosure sale. Notice of the hearing shall be sent by any interested party, or the court, moving to confirm the foreclosure sale, to each person who ~~[received]~~ **was sent** notice of sale as specified in ~~[subsection 3]~~ **subsections 4 and 5 of section 92.810 and to any other necessary parties as required by prevailing notions of due process.** At the time of such hearing, the sheriff shall make report of the sale, and the court shall hear evidence of the value of the property offered on behalf of any interested party to the suit, and shall immediately determine whether an adequate consideration has been paid for each such parcel. **Any parcel deemed to have been purchased by the land reutilization authority pursuant to section 92.830 shall not require any inquiry as to value. The court's judgment shall include a specific finding that adequate notice was provided to all necessary parties pursuant to prevailing notions of due process and sections 92.700 to 92.920, reciting the notice efforts of the collector, sheriff, and tax sale purchaser. Nothing in this section shall be interpreted to preclude a successful tax sale purchaser from asserting a claim to quiet title to the bid upon parcel pursuant to section 527.150.**

2. For this purpose, the court shall have power to summon any city official or any private person to testify as to the reasonable value of the property, and if the court finds that adequate consideration has been paid, he shall confirm the sale and order the sheriff to issue a deed with restriction as provided herein to the purchaser subject to the application of an occupancy permit for all parcels as provided in subsection ~~[5]~~ **7** of this section. If the court finds that the consideration paid is inadequate, the purchaser may increase his bid to such amount as the court may deem to be adequate, whereupon the court may confirm the sale. If, however, the purchaser declines to increase his bid and make such additional payment, then the sale shall be disapproved, the lien of the judgment continued, and such parcel of real estate shall be again advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff's foreclosure sale.

3. If the sale is confirmed, the court shall order the proceeds of the sale applied in the following order:

- (1) To the payment of the costs of the publication of the notice of foreclosure and of the sheriff's foreclosure sale;
- (2) To the payment of all **of the collector and sheriff's** costs including appraiser's fee and attorney's fees;
- (3) To the payment of all tax bills adjudged to be due in the order of their priority, including principal, interest and penalties thereon. If, after such payment, there is any sum remaining of the proceeds of the sheriff's foreclosure sale, the court shall thereupon try and determine the other issues in the suit in accordance with section 92.775. If any answering parties have specially appealed as provided in section 92.845, the court shall retain the custody of such funds pending disposition of such appeal, and upon disposition of such appeal shall make such distribution. If there are not sufficient proceeds of the sale to pay all claims in any class described, the court shall order the same to be paid pro rata in accordance with the priorities.

4. If there are any funds remaining of the proceeds after the sheriff's sale and after the distribution of such funds as set out in this section and no person entitled to any such funds, whether or not a party to the suit, shall, within two years after such sale, appear and claim the funds, they shall be distributed **ten percent to the affordable housing trust fund or equivalent of such city operating under sections 92.700 to 92.920 for purposes that promote the reduction and prevention of vacant properties, with the remainder to be distributed** to the appropriate taxing authorities.

5. **Any city operating under the provisions of sections 92.700 to 92.920, by ordinance, may elect to allocate a portion of its share of the proceeds of the sheriff's sale towards a fund for the purpose of defending against claims challenging the sufficiency of notice provisions under this section.**

6. For the purpose of this section, the term "occupancy permit" shall mean the certificate of ~~use and~~ **inspection or occupancy permit for residential or commercial structures** as provided for in the revised municipal code of any city not within a county, which now has or may hereafter have a population in excess of three hundred thousand inhabitants.

~~[6-]~~ 7. If there is a building or structure on the parcel, the purchaser shall apply for an occupancy permit from the city or appropriate governmental agency within ten days after the confirmation hearing. Any purchaser who is a public corporation acting in a governmental capacity shall not be required to acquire the occupancy permit. When a parcel, acquired at a sheriff sale, containing a building is sold from a public corporation acting in a governmental capacity, the subsequent purchaser shall be required to apply for the occupancy permit. Failure to apply for such occupancy permit within ten days after confirmation shall result in the sale and confirmation being immediately set aside by the motion of any interested party and that parcel shall again be advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff foreclosure sale.

~~[7-]~~ 8. The sheriff shall include a deed restriction in the sheriff's deed, issued after confirmation and after the application of an occupancy permit for any parcel containing a building or structure. The deed restriction shall state that the purchasers at the sheriff's sale who had the property confirmed and who applied for an occupancy permit shall obtain an occupancy permit for the building or structure from the appropriate governmental agency prior to any subsequent transfer or sale of this property. This deed restriction shall **not** exist as a lien against such real estate ~~[while the purchasers hold same in the amount of five thousand dollars]~~. The purchasers of the property at the sheriff sale who had the property confirmed and applied for the occupancy permit shall agree that in the event of their failure to obtain an occupancy permit prior to any subsequent transfer of the property, they shall pay to the sheriff the sum of five thousand dollars as fixed, liquidated and ascertained damages without proof of loss or damages. **These damages shall not constitute a lien on property, and** the sheriff shall have the discretionary power to file a lawsuit against such purchaser for collection of these liquidated damages. These liquidated damages shall be distributed on a prorated basis to the appropriate taxing authority after the sheriff deducts all costs, expenses and ~~attorney~~ **attorney's** fees for such lawsuits. The sheriff may employ attorneys as he deems necessary to collect liquidated damages.

9. **If any sale is not confirmed within six months after the sale, any set-aside of the sale may, at the discretion of the court or collector, include a penalty of twenty-five percent of the bid amount over and above the opening bid amount, and such penalty shall be directed to the affordable housing trust fund or the equivalent, if any, of a city operating under sections 92.700 to 92.920.**

10. **Any interested party, other than the sheriff's sale purchaser, who moves the court to set aside a sheriff's sale after the issuance of a sheriff's deed made under the provisions of sections 92.700 to 92.920 shall be required to pay into the court the redemption amount otherwise necessary under section 92.750 prior to the court hearing any such motion to set aside. The court may hear any motion to confirm brought under the terms of this section if the redemption amount is not paid by the interested party moving the court to set aside the sale.**

92.852. Any sheriff's deed given pursuant to the municipal land reutilization law shall be subject to a recording fee for the costs of recording the deed that shall be assessed and collected from the purchaser of the property at the same time the proceeds from the sale are collected. All such deeds shall be recorded at the office of the recorder of deeds within two months after the ~~[sheriff's deed is given]~~ **court confirms the sale, if no proceeding to set aside the confirmation judgment is before the court.**

92.855. Each sheriff's deed given pursuant to the provisions of the municipal land reutilization law shall be ~~[presumptive]~~ **prima facie** evidence that the suit and all proceedings therein and all proceedings prior thereto from and including assessment of the lands affected thereby and all notices required by law were regular and in accordance with all provisions of the law relating thereto. ~~[After two years from the date of the recording of such sheriff's deed, the presumption shall be conclusive, unless at the time that this section takes effect the two year period since the recording of such sheriff's deed has expired, or less than six months of such period of two years remains unexpired, in which latter case the presumption shall become conclusive six months after September 28, 1971. No suit to set aside or to attack the validity of any such sheriff's deed shall be commenced or maintained unless the suit is filed prior to the time that the presumption becomes conclusive, as aforesaid.];~~ and

JOURNAL OF THE HOUSE

Second Regular Session, 101st GENERAL ASSEMBLY

SIXTY-SIXTH DAY, FRIDAY, MAY 6, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

God is with you in all that you do. (Genesis 21:22)

Almighty God, our divine teacher, at the beginning of this new day we bow before You, seeking Your blessing upon us and praying that Your wisdom may guide us, Your strength support us, and Your love unite us all day.

In the middle of these hectic hours and multiple interruptions, may Your healing presence restore our souls and lead us in the paths of inner peace and righteousness for Your sake.

Forgive us our impatient impulses, our selfish private goals and our sour dispositions. Strengthen us to make a striking positive contribution today, to think clearly, to speak courageously, to act confidently, to keep our trust in You and our state, and may this trust keep us grounded well in both truth and charity.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

Representative Chipman assumed the Chair.

The Journal of the sixty-fifth day was approved as printed.

AMEND Senate Committee Substitute for House Bill No. 2090, Page 1, Section Title, Lines 4-5, by striking "the office of administration" and inserting in lieu thereof the following:

"the payment of funds from the state treasury"; and

Further amend said bill, Page 24, Section 288.220, Line 49, by inserting after all of said line the following:

“Section 1 1. As used in this section, the following terms mean:

- (1) "Eligible individual", any individual or married couple who:
 - (a) Cannot be claimed as a dependent on any other taxpayer's federal income tax return for a tax year beginning in the calendar year in which the individual's tax year begins;
 - (b) Is not an estate or trust;
 - (c) Is not delinquent on child support obligations;
 - (d) Is a resident of the state, as defined in section 143.101; and
 - (e) Files a Missouri individual or combined individual income tax return for the tax year ending in calendar year 2021, and has filed such return with the state by October 17, 2022 or such return was postmarked by October 17, 2022;
 - (2) "Qualified taxpayer", any individual subject to the state income tax imposed under chapter 143, excluding the withholding tax imposed under sections 143.191 to 143.265, who is an eligible individual as defined under this section;
 - (3) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed under sections 143.191 to 143.265.
2. For the 2021 tax year, a qualified taxpayer shall be allowed to claim a one-time nonrefundable tax credit against the taxpayer's state tax liability in an amount equal to the lesser of each qualified taxpayer's Missouri income tax due for the tax year ending in calendar year 2021, or five hundred dollars in the case of individuals filing an individual Missouri income tax return, or one thousand dollars in the case of married couples filing a combined Missouri individual income tax return, whichever is less.
3. The department of revenue shall automatically adjust each qualified taxpayer's tax return for the 2021 tax year and shall issue refunds, if necessary, to qualified taxpayers via check or electronic fund transfer.
4. No tax credit claimed under this section shall be carried forward to any subsequent tax year.
5. No tax credit claimed under this section shall be assigned, transferred, sold, or otherwise conveyed.
6. Notwithstanding any provision of this section to the contrary, the director of revenue shall not authorize more than five hundred million dollars in tax credits under this section. In the event the aggregate amount of tax credits claimed by qualified taxpayers exceeds five hundred million dollars, the value of the tax credit shall be reduced by the smallest uniform percentage such that the total of all tax credits issued under this section is equal to five hundred million dollars.
7. There is hereby created in the state treasury the "Tax Credit Offset Fund", which shall consist of moneys appropriated by the general assembly. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely to issue tax credits pursuant to this section. Any moneys remaining in the fund at the end of the fiscal year ending on June 30, 2023, shall revert to the credit of the general revenue fund.
8. The department of revenue shall promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Senate Amendment No. 2

AMEND Senate Substitute for House Bill No. 2400, Page 1, Section A, Line 3, by inserting after all of said line the following:

"130.029. 1. Nothing herein contained shall be construed to prohibit any corporation organized under any general or special law of this state, or any other state or by an act of the Congress of the United States or any labor organization, cooperative association or mutual association from making any contributions or expenditures, provided:

(1) That the board of directors of any corporation by resolution has authorized contributions or expenditures, or by resolution has authorized a designated officer to make such contributions or expenditures; or

(2) That the members of any labor organization, cooperative association or mutual association have authorized contributions or expenditures by a majority vote of the members present at a duly called meeting of any such labor organization, cooperative association or mutual association or by such vote has authorized a designated officer to make such contributions or expenditures.

2. No provision of this section shall be construed to authorize contributions or expenditures otherwise prohibited by, or to change any necessary percentage of vote otherwise required by, the articles of incorporation or association or bylaws of such labor organization, corporation, cooperative or mutual association.

3. Authority to make contributions or expenditures as authorized by this section shall be adopted by general or specific resolution. This resolution shall state the total amount of contributions or expenditures authorized, the purposes of such contributions or expenditures and the time period within which such authority shall exist.

4. (1) Any limited liability company that is duly registered pursuant to chapter 347 and that has not elected to be classified as a corporation under the federal tax code may make contributions to any committee if the limited liability company has:

(a) Been in existence for at least one year prior to such contribution; and

(b) Electronically filed with the Missouri ethics commission indicating that the limited liability company is a legitimate business with a legitimate business interest and is not created for the sole purpose of making campaign contributions.

(2) The Missouri ethics commission shall develop a method for limited liability companies to use for purposes of paragraph (b) of subdivision (1) of this subsection. The commission shall post all information submitted pursuant to this subdivision on its website on a public page in a searchable format.

143.081. 1. A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due pursuant to sections 143.005 to 143.998 for the amount of any income tax imposed for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax pursuant to sections 143.005 to 143.998. For purposes of this subsection, the phrase "income tax imposed" shall be that amount of tax before any income tax credit allowed by such other state or the District of Columbia if the other state or the District of Columbia authorizes a reciprocal benefit for residents of this state.

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other taxing jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction.

3. (1) For the purposes of this section, in the case of an S corporation, each resident S shareholder shall be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state which does not measure the income of shareholders on an S corporation by reference to the income of the S corporation or where a composite return and composite payments are made in such state on behalf of the S shareholders by the S corporation.

(2) A resident S shareholder shall be eligible for a credit issued pursuant to this section in an amount equal to the shareholder's pro rata share of any income tax imposed pursuant to chapter 143 on income derived from sources in another state of the United States, or a political subdivision thereof, or the District of Columbia, and which is subject to tax pursuant to chapter 143 but is not subject to tax in such other jurisdiction.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the Office of Thrift Supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder's pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid.

143.436. 1. This section shall be known and may be cited as the "SALT Parity Act".

2. For the purposes of this section, the following terms shall mean:

(2) "Direct member", a member that holds an interest directly in an affected business entity;

(3) "Indirect member", a member that itself holds an interest, through a direct or indirect member that is a partnership or an S corporation, in an affected business entity;

(4) "Member":

(a) A shareholder of an S corporation;

(b) A partner in a general partnership, a limited partnership, or a limited liability partnership; or

(c) A member of a limited liability company that is treated as a partnership or S corporation for federal income tax purposes;

(5) "Partnership", the same meaning as provided in 26 U.S.C. Section 7701(a)(2). The term "partnership" shall include a limited liability company that is treated as a partnership for federal income tax purposes;

(6) "S corporation", a corporation or limited liability company that is treated as an S corporation for federal income tax purposes;

3. (1) Notwithstanding any provision of law to the contrary, a tax is hereby imposed on each affected business entity that is a partnership and that is doing business in this state. Such affected business entity shall, at the time that the affected business entity's return is due, pay a tax in an amount equal to the sum of the separately and nonseparately computed items, as described in 26 U.S.C. Section 702(a), of the affected business entity, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, decreased by the deduction allowed under 26 U.S.C. Section 199A computed as if such deduction was allowed to be taken by the affected business entity for federal tax purposes, and increased or decreased by any modification made pursuant to section 143.471 that relates to an item of the affected business entity's income, gain, loss, or deduction, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, with such sum multiplied by the highest rate of tax used to determine a Missouri income tax liability for an individual pursuant to section 143.011. An affected entity paying the tax pursuant to this subsection shall include with the payment of such taxes each report provided to a member pursuant to subsection 7 of this section.

(2) If the amount calculated pursuant to subdivision (1) of this section results in a net loss, such net loss may be carried forward to succeeding tax years for which the affected business entity elects to be subject to tax pursuant to subsection 11 of this section until fully used.

4. (1) Notwithstanding any provision of law to the contrary, a tax is hereby imposed on each affected business entity that is an S corporation and that is doing business in this state. Such affected business entity shall, at the time that the affected business entity's return is due, pay a tax in an amount equal to the sum of the separately and nonseparately computed items, as described in 26 U.S.C. Section 1366, of the affected business entity, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, decreased by the deduction allowed under 26 U.S.C. Section 199A computed as if such deduction was allowed to be taken by the affected business entity for federal tax purposes, and increased

or decreased by any modification made pursuant to section 143.471 that relates to an item of the affected business entity's income, gain, loss, or deduction, to the extent derived from or connected with sources within this state, as determined pursuant to section 143.455, with such sum multiplied by the highest rate of tax used to determine a Missouri income tax liability for an individual pursuant to section 143.011. An affected entity paying the tax pursuant to this subsection shall include with the payment of such taxes each report provided to a member pursuant to subsection 7 of this section.

(2) If the amount calculated pursuant to subdivision (1) of this section results in a net loss, such net loss may be carried forward to succeeding tax years for which the affected business entity elects to be subject to tax pursuant to subsection 11 of this section until fully used.

5. If an affected business entity is a direct or indirect member of another affected business entity, the member affected business entity shall, when calculating its net income or loss pursuant to subsection 3 or 4 of this section, subtract its distributive share of income or add its distributive share of loss from the affected business entity in which it is a direct or indirect member to the extent that the income or loss was derived from or connected with sources within this state, as determined pursuant to section 143.455.

6. A nonresident individual who is a member shall not be required to file an income tax return pursuant to this chapter for a tax year if, for such tax year, the only source of income derived from or connected with sources within the state for such member, or the member and the member's spouse if a joint federal income tax return is or shall be filed, is from one or more affected business entities and such affected business entity or entities file and pay the tax due under this section.

7. Each partnership and S corporation shall report to each of its members, for each tax year, such member's direct pro rata share of the tax imposed pursuant to this section on such partnership or S corporation if it is an affected business entity and its indirect pro rata share of the tax imposed on any affected business entity in which such affected business entity is a direct or indirect member.

8. (1) Each member that is subject to the tax imposed pursuant to section 143.011 shall be entitled to a credit against the tax imposed pursuant to section 143.011. Such credit shall be in an amount equal to such member's direct and indirect pro rata share of the tax paid pursuant to this section by any affected business entity of which such member is directly or indirectly a member.

(2) If the amount of the credit authorized by this subsection exceeds such member's tax liability for the tax imposed pursuant to section 143.011, the excess amount shall not be refunded but may be carried forward to each succeeding tax year until such credit is fully taken.

9. (1) Each member that is subject to the tax imposed pursuant to section 143.011 as a resident or part-year resident of this state shall be entitled to a credit against the tax imposed pursuant to section 143.011 for such member's direct and indirect pro rata share of taxes paid to another state of the United States or to the District of Columbia, on income of any partnership or S corporation of which such person is a member that is derived therefrom, provided the taxes paid to another state of the United States or to the District of Columbia results from a tax that the director of revenue determines is substantially similar to the tax imposed pursuant to this section. Any such credit shall be calculated in a manner to be prescribed by the director of revenue, provided such calculation is consistent with the provisions of this section, and further provided that the limitations provided in subsection 2 of section 143.081 shall apply to the credit authorized by this subsection.

(2) If the amount of the credit authorized by this subsection exceeds such member's tax liability for the tax imposed pursuant to section 143.011, the excess amount shall not be refunded and shall not be carried forward.

10. (1) Each corporation that is subject to the tax imposed pursuant to section 143.071 and that is a member shall be entitled to a credit against the tax imposed pursuant to section 143.071. Such credit shall be in an amount equal to such corporation's direct and indirect pro rata share of the tax paid pursuant to this section by any affected business entity of which such corporation is directly or indirectly a member. Such credit shall be applied after all other credits.

(2) If the amount of the credit authorized by this subsection exceeds such corporation's tax liability for the tax imposed pursuant to section 143.071, the excess amount shall not be refunded but may be carried forward to each succeeding tax year until such credit is fully taken.

11. A partnership or an S corporation may elect to become an affected business entity that is required to pay the tax pursuant to this section in any tax year. A separate election shall be made for each

taxable year. Such election shall be made on such form and in such manner as the director of revenue may prescribe by rule. An election made pursuant to this subsection shall be signed by:

- (1) Each member of the electing entity who is a member at the time the election is filed; or
- (2) Any officer, manager, or member of the electing entity who is authorized to make the election and who attests to having such authorization under penalty of perjury.

12. The provisions of sections 143.425 and 143.601 shall apply to any modifications made to an affected business entity's federal return, and such affected business entity shall pay any resulting underpayment of tax to the extent not already paid pursuant to section 143.425.

13. (1) With respect to an action required or permitted to be taken by an affected business entity pursuant to this section, a proceeding under section 143.631 for reconsideration by the director of revenue, an appeal to the administrative hearing commission, or a review by the judiciary with respect to such action, the affected business entity shall designate an affected business entity representative for the tax year, and such affected business entity representative shall have the sole authority to act on behalf of the affected business entity, and the affected business entity's members shall be bound by those actions.

(2) The department of revenue may establish reasonable qualifications and procedures for designating a person to be the affected business entity representative.

(3) The affected business entity representative shall be considered an authorized representative of the affected business entity and its members under section 32.057 for the purposes of compliance with this section, or participating in a proceeding described in subdivision (1) of this subsection.

14. The provisions of this section shall only apply to tax years ending on or after December 31, 2022.

15. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void.

144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. A person is "engaging in business" in this state for purposes of sections 144.010 to 144.525 if such person engages in business activities within this state or maintains a place of business in this state under section 144.605. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) "Captive wildlife", includes but is not limited to exotic partridges, gray partridge, northern bobwhite quail, ring-necked pheasant, captive waterfowl, captive white-tailed deer, captive elk, and captive furbearers held under permit issued by the Missouri department of conservation for hunting purposes. (4) "Gross receipts", except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term gross receipts shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of

possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid. The term gross receipts shall not include usual and customary delivery charges that are stated separately from the sale price;

(5) "Instructional class", includes any class, lesson, or instruction intended or used for teaching;

(6) "Livestock", cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as described in section 277.024, llamas, alpaca, buffalo, bison, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, honey bees, or rabbits raised in confinement for human consumption;

(7) "Motor vehicle leasing company" shall be a company obtaining a permit from the director of revenue to operate as a motor vehicle leasing company. Not all persons renting or leasing trailers or motor vehicles need to obtain such a permit; however, no person failing to obtain such a permit may avail itself of the optional tax provisions of subsection 5 of section 144.070, as hereinafter provided;

(8) "Person" includes any individual, firm, copartnership, joint adventure, association, corporation, municipal or private, and whether organized for profit or not, state, county, political subdivision, state department, commission, board, bureau or agency, except the state transportation department, estate, trust, business trust, receiver or trustee appointed by the state or federal court, syndicate, or any other group or combination acting as a unit, and the plural as well as the singular number;

(9) "Product which is intended to be sold ultimately for final use or consumption" means tangible personal property, or any service that is subject to state or local sales or use taxes, or any tax that is substantially equivalent thereto, in this state or any other state;

(10) "Purchaser" means a person who purchases tangible personal property or to whom are rendered services, receipts from which are taxable under sections 144.010 to 144.525;

(11) "Research or experimentation activities" are the development of an experimental or pilot model, plant process, formula, invention or similar property, and the improvement of existing property of such type. Research or experimentation activities do not include activities such as ordinary testing or inspection of materials or products for quality control, efficiency surveys, advertising promotions or research in connection with literary, historical or similar projects;

(12) "Sale" or "sales" includes installment and credit sales, and the exchange of properties as well as the sale thereof for money, every closed transaction constituting a sale, and means any transfer, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property for valuable consideration and the rendering, furnishing or selling for a valuable consideration any of the substances, things and services herein designated and defined as taxable under the terms of sections 144.010 to 144.525;

(13) "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes of sections 144.010 to 144.525 and the tax imposed thereby: (i) purchases of tangible personal property made by duly licensed physicians, dentists, optometrists and veterinarians and used in the practice of their professions shall be deemed to be purchases for use or consumption and not for resale; and (ii) the selling of computer printouts, computer output or microfilm or microfiche and computer-assisted photo compositions to a purchaser to enable the purchaser to obtain for his or her own use the desired information contained in such computer printouts, computer output on microfilm or microfiche and computer-assisted photo compositions shall be considered as the sale of a service and not as the sale of tangible personal property. Where necessary to conform to the context of sections 144.010 to 144.525 and the tax imposed thereby, the term sale at retail shall be construed to embrace:

(a) Sales of admission tickets, cash admissions, charges and fees to or in places of amusement, entertainment and recreation, games and athletic events, except amounts paid for any instructional class;

(b) Sales of electricity, electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers, **except as provided in subdivision (12) of subsection 1 of section 144.011;**

(f) Sales of tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane, and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(14) "Seller" means a person selling or furnishing tangible personal property or rendering services, on the receipts from which a tax is imposed pursuant to section 144.020;

(15) The noun "tax" means either the tax payable by the purchaser of a commodity or service subject to tax, or the aggregate amount of taxes due from the vendor of such commodities or services during the period for which he or she is required to report his or her collections, as the context may require; and

(16) "Telecommunications service", for the purpose of this chapter, the transmission of information by wire, radio, optical cable, coaxial cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include the following if such services are separately stated on the customer's bill or on records of the seller maintained in the ordinary course of business:

(a) Access to the internet, access to interactive computer services or electronic publishing services, except the amount paid for the telecommunications service used to provide such access;

(b) Answering services and one-way paging services;

(c) Private mobile radio services which are not two-way commercial mobile radio services such as wireless telephone, personal communications services or enhanced specialized mobile radio services as defined pursuant to federal law; or

2. For purposes of the taxes imposed under sections 144.010 to 144.525, and any other provisions of law pertaining to sales or use taxes which incorporate the provisions of sections 144.010 to 144.525 by reference, the term manufactured homes shall have the same meaning given it in section 700.010.

3. Sections 144.010 to 144.525 may be known and quoted as the "Sales Tax Law".

For the purpose of this section, the term "facility" shall mean, and be limited to, the facility or facilities which are located on the same site in which the new business facility is located, and in which the business conducted at such facility or facilities is directly related to the business conducted at the new business facility. Notwithstanding the provisions of this subsection, a taxpayer may be entitled to an additional ten-year period, **and an additional six-year period after the expiration of such additional ten-year period**, if a new business facility is expanded in the eighth, ninth or tenth year of the current ten-year period or in subsequent years following the expiration of the ten-year period, if the number of new business facility employees attributed to such expansion is at least twenty-five and the amount of new business facility investment attributed to such expansion is at least one million dollars. Credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years. A letter of intent, as provided for in section 135.258, must be filed with the department of economic development no later than fifteen days prior to the commencement of commercial operations at the new business facility. The initial application for claiming tax credits must be made in the taxpayer's tax period immediately following the tax period in which commencement of commercial operations began at the new business facility. This provision shall have effect on all initial applications filed on or after August 28, 1992. No credit shall be allowed pursuant to this section unless the number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two; except that the number of new business facility employees engaged or maintained in employment by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (12) of section 135.100 which establishes an office as defined in subdivision (9) of section 135.100 shall equal or exceed twenty-five.

2. For tax periods beginning after August 28, 1991, in the case of a taxpayer operating an existing business facility, the credit allowed by subsection 1 of this section shall offset the greater of:

(1) Some portion of the income tax otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or in the case of an insurance company, the tax on the direct premiums, as defined in chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916 with respect to such taxpayer's new business facility income for the taxable year for which such credit is allowed; or

(2) Up to fifty percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, seventy-five percent of the business income tax otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or in the case of an insurance

company, the tax on the direct premiums, as defined in chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916 if the business operates no other facilities in Missouri. In the case of an existing business facility operating more than one facility in Missouri, the credit allowed in subsection 1 of this section shall offset up to the greater of the portion prescribed in subdivision (1) of this subsection or twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the business' tax, except that no taxpayer operating more than one facility in Missouri shall be allowed to offset more than twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the taxpayer's business income tax in any tax period under the method prescribed in this subdivision. Such credit shall be an amount equal to the sum of one hundred dollars or, in the case of an economic development project located within a distressed community as defined in section 135.530, one hundred fifty dollars for each new business facility employee plus one hundred dollars or, in the case of an economic development project located within a distressed community as defined in section 135.530, one hundred fifty dollars for each one hundred thousand dollars, or major fraction thereof (which shall be deemed to be fifty-one percent or more) in new business facility investment. For the purpose of this section, tax credits earned by a taxpayer, who establishes a new business facility because it satisfies the requirements of paragraph (c) of subdivision (5) of section 135.100, shall offset the greater of the portion prescribed in subdivision (1) of this subsection or up to fifty percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, seventy-five percent of the business' tax provided the business operates no other facilities in Missouri. 3. For tax periods beginning after August 28, 1991, in the case of a taxpayer not operating an existing business facility, the credit allowed by subsection 1 of this section shall offset the greater of:

(1) Some portion of the income tax otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or in the case of an insurance company, the tax on the direct premiums, as defined in chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916 with respect to such taxpayer's new business facility income for the taxable year for which such credit is allowed; or

(2) Up to one hundred percent of the business income tax otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or in the case of an insurance company, the tax on the direct premiums, as defined in chapter 148, and in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916 if the business has no other facilities operating in Missouri. In the case of a taxpayer not operating an existing business and operating more than one facility in Missouri, the credit allowed by subsection 1 of this section shall offset up to the greater of the portion prescribed in subdivision (1) of this subsection or twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the business' tax, except that no taxpayer operating more than one facility in Missouri shall be allowed to offset more than twenty-five percent or, in the case of an economic development project located within a distressed community as defined in section 135.530, thirty-five percent of the taxpayer's business income tax in any tax period under the method prescribed in this subdivision. Such credit shall be an amount equal to the sum of seventy-five dollars or, in the case of an economic development project located within a distressed community as defined in section 135.530, one hundred twenty-five dollars for each new business facility employee plus seventy-five dollars or, in the case of an economic development project located within a distressed community as defined in section 135.530, one hundred twenty-five dollars for each one hundred thousand dollars, or major fraction thereof (which shall be deemed to be fifty-one percent or more) in new business facility investment.

4. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of

each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility because it qualifies as a separate facility pursuant to subsection 6 of this section, and, in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision (5) of section 135.100, or subdivision (11) of section 135.100, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation or the establishment of a new facility.

5. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility because it qualifies as a separate facility pursuant to subsection 6 of this section, and, in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision (5) of section 135.100 or subdivision (11) of section 135.100, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision (8) of section 135.100 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition. Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation or the establishment of a new facility.

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered a separate facility eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds one hundred thousand dollars, or, if less, one hundred percent of the investment in the original facility prior to expansion and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, except that the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which the credit is claimed equals or exceeds twenty-five if an office as defined in subdivision (9) of section 135.100 is established by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (12) of section 135.100 and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion, except that the total number of employees at the facility after the expansion is at least greater than the number of employees before the expansion by twenty-five, if an office as defined in subdivision (9) of section 135.100 is established by a revenue-producing enterprise other than a revenue-producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (12) of section 135.100; and

(2) The expansion otherwise constitutes a new business facility. The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision (8) of section 135.100.

7. No credit shall be allowed pursuant to this section to a public utility, as such term is defined in section 386.020. Notwithstanding any provision of this subsection to the contrary, motor carriers, barge lines or railroads engaged in transporting property for hire, or any interexchange telecommunications company or local exchange telecommunications company that establishes a new business facility shall be eligible to qualify for credits allowed in this section.

8. For the purposes of the credit described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, this credit shall be allowed to the following:

(1) The shareholders of the corporation described in section 143.471;

(2) The partners of the partnership. This credit shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

9. Notwithstanding any provision of law to the contrary, any employee-owned engineering firm classified as SIC 8711, architectural firm as classified SIC 8712, or accounting firm classified SIC 8721 establishing a new business facility because it qualifies as a headquarters as defined in subsection 10 of this section, shall be allowed the credits described in subsection 11 of this section under the same terms and conditions prescribed in sections 135.100 to 135.150; provided:

(1) Such facility maintains an average of at least five hundred new business facility employees as defined in subdivision (6) of section 135.100 during the taxpayer's tax period in which such credits are being claimed; and

(2) Such facility maintains an average of at least twenty million dollars in new business facility investment as defined in subdivision (8) of section 135.100 during the taxpayer's tax period in which such credits are being claimed.

10. For the purpose of the credits allowed in subsection 9 of this section:

(1) "Employee-owned" means the business employees own directly or indirectly, including through an employee stock ownership plan or trust at least:

(a) Seventy-five percent of the total business stock, if the taxpayer is a corporation described in section 143.441; or

(b) One hundred percent of the interest in the business if the taxpayer is a corporation described in section 143.471, a partnership, or a limited liability company; and

(2) "Headquarters" means:

11. The tax credits allowed in subsection 9 of this section shall be the greater of:

(1) Four hundred dollars for each new business facility employee as computed in subsection 4 of this section and four percent of new business facility investment as computed in subsection 5 of this section; or

(2) Five hundred dollars for each new business facility employee as computed in subsection 4 of this section, and five hundred dollars of each one hundred thousand dollars of new business facility investment as computed in subsection 5 of this section.

12. For the purpose of the credit described in subsection 9 of this section, in the case of a small corporation described in section 143.471, or a partnership, or a limited liability company, the credits allowed in subsection 9 of this section shall be apportioned in proportion to the share of ownership of each shareholder, partner or stockholder on the last day of the taxpayer's tax period for which such credits are being claimed.

13. For the purpose of the credit described in subsection 9 of this section, tax credits earned, to the extent such credits exceed the taxpayer's Missouri tax on taxable business income, shall constitute an overpayment of taxes and in such case, be refunded to the taxpayer provided such refunds are used by the taxpayer to purchase specified facility items. For the purpose of the refund as authorized in this subsection, "specified facility items" means equipment, computers, computer software, copiers, tenant finishing, furniture and fixtures installed and in use at the new business facility during the taxpayer's taxable year. The taxpayer shall perfect such refund by attesting in writing to the director, subject to the penalties of perjury, the requirements prescribed in this subsection have been met and submitting any other information the director may require.

14. Notwithstanding any provision of law to the contrary, any taxpayer may sell, assign, exchange, convey or otherwise transfer tax credits allowed in subsection 9 of this section under the terms and conditions prescribed in subdivisions (1) and (2) of this subsection. Such taxpayer, referred to as the assignor for the purpose of this subsection, may sell, assign, exchange or otherwise transfer earned tax credits:

(1) For no less than seventy-five percent of the par value of such credits; and

(2) In an amount not to exceed one hundred percent of such earned credits. The taxpayer acquiring the earned credits referred to as the assignee for the purpose of this subsection may use the acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.261, or chapter 148, or in the case of an insurance company exempt from the thirty percent employee requirement of section 135.230, against any obligation imposed pursuant to section 375.916. Unused credits in the hands of the assignee may be carried forward for up to five tax periods, provided all such credits shall be claimed within ten tax periods following the tax period in which commencement of commercial operations occurred at the new business facility. The assignor shall enter into a written agreement with the assignee establishing the terms and conditions of the agreement and shall perfect such transfer by notifying the director in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the director to administer and carry out the provisions of this subsection. Notwithstanding any other provision of law to the contrary, the amount received by the assignor of such tax credit shall be taxable as income of the assignor, and the difference between the amount paid by the assignee and the par value of the credits shall be taxable as income of the assignee.

135.155. 1. Notwithstanding any provision of the law to the contrary, no revenue-producing enterprise other than headquarters as defined in subsection 10 of section 135.110 shall receive the incentives set forth in sections 135.100 to 135.150 for facilities commencing operations on or after January 1, 2005. No headquarters shall

receive the incentives set forth in subsections 9 to 14 of section 135.110 for facilities commencing or expanding operations on or after January 1, ~~[2025]~~ **2031**.

Notwithstanding subsection 9 of section 135.110 to the contrary, expansions at headquarters facilities shall each be considered a separate new business facility and each be entitled to the credits as set forth in subsections 9 to 14 of section 135.110 if the number of new business facility employees attributed to each such expansion is at least twenty-five and the amount of new business facility investment attributed to each such expansion is at least one million dollars. In any year in which a new business facility is not created, the jobs and investment for that year shall be included in calculating the credits for the most recent new business facility and not an earlier created new business facility.

Further amend the title and enacting clause accordingly.

“620.1620. 1. This section shall be known and may be cited as the "Meet in Missouri Act".

2. As used in this section, the following terms shall mean:

(1) "Director", the director of the department of economic development;

(2) "Eligible commission", any regional convention and visitors commission created under section 67.601; any body designated by the division of tourism official destination marketing organization for a Missouri county which is designated as the single representative organization for the county to solicit and service tourism;

(3) "Eligible major convention event costs", all operational costs of the venue of a major convention event including, but not limited to, costs related to the following: security, venue utilities, cleaning, production of the event, installation and dismantling, facility rental charges, personnel, construction to prepare the venue, and other temporary facility construction;

(4) "Fund", the major economic convention event in Missouri fund established in this section;

(5) "Grant", an amount of money equal to the total amount of eligible major convention event costs listed in an approved major convention plan to be disbursed at the requested date from the fund to an eligible commission by the state treasurer at the direction of the director which shall not exceed the amount of estimated total sales taxes to be received by the state generated by sleeping rooms paid by guests of hotels and motels reasonably believed to be occupied due to the major convention event;

(6) "Major convention event", any convention if more than fifty percent of attendees travel to the convention from outside of Missouri and require overnight hotel accommodations;

(7) "Major convention plan", a written plan for the administration of a major convention event, containing such information as shall be requested by the director to establish that the event covered by the application is a major convention event including, but not limited to, the start and end dates of the major convention event, an identification of the organization planning the event, the location of the event, projected total and out-of-state attendance, projected contracted and actual hotel room nights, projected costs and revenues anticipated to be received by the eligible commission in connection with the event, the eligible major convention event costs, and evidence of satisfaction of the conditions of subsection 5 of this section.

3. (1) There is hereby created in the state treasury the "Major Economic Convention Event in Missouri Fund", which shall consist of moneys appropriated from the general revenue fund as prescribed in subsection 6 of this section and any gifts, contributions, grants, or bequests received from federal, private, or other sources. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely for the administration of this section.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. For major convention plans which have complied with subsection 5 of this section, in addition to funds otherwise made available under Missouri law, a grant shall be paid from the fund by the department of economic development to the eligible commission at the requested date. Any transfer of a grant from the fund to the treasurer or other designated financial officer of an eligible commission with an approved major convention plan shall be deposited in a separate, segregated account of such commission. The eligible commission shall agree to hold such funds until the major convention event has occurred and not disburse the funds until such time as the report in subsection 7 has been submitted.

5. The director shall not disburse a grant until the director or his or her designee has approved a written major convention plan submitted to the department of economic development by an eligible commission requesting a grant. The director or his or her designee shall not approve any submitted major convention plan unless he or she finds that the following conditions have been met:

- (1) The applicant submitting the major convention plan is an eligible commission;
- (2) The projected start and end dates of the planned major convention event and the requested date of disbursement of the grant are no later than five years from the date of the application; and
- (3) There is sufficient evidence that:
 - (a) The event shall qualify as a major convention event under this section including, but not limited to, evidence of the actual number of contracted advance hotel reservations or projected out-of-state attendance numbers and actual hotel room usage from comparable past events;
 - (b) A request for proposal or similar documentation demonstrates the applicant eligible commission is competing for the event against non-Missouri cities;
 - (c) Without the grant, the major convention event would not be reasonably anticipated to occur in Missouri; and
 - (d) The positive net fiscal impact to general revenue of the state through any and all taxes attributable to the major convention event exceeds the amount of the major convention grant.

In reviewing such evidence, the director shall take into account any expenditures by an attendee for sleeping rooms paid by guests of the hotels and motels typically constitutes less than fifty percent of the expenditures by such attendees at a major convention event.

6. (1) Upon verification that the major convention plan complies with the terms of subsection 5 of this section, the director or his or her designee shall issue a certificate of approval to the eligible commission stating the date on which such grant shall be disbursed and the total amount of the grant, which shall be equal to the eligible major convention event costs listed in the approved major convention plan. The amount of any grant shall not exceed more than fifty percent of the cost of hosting the major convention event, positive net fiscal impact to general revenue, or one million dollars, whichever is less.

(2) All approved grants scheduled for disbursement each year shall be disbursed from the general revenue fund subject to appropriation by the general assembly. Any such appropriation shall not exceed three million dollars in any year.

(3) Upon such annual appropriation and transfer into the fund from the general revenue fund, the director shall disburse all grants pursuant to certificates of approval.

7. (1) Within one hundred eighty days of the conclusion of any major convention event for which a grant was disbursed under this section, the eligible commission that received such grant shall provide a written report to the director detailing the final amount of eligible major convention event costs incurred and actual attendance figures which certify compliance with this section. If the final amount of total eligible major convention event costs is less than the amount of the grant disbursed to the eligible commission under an approved major convention plan, such commission shall refund to the state treasurer the excess greater than fifty percent of the actual cost for deposit into the fund.

(2) An eligible commission shall refund the following amounts to the state treasurer based on the actual attendance figures in relation to the projected total attendance for the event as provided in the major convention plan:

(a) If the actual attendance figure is less than twenty-five percent of the projected total attendance, the commission shall refund an amount equal to the full amount of the grant;

(b) If the actual attendance figure is equal to or less than eighty-five percent and greater than or equal to twenty-five percent of the projected total attendance, the commission shall keep a portion of the grant received under this section equal to the proportion of the actual attendance figure to the projected attendance figure rounded to the nearest dollar and refund the remaining amount;

(c) If the actual attendance figure is greater than eighty-five percent of the projected total attendance, the commission shall keep the entire grant amount received under this section unless otherwise provided by this section.

(3) The provisions of this subdivision shall not apply where attendance at the convention is adversely affected by a man-made disaster including, but not limited to, an uprising or other civil unrest or where attendance at the convention is adversely affected by a substantial inclement weather-related event.

8. Any amounts that are refunded from a grant under this section shall be returned to the major economic convention event in Missouri fund to be used for future grants.

9. In accordance with the provisions of sections 23.250 to 23.298 and unless otherwise authorized pursuant to section 23.253:

(1) The program authorized under the provisions of this section shall automatically sunset six years after August 28, ~~[2016]~~ 2022; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.”; and

Further amend the title and enacting clause accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 101st GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, MONDAY, APRIL 25, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Representative John Black.

Excerpt from Dr. William B. Lampe's invocation to the Iron Curtain lecture given by Sir Winston Churchill, at Westminster College, March 5, 1946.

Let us pray. Almighty God, Our Savior, we bow before Thee in grateful appreciation of Thy loving kindness and tender mercies. We thank Thee for Thy favor upon the nations whose leaders are meeting here today. We thank Thee for our Christian heritage, for the common ideals of liberty and justice that have bound the people of these nations together through many years and for victory in the war fought to defend and preserve these ideals...

We pray that wisdom may be given to the President of the United States, and to all who are in positions of leadership and authority. May they be delivered from pride of spirit, narrowness of mind and selfishness of purpose. May they realize that the freedom humanity seeks can be found only in the truth, so that they may be willing to learn from and to follow Thy Son who has revealed Thy truth.

All this we ask through Jesus Christ, our Lord. Amen.

Dr. William B. Lampe, *Westminster College Bulletin: The Invocation* (Fulton, Missouri: Westminster College, April, 1946).

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Anna Sampson.

The Journal of the fifty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 101st GENERAL ASSEMBLY

FIFTY-NINTH DAY, TUESDAY, APRIL 26, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Teach me to do Thy will; for Thou art my God: Thy spirit is good; lead me into the land of uprightness.
(Psalm 143:10)

Almighty and Eternal God, we thank You for the obvious evidences of spring, for the beauty which surrounds us, for the glory which shines above us, and for the love which from our birth over and around us lies. Lord of all, to You we raise this our prayer of grateful praise.

Let us not set out on any endeavor this day which is not in accord with Your will for us, for our state, and for our citizens. Take us by the hand and lead us, illumine our minds and direct our thinking, strengthen our spirits and give us the courage of creative convictions that our thoughts, our words, and our actions may be worthy of Your blessings.

Bless our Governor, our Lt. Governor, our Speaker, these Representatives of our people, and all who work under the dome of this beloved capitol. God bless us and help us to continue to labor earnestly and enthusiastically for the welfare of our state and the well-being of all Missourians.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Madeline Dwyer, Ellie Wilhelm, Lauren Strada, Jett Page, Claire Page, Brock Page, and Dylan Ingle.

The Journal of the fifty-eighth day was approved as printed by the following vote:

"43.503. 1. For the purpose of maintaining complete and accurate criminal history record information, all police officers of this state, the clerk of each court, the department of corrections, the sheriff of each county, the chief law enforcement official of a city not within a county and the prosecuting attorney of each county or the circuit attorney of a city not within a county shall submit certain criminal arrest, charge, and disposition information to the central repository for filing without undue delay in the form and manner required by sections 43.500 to 43.651.

2. All law enforcement agencies making misdemeanor and felony arrests as determined by section 43.506 shall furnish without undue delay, to the central repository, fingerprints, photograph, and if available, any other unique biometric identification collected, charges, appropriate charge codes, and descriptions of all persons who are arrested for such offenses on standard fingerprint forms supplied or approved by the highway patrol or electronically in a format and manner approved by the highway patrol and in compliance with the standards set by the Federal Bureau of Investigation in its Automated Fingerprint Identification System or its successor program. All such agencies shall also notify the central repository of all decisions not to refer such arrests for prosecution. An agency making such arrests may enter into arrangements with other law enforcement agencies for the purpose of furnishing without undue delay such fingerprints, photograph, and if available, any other unique biometric identification collected, charges, appropriate charge codes, and descriptions to the central repository upon its behalf.

3. In instances where an individual less than ~~seventeen~~ **eighteen** years of age and not currently certified as an adult is taken into custody for an offense which would be a felony if committed by an adult, the arresting officer shall take fingerprints for the central repository. These fingerprints shall be taken on fingerprint cards supplied by or approved by the highway patrol or transmitted electronically in a format and manner approved by the highway patrol and in compliance with the standards set by the Federal Bureau of Investigation in its Automated Fingerprint Identification System or its successor program. The fingerprint cards shall be so constructed that the name of the juvenile should not be made available to the central repository. The individual's name and the unique number associated with the fingerprints and other pertinent information shall be provided to the court of jurisdiction by the agency taking the juvenile into custody. The juvenile's fingerprints and other information shall be forwarded to the central repository and the courts without undue delay. The fingerprint information from the card shall be captured and stored in the automated fingerprint identification system operated by the central repository. In the event the fingerprints are found to match other tenprints or unsolved latent prints, the central repository shall notify the submitting agency who shall notify the court of jurisdiction as per local agreement. Under section 211.031, in instances where a juvenile over fifteen and one-half years of age is alleged to have violated a state or municipal traffic ordinance or regulation, which does not constitute a felony, and the juvenile court does not have jurisdiction, the juvenile shall not be fingerprinted unless certified as an adult.

4. Upon certification of the individual as an adult, the certifying court shall order a law enforcement agency to immediately fingerprint and photograph the individual and certification papers will be forwarded to the appropriate law enforcement agency with the order for fingerprinting. The law enforcement agency shall submit such fingerprints, photograph, and certification papers to the central repository within fifteen days and shall furnish the offense cycle number associated with the fingerprints to the prosecuting attorney or the circuit attorney of a city not within a county and to the clerk of the court ordering the subject fingerprinted. If the juvenile is acquitted of the crime and is no longer certified as an adult, the prosecuting attorney shall notify within fifteen days the central repository of the change of status of the juvenile. Records of a child who has been fingerprinted and photographed after being taken into custody shall be closed records as provided under section 610.100 if a petition has not been filed within thirty days of the date that the child was taken into custody; and if a petition for the child has not been filed within one year of the date the child was taken into custody, any records relating to the child concerning the alleged offense may be expunged under the procedures in sections 610.122 to 610.126.

5. The prosecuting attorney of each county or the circuit attorney of a city not within a county or the municipal prosecuting attorney shall notify the central repository on standard forms supplied by the highway patrol or in a manner approved by the highway patrol of his or her decision to not file a criminal charge on any charge referred to such prosecuting attorney or circuit attorney for criminal charges. All records forwarded to the central

repository and the courts by prosecutors or circuit attorneys as required by sections 43.500 to 43.530 shall include the state offense cycle number of the offense, the charge code for the offense, and the originating agency identifier number of the reporting prosecutor, using such numbers as assigned by the highway patrol.

6. The clerk of the courts of each county or city not within a county or municipal court clerk shall furnish the central repository, on standard forms supplied by the highway patrol or in a manner approved by the highway patrol, with a record of all charges filed, including all those added subsequent to the filing of a criminal court case, amended charges, and all final dispositions of cases for which the central repository has a record of an arrest or a record of fingerprints reported pursuant to sections 43.500 to 43.506. Such information shall include, for each charge:

(2) Court orders filed with the clerk of the courts which reverse a reported conviction or vacate or modify a sentence;

(3) Judgments terminating or revoking a sentence to probation, supervision or conditional release and any resentencing after such revocation; and

(4) The offense cycle number of the offense, and the originating agency identifier number of the sentencing court, using such numbers as assigned by the highway patrol.

7. The clerk of the courts of each county or city not within a county shall furnish, to the department of corrections or department of mental health, court judgment and sentence documents and the state offense cycle number and the charge code of the offense which resulted in the commitment or assignment of an offender to the jurisdiction of the department of corrections or the department of mental health if the person is committed pursuant to chapter 552. This information shall be reported to the department of corrections or the department of mental health at the time of commitment or assignment. If the offender was already in the custody of the department of corrections or the department of mental health at the time of such subsequent conviction, the clerk shall furnish notice of such subsequent conviction to the appropriate department by certified mail, return receipt requested, or in a manner and format mutually agreed to, within fifteen days of such disposition.

8. Information and fingerprints, photograph and if available, any other unique biometric identification collected, forwarded to the central repository, normally obtained from a person at the time of the arrest, may be obtained at any time the subject is in the criminal justice system or committed to the department of mental health. A law enforcement agency or the department of corrections may fingerprint, photograph, and capture any other unique biometric identification of the person unless collecting other unique biometric identification of the person is not financially feasible for the law enforcement agency, and obtain the necessary information at any time the subject is in custody. If at the time of any court appearance, the defendant has not been fingerprinted and photographed for an offense in which a fingerprint and photograph is required by statute to be collected, maintained, or disseminated by the central repository, the court shall order a law enforcement agency or court marshal to fingerprint and photograph immediately the defendant. The order for fingerprints shall contain the offense, charge code, date of offense, and any other information necessary to complete the fingerprint card. The law enforcement agency or court marshal shall submit such fingerprints, photograph, and if available, any other unique biometric identification collected, to the central repository without undue delay and within thirty days and shall furnish the offense cycle number associated with the fingerprints to the prosecuting attorney or the circuit attorney of a city not within a county and to the court clerk of the court ordering the subject fingerprinted.

9. The department of corrections and the department of mental health shall furnish the central repository with all information concerning the receipt, escape, execution, death, release, pardon, parole, commutation of sentence, granting of executive clemency, legal name change, or discharge of an individual who has been sentenced to that department's custody for any offenses which are mandated by law to be collected, maintained or disseminated by the central repository. All records forwarded to the central repository by the department as required by sections 43.500 to 43.651 shall include the offense cycle number of the offense, and the originating agency identifier number of the department using such numbers as assigned by the highway patrol.

210.004. All law enforcement agencies shall maintain a confidential record of the date and time a child less than ~~seventeen~~ **eighteen** years of age is taken into custody for any reason and the date and time such child is released from custody."; and

Further amend said bill, Page 4, Section 210.201, Line 36, by inserting after all of said section and line the following:

"210.278. Neighborhood youth development programs shall be exempt from the child care licensing provisions under this chapter so long as the program meets the following requirements:

(1) The program is affiliated and in good standing with a national congressionally chartered organization's standards under Title 36, Public Law 105-225;

(2) The program provides activities designed for recreational, educational, and character building purposes for children six to ~~seventeen~~ **eighteen** years of age;

(3) The governing body of the program adopts standards for care that at a minimum include staff ratios, staff training, health and safety standards, and mechanisms for assessing and enforcing the program's compliance with the standards;

(4) The program does not collect compensation for its services except for one-time annual membership dues not to exceed fifty dollars per year or program service fees for special activities such as field trips or sports leagues, except for current exemptions as written in section 210.211;

(5) The program informs each parent that the operation of the program is not regulated by licensing requirements;

(6) The program provides a process to receive and resolve parental complaints; and

(7) The program conducts national criminal background checks for all employees and volunteers who work with children, as well as screening under the family care safety registry as provided in sections 210.900 to 210.936."; and

Further amend said bill, Page 8, Section 210.795, Line 6, by inserting after all of said section and line the following:

"217.343. Offenders who are younger than ~~seventeen~~ **eighteen** years of age and have been adjudicated as an adult shall be emancipated for the purpose of decision making and participation in all department programs and services, including but not limited to medical care, mental health care, treatment programs, educational programs, work assignments, and rehabilitative programs.

217.690. 1. All releases or paroles shall issue upon order of the parole board, duly adopted.

2. Before ordering the parole of any offender, the parole board shall conduct a validated risk and needs assessment and evaluate the case under the rules governing parole that are promulgated by the parole board. The parole board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him or her, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the parole board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the parole board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. The division of probation and parole shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to sanctioning offenders and with respect to establishing, waiving, collecting, and using fees.

4. The parole board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

6. Any offender sentenced to a term of imprisonment amounting to fifteen years or more or multiple terms of imprisonment that, taken together, amount to fifteen or more years who was under eighteen years of age at the time of the commission of the offense or offenses may be eligible for parole after serving fifteen years of incarceration, regardless of whether the case is final for the purposes of appeal, and may be eligible for reconsideration hearings in accordance with regulations promulgated by the parole board.

7. The provisions of subsection 6 of this section shall not apply to an offender found guilty of murder in the first degree or capital murder who was under eighteen years of age when the offender committed the offense or offenses who may be found ineligible for parole or whose parole eligibility may be controlled by section 558.047 or 565.033.

8. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

9. A victim who has requested an opportunity to be heard shall receive notice that the parole board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

10. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a parole board member at the parole board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The parole board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of ~~seventeen~~ **eighteen** and twenty-one, as it impacts the safety of the community.

11. The parole board shall notify any person of the results of a parole eligibility hearing if the person indicates to the parole board a desire to be notified.

12. The parole board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

13. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The parole board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. Parole board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

14. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

15. Beginning January 1, 2001, the parole board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the parole board is satisfied that the offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the parole board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

16.
